## Wastewater Upgrades on Tap

### ► Utility Increase to Pay for New Pumps, Sewer Pipeline

The city is beginning work to maintain and improve our aging wastewater system that takes sewage from the city to our wastewater treatment plant in Weld County. The project includes critical repairs and replacement of components that are over 30 years old. Planning and design for the project will begin in 2019, with construction slated to begin in late 2020, and an estimated completion in 2022.

#### Why is this Project Needed?

Updating the old infrastructure is nec-

essary to keep our sewer system running. The repairs will also reduce corrosive gases, which gives the infrastructure longer life while reducing odors in Northglenn and near the wastewater treatment plant.

#### What is Being Done?

One of our pump stations that collects wastewater and moves it through a pipe system will be replaced. The new, more efficient pumps will improve the capacity and efficiency of the sewer system. In addition, a portion of the

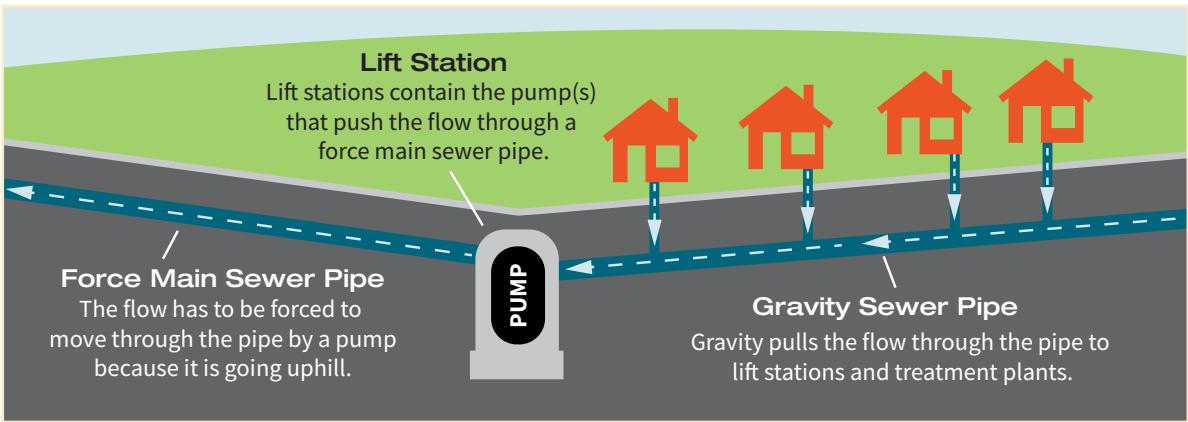

pipeline that moves wastewater from the city to the wastewater treatment plant will be replaced.

#### Cost/Funding

The estimated cost of the five-year project is \$28.5 million. A utility rate fee increase averaging 6 percent per year over five years is funding the project. It went into effect on Jan. 1, 2018.

Go to [northglenn.org/underground](http://northglenn.org/underground) for more details and updates about this wastewater project.

The city will be replacing a force main sewer pipe and lift station. This diagram shows how this infrastructure works together to get the wastewater from your home to the wastewater treatment plant.

Municipal Code Related to Marijuana Modified

CB-1914 – Council unanimously approved on second reading an ordinance that modifies Article 18-14 of the Municipal Code. Section 18-14-8(c) addresses the source of medical marijuana offered for sale and/or distribution by licensed centers. It is amended so the amount of medical marijuana offered for sale that must be grown at the business’ own facility drops from 70 percent to 50 percent immediately, and then to zero percent starting July 1, 2019. Section 18-14-26(c) is modified so a facility can sell more than two ounces of medical marijuana to an individual provided it has been recommended by the person’s physician. It is also now illegal to sell, give, dispense or distribute more than six immature plants to an individual, unless it has been recommended by that person’s physician. The proposed changes align with regulations adopted by the state.

Resolutions:

2019 Parks and Recreation Fee Schedule Approved

CR-110 – Council unanimously approved the 2019 Parks and Recreation User Fee Schedule. These are the fees that people pay for parks and recreation events, facilities, programs and activities, and are developed based on the cost to provide the service and how much surrounding cities charge for comparable items. The fees for 2019 are similar to 2018, with adjustments made for demand, cost, consistency and simplification. They were proposed by the Parks, Recreation and Cultural Services staff and recommended by the Parks and Recreation Advisory Board. They will go into effect on Jan. 1.

