

END OF WATCH

Gumm

Right: Mayor Carol Dodge, with Adams County Sheriff Mike McIntosh, proclaimed Feb. 12 as Adams County Deputy Heath Gumm Day in Northglenn, in honor of Gumm, Douglas County Deputy Zackari Parrish and El Paso County Deputy Micah Flick. All three were killed in the line of duty – Parrish on Dec. 31, 2017, Gumm on Jan. 24 and Flick on Feb. 5. The Police Department honored Gumm by participating in the motorcade that traveled from 104th Avenue and Interstate 25 north to Highway 7 and then west to Lafayette. Officers also wore thin-blue-line shrouds across their badges in memoriam. The city sends its thoughts and condolences to the all the law enforcement agencies, friends and family affected by these tragedies. Top right: Bystanders, police and members of the North Metro Fire Rescue District pay their respects as the motorcade travels along I-25.

"I encourage all residents to take time out of their day to show law enforcement officers and their families how much we value their service to our cities, counties and state."

New Grocer in Huron Center

► Save-A-Lot to Open by Early Fall

Save-A-Lot has leased 21,773 square feet in the Huron Center, located at 104th Avenue and Huron Street, and will begin construction soon. They plan to open the new grocery store in Northglenn by early fall.

The \$10 million Huron Center revitalization project began last summer, and Save-A-Lot will be the third new national tenant attracted to the center.

"Evergreen is thrilled to be partnering with Save-A-Lot, AutoZone and Arby's in our redevelopment of the Huron Center," said Tyler Carlson, managing principal of Evergreen Development. "All three are best-in-class operators in their respective businesses and positioned to be successful in our ever-changing retail and restaurant environment. With their tenancy, the Huron Center is positioned for enduring success that will significantly benefit the City of Northglenn."

Northglenn Urban Renewal Authority Chair Rosie Garner said, "I'm happy our vision for revitalizing the center is becoming a reality. Working with Evergreen has been a pleasure."

Save-A-Lot will be Northglenn's fourth grocery store and the only one in the city west of Interstate 25. The building will be completely renovated.

"Of any grocery store concept, they're the ones that will still be thriving in 20 years," said Carlson. "Save-A-Lot thrives

"We try to go one step further by working with customers to build healthier families and communities."

in recessions and expansions. They have done consistently well every single cycle because they are good operators."

All the Colorado Save-A-Lot locations are owned and operated by Leever Supermarkets, Inc., which is headquartered in Franktown. Leever Supermarkets, doing business as Save-A-Lot, started as a family-owned business in 1938. In 2012, Leever Supermarkets became a 100 percent employee-owned (ESOP) company with approximately 200 members. They now have 21 stores located in Colorado and Florida.

President John Leever said, "We try to go one step further by working with customers to build healthier families and communities. When you shop with us, you support our local employee owners. We are proud that Save-A-Lot will create 30 to 50 jobs in the neighborhood."

The Save-A-Lot stores offer fresh and healthy products with a large selection of fruits and vegetables, an on-site butcher, seafood department and bakery. The individual Save-A-Lot stores in Colorado and Florida work closely with their neighborhoods to meet the food desire of their customers.

"This is a dream lineup in the e-commerce world we live in, because this is the most Internet resilient tenant lineup you can come up with," said Carlson. "A grocery store who is catering to the most affordable price points that exist ... They are nimble and local and they tailor their food offerings to the local customer."

"AutoZone store is not just a store, it is a distribution model for them as a whole chain for the region and helps them fulfill specialty parts, even through the Internet," Carlson continued. "I love the fact that we are signing leases with two tenants that won't just be flashes in the pan, they are two users with business models that will succeed despite the Internet."

Grad Rates Rise for Local Schools

Courtesy Adams 12 Five Star Schools

Northglenn High School and Vantage Point High School continue to make strides in improving graduation rates. The Northglenn High School graduation rate for 2017 is 89.8 percent, up more than 20 percentage points from 2010. The Vantage Point High School graduation rate is 42.8 percent, which is up from 27.8 percent in 2015. In addition, for the first time since 2013, all district comprehensive high schools exceeded the state average.

The districtwide four-year on-time graduation rate for Adams 12 Five Star Schools continues to rise, reaching 84.4 percent for the Class of 2017 (not including charters). That's up more than 11 percentage points from 2010, making it the district's highest graduation rate since the state changed how the rate is calculated. The Five Star District surpassed the state average of 79 percent, as reported by the Colorado Department of Education, by more than 5 percentage points, the most it's been above the state since 2010.

"This continued increase in our four-year on-time graduation rate is a direct result of the hard work of our staff at all levels," Superintendent Chris Gdowski said. "Our high school staff may take the students to the finish line, but that wouldn't be possible without the foundation that is built at the elementary and middle school levels."

WINTER GROWING SEASON

Four 18-to-25-foot steel and acrylic sculptures were installed in February at the Webster Lake Promenade.

Created by CJ Rench Design Studio of Oregon, the designs were picked over 97 other submissions, and represent native grasses of Colorado.

Additional lighting, plaques and minor landscaping will be installed over the next few months.

Thanks to Hawkins Development, the Northglenn Arts & Humanities Foundation and the Northglenn Urban Renewal Foundation for helping fund the pieces.

Construction Projects

- Construction to stabilize **Grange Hall Creek at Larson Drive** continues. The space for Grange Hall Creek to flow under the road will increase, reducing the potential for flooding.

However, it will force that stretch of road to be closed midway through the project for a couple more months. The trail will remain open, with short detours around the work area. The entire project should be complete by late spring.

- The below-ground dugouts at **Rotary Park** have been demolished due to safety concerns. A new set of above-ground dugouts and benches are set to be installed by this spring.

- The playgrounds at **Village Greens I and II** are being replaced with new equipment that was selected by children who live in the neighborhood. Removal and replacement of the playground equipment began in mid-February and is anticipated to be done by early March.
