

GO FOR IT

Jumping, playing and in this case, diving in the mud was the name of the game for Mudapalooza 11. Dozens of teams filled up the mud volleyball courts on June 17 at Northwest Open Space. A portion of the proceeds from the tournament benefited A Precious Child. Thanks to everyone who attended. We'll see you at Mudapalooza 12 next year!

Emergency? Call 911

► Dial 303.288.1535 for Non Life-Threatening Issues

When Northglenn residents dial 911 their call is sent to the Adams County Communications Center (ADCOM), one of the largest and busiest emergency call centers in Colorado, receiving more than 453,000 calls in 2016.

Of those calls, 37 percent, or approximately 170,000, were for emergencies. The other 63 percent were non-emergency calls including residents seeking information, reporting a barking dog or loud music, locking their keys in their car or other non-emergent issues.

We will call thousands of households in the city, inviting residents to join this live event. But you can also join by simply calling 877.353.4701 on Aug. 3 around 6:30

- p.m. You will be automatically connected to our live Telephone Town Hall Meeting.
- Topics to be discussed include:
- Connect Northglenn, the bike/pedestrian mobility program
 - The Civic Center Master Plan
 - An extension of the 4.0 mill property tax for road reconstruction

- The possibility of a new recreation center/senior center/theater
- Your input is important in the planning and design of the potential center, one that will serve the city for generations to come.
- Questions on any subject affecting Northglenn residents are welcome! For more information about the Telephone Town Hall Meeting visit www.northglenn.org/townhall.

City's New Website Under Construction

► Take Our Online Survey or Attend Public Meeting to Provide Feedback

NEW WEBSITE COMMUNITY MEETING

Wed., July 19, 6 p.m., City Council Chambers, 11701 Community Center Drive

Help us create a new website that meets your needs. The city's current site, www.northglenn.org, has served the city well but it's time for an update.

Make your voice be heard, weigh in and provide feedback. There are two ways – take the online survey or attend the community meeting.

Think about what works for you on our current site and what doesn't. Can you find what you need? Are there features that you'd like to see included? Are there other websites you especially like? Tell us! Your input is valuable and will help us design a site that works for you.

The new site will be complete by the end of 2017.

Water, Water Everywhere..?

► Long Journey for Water to Arrive at Your Home

Water, water everywhere...we've heard that saying, but is it true?

It's not in Colorado! In spite of the recent rain and snow Northglenn is still enforcing the Waste of Water Ordinance, so please water your lawn in the morning or evening, use a shut off nozzle on your hose, and never let water run down the curb and into the storm drain.

But let's back up...where does our water come from?

For Northglenn, it starts with snow melt and rain in the Clear Creek watershed eventually flowing into Standley Lake, where our water is stored.

From there, water flows in a pipeline to the Water Treatment Facility on 112th Avenue, where it is cleaned and purified. Then the clean and great tasting water is ready for you to use for drinking, cooking, showering and laundry, all you need to do is turn on the faucet!

When the water you use goes down the

DID YOU KNOW?

- The Water Treatment Facility and Wastewater Plant operate 24 hours a day, 365 days a year.
- Average production of the Water Treatment Plant is about 4 million gallons of water per day.
- More than 70,000 tests are done on the water each year to ensure quality.
- The Wastewater Treatment Plant treats over 3 million gallons of water each day.
- About 35 percent of water is for outdoor use, making conservation important.
- It takes 10-12 inches of snow to create 1 inch of water.

FOG is the fats, oil, and grease that comes from food preparation and clean up.

NOT DOWN THE DRAIN

Over time, if FOG is poured down the sink it will accumulate and can cause problems in your plumbing system. Avoid property damage from

clogged drains and help protect the city's sewer lines. Pour FOG into a container and throw it into the trash, *not* down the drain.

drain, it is pumped to the city's Wastewater Treatment Plant in Weld County where it is cleaned and treated again and eventually sent to Big Dry Creek. It's a continual

process of obtaining water, getting it ready for you to use, and treating it again before it's returned to the earth.

Safe Lead Levels in Schools

► Tests on Water Fixtures

Over the last few months, Adams 12 School District has been sampling water fixtures in all of their schools to test for the presence of lead.

Samples were taken from drinking fountains, food prep sinks, or any other fixture where water could potentially be consumed.

Lead exposure can come from many sources, one of which being older plumbing fixtures. Rest assured, lead has never been found in the city's water source or water that is delivered to residents.

The district completed sampling at all 12 Northglenn schools, totaling over 700 samples. Any fixtures that tested over 15 parts per billion of lead (the Safe Drinking Water Act "action level") were removed or replaced.

So far, city schools have had 17 fixtures removed or replaced, and follow-up testing results on new fixtures are below the action level. Northglenn, Thornton and Westminster water quality staff worked with the district and have remained in close communication throughout the process.

In total, over 2,700 samples have been tested and 87 fixtures have been replaced. Thank you to Adams 12 for helping to ensure our children are healthy and safe!

Sample results are at www.adams12.org/leadtesting.

For more on lead, go to www.epa.gov/lead/protect-your-family-exposures-lead#water.

Huron Center Construction Project to Start in Summer

Plans are moving forward on the long-awaited Huron Center Redevelopment Project on 104th Avenue and Huron Street.

All plans for the former Albertsons/Rite Aid building have been approved by the city and other entities, and if all goes as expected, the new owner will be closing on the property in July.

The two new tenants that will locate in the former Albertsons/ Rite Aid building will announce their plans to move into the building after the closing on the property and all leases have been finalized. They both plan to open in early to mid-2018.

Arby's is still scheduled to open by mid-2018.

The Huron Center renovation

will start after the leases have been finalized and last about six months. This \$8 million project includes new landscaping, exterior upgrades and a renovated parking lot. This renovation will lead to new services and enhance the neighborhood.

Watch the Connection and website for updates on the redevelopment of the Huron Center.

More Parking, Pavilions for Northwest Open Space

After three open houses, one on-site meeting, and reaching out to sports leagues and nearby residents, the city has a final concept for the Northwest Open Space Project, as shown above.

We plan to add:

- Permanent restrooms and concessions
- Shaded pavilions

- Concrete trails to replace the asphalt
 - More parking
- Also, in order to address drainage concerns and allow flexibility for field orientation, some the of the hills near the sports fields on the west side of the park will be removed.

GRANT APPLICATION

Do you use Northwest Open Space frequently? Do you like the plans we have? We're seeking letters of support from

the public as we pursue grant funding from Great Outdoors Colorado and Adams County Open Space. Letters must be received by July 20 and can be sent to:
