“

In March I had dental surgery. I prepared for it, buying soft foods, etc. What I didn't prepare for was infection and a pandemic. The dentists were closed and could only schedule a few emergencies per day. It was a miserable situation and I was running out of foods I could eat. To my surprise, Emily reached out to me and said she was going to the store and asked if I needed anything. Her thoughtfulness brought me to tears. She shopped for me several times until I got better. Emily's mother Janice let me know that if I needed anything to call her any time. I guess I would have figured something out, or I would have made it to the top of the dental emergency list, but it was such a relief to have Emily's and Janice's help during that time.
