“

Tina Kvitek, Jody Roper and their family, Brady and Emmy are neighbors everyone wants and needs. Shoveling snow, cutting up limbs broken from trees, trimming my hedge, taking trash to the curb and so many other things and rejecting any compensation although an occasional baked good is welcome. Tina is a marvelous handywoman and has done so many things it's hard to name them all from changing high lightbulbs to building steps off my patio. As a senior citizen i appreciate the fact they keep an eye on things happening at my house and are concerned if things are not as they should be. If anyone should be named a good neighbor it is the Kvitek/Roper family.
