

# Jeff & Shelley Smith

Nominated by Meghan Trammell

AUGUST  
2020

“

Jeff and Shelley Smith are the best neighbors that anyone could hope for. They constantly go above and beyond to help out our community. I always tell my family that I wouldn't have minded to pay more for my house because Jeff and Shelley are such great neighbors...but Shelley always laughs and says that they are glad that we didn't. Here is a list of just some of the wonderful things they have done for my family and for other neighbors on our community. Shoveling snow, pulling up trash cans from the curb, looking after mail when people are on vacations, looking after pets when people are on vacations, trimming trees, sharing fruits and veggies from their garden, doing dry wall home improvements, they give out the best candy to the kids on Halloween...the list could go on and on. We all hugely benefit from the kindness of these neighbors. I would love for them to know how special they are and how grateful we are to have them as neighbors.
