***GOOD NEIGHBOR
AWARD HONOREES***

Jim Falk

Nominated by Richard Kondo

“ Jim has been a great neighbor in looking after peoples' home when they are away on business travel. Additionally during the winter months, I have observed Jim shoveling sidewalks for neighbors who were unable to do so. Jim's selfless interest in others and vigilance in maintaining a safe community are impressive. For these reasons, I recommend Jim Falk for the good neighbor award.

Anthony and Jenifer Higgins

Nominated by Debra Durant

“

After my husband passed away, my great neighbors and friends, Anthony and Jenifer Higgins, have helped me tremendously. Jenifer checks on me every few days to see if I need anything. Anthony has taken it upon himself to mow my lawn once a week. They have helped with the difficult task of going through my husband's things. They have been a godsend to me. I appreciate all they have done for me through this difficult time and don't know how I can ever repay them.

George Klocker

Nominated by Pat and Michelle Castillo

“

George is a great guy! He's always willing to help anyone in the neighborhood whenever needed. He has helped fix a lot of things in our home, goes out of his way to check on us and make sure everything is okay. He is always working to make the neighborhood as safe as possible. He definitely meets the criteria for this award. 😊

Dean and Bev Lauer

Nominated by Elizabeth Taylor

“

Dean & Bev have always been there for my family since the day we moved in next door 6 years ago! In March when we went on vacation and the blizzard hit, they happened to be checking in on our dogs and also made sure our sidewalks were shoveled and ready for us when we got home! They also remember when my son's birthday is every year and make an effort to give him something special. They are the absolute best and I couldn't ask for better neighbors!

Kurt and Katie O'Donnell

Nominated by Debra Durant

NOVEMBER

“After my husband passed away in June my great neighbors and true friends, Kurt and Katie O'Donnell, have helped me with with so many things I can't keep track. They have helped with snow removal, shared garden harvests, helped put up deck shades, acquired tools that were hard to find and just generally being nice, give you the shirt off their back kind of friends and neighbors. I could not have survived this difficult time without them in my life.