Sustainability Plan Approved

CR-111 – Council unanimously approved the final draft of the Northglenn Sustainability Plan, which works to make the city more livable, vibrant and environmentally sustainable. Plant from Howden Roots, LLC for an amount not to exceed \$74,519. These controllers are part of the aeration blower system, allowing the plant to better provide the necessary control range that is required by the biological nutrient removal process.

City Council Takes Position Against Amendment 74

CR-113 – Council unanimously passed a resolution that opposes Amendment 74 on the Nov. 6, 2018 ballot, and strongly urges voters to reject the measure. It would amend the state constitution to include just compensation for any government law or regulation deemed to reduce fair market value of private property.

Council Supports Adams 12 Mill Levy Increase

CR-114 – Council unanimously passed a resolution that supports Adams 12 Five Star Schools’ Ballot Issue 5C on the Nov. 6, 2018 ballot and urges voters to support the measure. # Recreation Projects Kicking Off

## ▶ Northwest Open Space, Kiwanis to Be Done by Summer

### Northwest Open Space

Phase I of the Northwest Open Space Improvements is under-way. This project includes an expanded south parking lot, a new restroom and concession building, trail replacement, shade shelters and improvements to the landscape, irrigation and drainage systems.

Construction is set to begin in early November and is expected to take approximately six months. Located south of West 112th Avenue, off of Ranch Drive, Northwest Open Space is home to a number of athletic fields, paths and a playground. The south parking lot will be closed during construction, but the north lots will still be open. Please excuse our mess during the construction as we work to complete these exciting improvements.

The city generously received \$2,040,000 in grant funding from Adams County Open Space for this project.

For more information, go to <https://northglennnwos.com>. Also, see the recaps for CR-119 and CR-121, listed below.

### Kiwanis Pool

Kiwanis Pool is about to get an exciting facelift. The bath house will be replaced and a splash pad will be added.

The demolition of the bath house takes place in November, and will be followed by construction of the new building and splash pad in the spring. The 2,586-square-foot pad will be located east of the existing baby pool and have play areas for children of all ages. It will feature a nature theme, including a 9-foot-tall frog and a garden of 12-foot-tall flowers. The pool and splash pad are anticipated to open for the 2019 season.

Originally built in 1955, this outdoor pool is located at 550 Garland Drive.

Thanks to Adams County Open Space, which gave \$800,000 for this project.

For more information, go to [www.kiwanissplashpad.com](http://www.kiwanissplashpad.com). Also, see recaps for CR-120, CR-121 and CR-122, listed below.

Questions or concerns about either of these projects can be addressed to Dana Kester at [dkester@northglenn.org](mailto:dkester@northglenn.org).

## SEAT OF HONOR

On Oct. 5, family, friends and city officials came together for the dedication of a memorial bench for the late **Jordan Perlmutter**. It is located in the Eleanor M. Wyatt/Centennial Park, across from the Northglenn Marketplace. Perlmutter built the Marketplace, and its predecessor, the Northglenn Mall. He also helped develop the original Perl-Mack homes back in 1959, which was the start of what eventually would become the City of Northglenn. In 2016, Perlmutter received the Legacy Award at the city's Business Appreciation Breakfast.

## Two City Companies in Pitch Competition

StartUp North, the first-ever Adams County business pitch competition, brings together the top entrepreneurial talent from Adams County to showcase some of our great small businesses and start-ups. After a three-step vetting process, the top three businesses are now invited to pitch their business ideas. All three companies that pitch will be able to walk away with cash prizes.

Northglenn is proud to have two of the top 10 finalists! Congratulations to the following:

- The Good Couch specializes in the refurbishment and sale of used couches, loveseats, sectionals and sets, offering a proprietary five-step restoration process to ensure every piece of furniture is exceptionally clean and in working condition.
- [M]otherboard believes that education, informed consent, and communication are vital to better birth outcomes. They help parents create beautiful, succinct "[M]otherboards:" a one page, graphics-based list of their birth preferences. [M]otherboard aims to be the missing link between parents who want to communicate and providers who want to give good care.

The community is welcome to attend the pitch competition on Thursday, Nov. 8, starting at 3 p.m. at the Brighton Armory Performing Arts Center, 300 Strong St. in Brighton. The event is free, but please register to be eligible for giveaways. The first 100 registered attendees will be entered into a drawing for giveaways and receive a complimentary promotional bag.

Go to [www.northglenn.org/startupnorth](http://www.northglenn.org/startupnorth) to register.

## SEEKING A HELPING HAND (AND SHOVEL!)

Congratulations to David Mura and his team at Fit Soldiers Fitness Revolution, who won the Snow Stormers Golden Shovel Award!

