“

Denise lives in the Park Vista subdivision and is the daughter of our next door neighbor. During the winter, whether we are here or not, she arrives early and we hear the snowblower going. She clears her mother’s driveway and sidewalk and then clears our driveway and sidewalk. Then she goes to work! We are really appreciative of her efforts, especially when we are out of town. Our son drives over to try and clear our walks when we are away but often times Denise has beaten him to the punch.
