RE: Tandem Axle and Single Axle Dump Body and Snow Plow Equipment Purchase

The Service Department previously requested City Council's approval to purchase One (1) Tandem Axle cab & chassis and One (1) Single Axle cab & chassis. City Council approved our request on December 1, 2020, through Ordinance No. 20-140. These cab & chassis' have been ordered and now we are requesting City Council's approval to purchase the dump body's and snow plow equipment.

I would like to note, the cost to outfit the single axle truck is higher because we need to purchase the V-Box / Salt Spreader. We will be using the V-Box / Salt Spreader that we currently have for the new tandem axle truck.

I am requesting approval for the purchase of the following through ODOT's Cooperative Purchasing Program.

- **One (1) Tandem Axle Dump Body and Snow Plow Equipment Package @ \$79,130.04**
- **One (1) Single Axle Dump Body and Snow Plow Equipment Package @ \$88,223.56**

RE: Tandem Axle and Single Axle Dump Body and Snow Plow Equipment Purchase

The Service Department previously requested City Council's approval to purchase One (1) Tandem Axle cab & chassis and One (1) Single Axle cab & chassis. City Council approved our request on December 1, 2020, through Ordinance No. 20-140. These cab & chassis' have been ordered and now we are requesting City Council's approval to purchase the dump body's and snow plow equipment.

I would like to note, the cost to outfit the single axle truck is higher because we need to purchase the V-Box / Salt Spreader. We will be using the V-Box / Salt Spreader that we currently have for the new tandem axle truck.

I am requesting approval for the purchase of the following through ODOT's Cooperative Purchasing Program.

- **One (1) Tandem Axle Dump Body and Snow Plow Equipment Package @ \$79,130.04**
- **One (1) Single Axle Dump Body and Snow Plow Equipment Package @ \$88,223.56**