They took on a challenge from Northglenn's Healthy Eating Active Living (HEAL) Committee to get involved in giving back to the community by volunteering their time to shovel snow for Northglenn's elderly or disabled residents as an official Snow Stormer.

A special thank you to ALL the businesses that participated last year. We would like to challenge other businesses to participate in the Snow Stormers challenge program. You and your team can make a huge impact on residents in Northglenn that can really use a helping hand (or shovel).

For more information about how to participate, please contact Jenni Murphy at 303.450.8904 or [jmurphy@northglenn.org](mailto:jmurphy@northglenn.org).

# New High School Cafeteria Has Good "Taste"

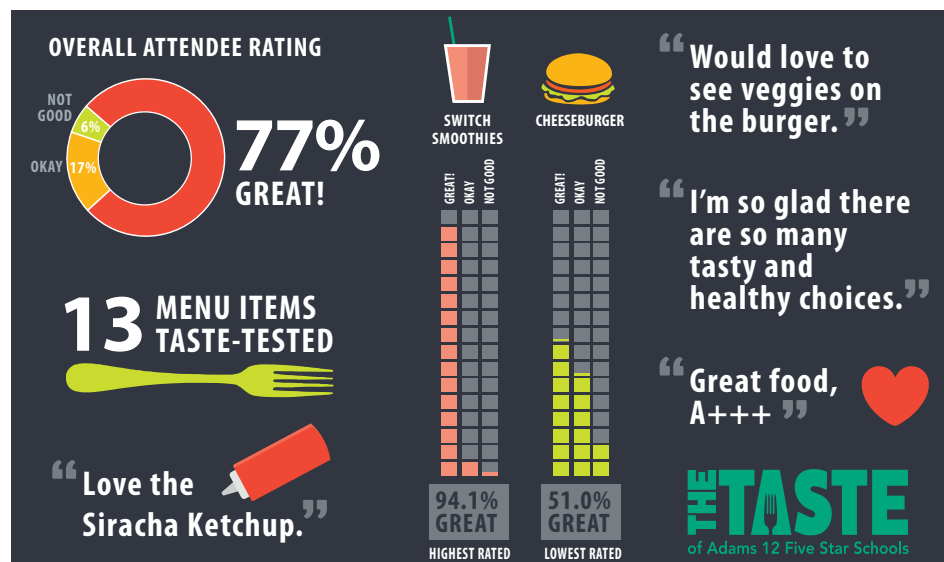

## ► Hosts Second Annual Adams 12 District Event

### Adams 12 Five Star Schools

The second annual Taste of Adams 12 Five Star Schools held Sept. 20 at Northglenn High School not only gave district families and community members a chance to sample school food options, but also dine in the school's recently-renovated cafeteria.

The kitchen and cafeteria underwent more than \$1 million in renovations last summer as part of a first phase of planned school renovations promised as part of the 2016 Bond Program.

The improvements, which not only

Some of the feedback from the more than 300 attendees of The Taste of Adams 12 Five Star Schools on Sept. 20 at Northglenn High School.

impacted the look of the cafeteria but also visioned collaborative planning process between Adams 12 Nutrition Services

and school administration to transition the school from a DECA-run program to the National School Lunch and Breakfast Programs.

“The new cafeteria has been a huge success,” said Nutrition Services Operations Manager Sarah Blaida. “Over the past few months, we have been able to provide more students with healthy meal options for breakfast and lunch regardless of their meal benefit status — we served 702 lunches, more than half free for students based on their qualifying meal benefits, on the highest day alone.”

This made the cafeteria the perfect spot to host the second annual Taste of Adams 12 Five Star Schools. More than 300 people attended. They taste-tested items, provided feedback on meals and learned more about offerings from Nutrition Services.

## Street Snow Removal Routes

The city focuses on clearing snow from roads that receive the most traffic before moving on to other streets. If a major storm is in the forecast, the city may pretreat major streets, overpasses, hills and intersections to prevent ice build up.

**First Priority:** Main streets. All lanes are plowed in each direction. Examples: 104th Avenue, 120th Avenue, Huron Street and Washington Street

**Second Priority:** School zones and streets motorists typically use to reach main streets. One lane is plowed in each direction. Examples: Claude Court, Fox Run Parkway and Pecos Street.

**Third Priority:** Residential streets that connect with first priority or second priority roads. One lane is plowed in each direction.

**Fourth Priority:** Residential streets with the lightest traffic. They are plowed only if snow levels reach 8 inches, and then a single lane will be plowed down the middle of the street.
