

Abe & Pauline Brito

Nominated by Diana Keslar

“

Abe and Pauline have helped our family since we moved to Northglenn in 2014. Abe is always shoveling our driveway and sidewalks whenever it snows. He brings our trashcans up from the curb as soon as they are picked up. Abe & Pauline are always concerned with our welfare. Calling us when I seem to be home and not working for more than 1 day. When I had surgery, Pauline voluntarily took me to the store when needed. Offered to take me to the hospital and bring me home if needed. Always offering to help with any projects we have around the yard. I know that if needed they would both be there for my husband and I. My husband, Roger has severe COPD and is not able to help much around the house and yard. But I know Abe and Pauline are here to help me.
