

**STREETS COMMITTEE MINUTES
JUNE 6, 2023**

The Streets Committee meeting was held on June 6, 2023 at North Royalton City Hall, 14600 State Road. The meeting was called to order at 6:08 p.m.

PRESENT: Committee Members: Chair Joanne Krejci, Vice Chair Linda Barath, Paul Marnecheck; **Council:** John Nickell, Jeremy Dietrich, Mike Vos; **Administration:** Mayor Larry Antoskiewicz, Law Director Tom Kelly, Wastewater Superintendent Mark Smith, Service Director Nick Cinquepalmi, City Engineer Justin Haselton, Finance Director Jenny Esarey; **Other:** Joel Spatz.

APPROVAL OF MINUTES

Approval of May 2, 2023 Committee minutes. Moved by Ms. Krejci, seconded by Mr. Marnecheck. Votes: Yeas: 3. Nays: 0. **Motion carried.**

UNFINISHED BUSINESS

1. Updates on sidewalks and connections

Mr. Haselton advised that construction of the Bennett Road path project is still scheduled to begin mid-July and will be complete by September.

2. Service Department Report

See report.

3. 2023 Road Maintenance Program

Mr. Cinquepalmi reported that we have two contractors, in which the cement contractor wrapped things up in South Hampton today. We are waiting for the school year to end so that there are no buses. The last piece that we have is an approximate 200-foot strip at the entrance of Ridge Road.

Mayor Antoskiewicz mentioned that we are likely going to make that small section similar to what was done with Royal Valley. This should not take more than a week for the contractor. We will make it a one way going out so that anything that backs up does so into Southampton Drive, and not onto Ridge Road. We will let everyone know ahead of time; after school is out.

Mr. Cinquepalmi advised that the contractor would likely pull out of the area today and work on something else for a week or two until we are ready to have him return. Again, we are waiting for school to be let out for two projects; this one, as well as the one in the Camelot Estates area. Ms. Krejci could inform people it is something to be expected because she lives in the neighborhood. Mayor Antoskiewicz noted that this is the best and easiest way to do it. Ms. Krejci felt it would be best if we could let the homes know something in the beginning. She asked about the work being done, whether it is in the very front of that entrance. Mr. Cinquepalmi clarified it is right to the intersection, to Ridge Road. Mayor Antoskiewicz added that both basins need to be rebuilt. Mr. Cinquepalmi agreed. Once we know the schedule, we will put signs up one week prior at Ridge and Southampton and down by Buntingtree on York Road.

Mr. Cinquepalmi explained that Vista Drive would be the same as well. The asphalt, all of the concrete work, and basins have been repaired or fixed. Curbs and gutters were done from Wallings Road to Helen Drive; we will do the same there. The contractor would like to start on the June 19th, Monday. He will put letters out by this Friday or early Monday to give residents on that street notice. We will then post signs on Wallings and

Vista, and on Vista and Helen. He indicated there would always be one way traffic; that will also take about one week.

4. Sprague Road

Mr. Haselton indicated that the contractor has been making progress on the storm and sanitary sewers. The plan is to have the full width of Sprague Road constructed by the end of October. The remaining sidewalks, lawns, and seeding will be done in November and December. They plan to be done most likely by the end of the year.

Ms. Krejci asked whether it would be possible when those things are done, that the road would re-open; at the end of October. Mr. Haselton was uncertain. The road will be ready, but he was unsure. Mr. Nickell asked if they are still on track to do the 1000 feet on the Parma side. Mr. Haselton agreed; nothing has changed. Ms. Krejci questioned which side that the sidewalks would be on; on Sprague. Mayor Antoskiewicz clarified on both sides. Mr. Nickell noted that there would be sidewalks on both sides from W. 130th Street to York. He inquired if York Road was getting redone. Ms. Krejci concurred. Mr. Haselton indicated the resurfacing would be expected mid-July with completion in October.

NEW BUSINESS

1. Proposed legislation – Salt bid extension 2023-2024

Mr. Cinquepalmi explained that this was a price and given to us last year. They had lost a bid two years earlier, in which they came back last year with a great bid. They offered the 11-city consortium to keep the price the same, as long as we kept all of the quantities that we require the same. We have last year's price at \$52.46 roughly, which is really good. Ms. Krejci asked if we are required to buy a certain amount, and with last year being mild, whether we have any back stock. Mr. Cinquepalmi indicated this is only the second time; we typically put in for 7000 tons. He continued that we have to take it whether we use it or not; 80%. We could use 120%, from 5600 to 8400 tons; we have to take 5600 tons. Last year, we were only able to take 4600 tons. Normally, they would call and ask what we want done with the 1000 tons, however, they have extended to us that they will hold it for us at no charge until next season. This was part of the deal and they also kept the price the same as last year. We have some buying power with the 12 cities that are combined.

Ms. Krejci moved to recommend the proposed legislation Salt bid extension to Council for approval, seconded by Ms. Barath. Yeas: 3. Nays: 0. **Motion carried.**

ADJOURNMENT

Moved by Ms. Krejci, seconded by Ms. Barath to **adjourn the Streets Committee meeting of June 6, 2023.** Roll Call: Yeas: 3. Nays: 0. **Motion carried.**

Meeting adjourned at 6:20 p.m.

Service Department Monthly Report – May 2023

5/1/23 Monday

Excavate and tear out sections of concrete curb & gutters on Vista Dr.

Tear out and rebuild catch basins on Vista Dr.

Street Sweeping.

Cleaned up and removed debris from car accident on Royalton Rd at York Rd.
