

**STORM WATER COMMITTEE MINUTES  
FEBRUARY 1, 2022**

The Storm Water Committee meeting was held on February 1, 2022 at North Royalton City Hall, 14600 State Road. The meeting was called to order at 6:46 p.m.

**PRESENT:** Committee Members: Chair Linda Barath, John Nickell, Mike Vos; Council: Paul Marnecheck, Dawn Carbone-McDonald, Joanne Krejci; Administration: Mayor Larry Antoskiewicz, City Engineer Justin Haselton, Law Director Tom Kelly, Service Director Nick Cinquepalmi, Wastewater Superintendent Mark Smith; **Other**: Jessica Fenos, Vincent Weimer, Tiffany Anzalone, Michael McDonald.

**APPROVAL OF MINUTES**

Approval of the January 4, 2022 Committee meeting minutes. Moved by Ms. Barath, seconded by Mr. Vos. Minutes were accepted.

**UNFINISHED BUSINESS**

**1. Storm Water/Infrastructure Maintenance Monthly Report**

Mr. Smith previously sent out the monthly report for January. There were no concerns at this time.

**2. Maintenance Projects**

Mr. Haselton mentioned the Pinestream Storm Sewer project, which is expected to begin mid-March and is on schedule. A letter was sent to the residents that would be affected last week.

Mr. Nickell asked about the area of Gregory Lane and Hawley Drive and the anticipated work there. Mr. Smith explained that they were expecting to start two weeks ago, however, the weather has delayed things. Once they begin, it should take roughly three weeks. He summarized that they are making more of a gentle turn in that area. They also went through and took out many roots in the pipe; on Hawley. Hopefully this would give some alleviation on that flow. Mayor Antoskiewicz pointed out that it never seems to happen unless there has been heavy rainfall. Mr. Nickell made Mr. Smith aware of some sediment build up in an area as well, in which he would look in to.

**3. Turnpike Mitigation**

Mr. Haselton indicated that we are working on that project and making some progress. He just received some information today from the previous engineering firm and things they had done, which will help progress things. Construction is not expected for a while, but will be ongoing.

**4. York Road Property**

Mr. Kelly advised that the eminent domain complaint will be filed tomorrow morning. Ms. Krejci asked if there would be a waiting period once it is filed. Mr. Kelly concurred; it takes a lot of time. This can take years, as many know from past experiences, he mentioned. However, with any luck we will be able to make something happen before the end of the year.

**6. Cleaning the Mains**

Mr. Smith explained this has been put on pause for the winter months and it is on hold; the larger mains. If we have any issues, however, we will go out for those.

**NEW BUSINESS**

There was none.

**ADJOURNMENT**

Moved by Ms. Barath, seconded by Mr. Nickell to **adjourn the February 1, 2022 meeting**. Yeas: 3; Nays: 0.  
**Motion carried. Meeting adjourned at 6:52 p.m.**
