

**STREETS COMMITTEE MINUTES**  
**SEPTEMBER 5, 2023**

The Streets Committee meeting was held on September 5, 2023 at North Royalton City Hall, 14600 State Road. The meeting was called to order at 8:21 p.m.

**PRESENT: Committee Members:** Chair Joanne Krejci, Vice Chair Linda Barath, Paul Marnecheck; **Council:** John Nickell, Jeremy Dietrich, Mike Vos, Heidi Webber; **Administration:** Mayor Larry Antoskiewicz, Law Director Tom Kelly, Wastewater Superintendent Mark Smith, Finance Director Jenny Esarey, Service Director Nick Cinquepalmi, City Engineer Justin Haselton; **Other:** Joel Spatz, Anthony Santangelo, Vincent Weimer, Jeff Hess, Kevin Knox, Jim Lanz, Rosa Cole-Rodick, Kevin Rodick, DeAnn Patton, Steven Patton, Jan Sadowski, Lori Lailthor, Catherine Miller.

**APPROVAL OF MINUTES**

Approval of July 5, 2023 Committee minutes. Moved by Ms. Krejci, seconded by Ms. Barath. Votes: Yeas: 3. Nays: 0. **Motion carried.**

**UNFINISHED BUSINESS**

**1. Updates on sidewalks and connections**

Mr. Haselton reported on the Bennett Road Path Project, which is now under construction. They began work closer to Valley Parkway and they are going to move north. They are installing drainage structures in conduit. They are working on the remainder of the curb this week. Completion date is still October 15<sup>th</sup> and they are still on schedule.

**2. Service Department Report**

See attached.

Mr. Cinquepalmi reported that a lot of work has been done the last two months. The cement contractors have finished up their original contract. We discovered some additional money and completed a little more work on Harley Hills; that should be finished this week. He recapped that Vista Drive is completed, with all new asphalt. We also finished Forestwood last week. Our in-house crews have been very busy with things, such as catch basins, cement work, and asphalt. We had the two storms, which took us weeks to get over; there was a lot of wood debris. We are virtually starting to look toward winter.

Ms. Krejci inquired about all the road work being done, as to when Mr. Cinquepalmi felt all of that would be wrapped up; for the constructions, repaving, etc. Mr. Cinquepalmi clarified that we usually continue all the concrete work until it begins to snow; typically, before Thanksgiving. However, the asphalt is slightly different. When the plants stop making asphalt, they do not make asphalt for small operators like us. He went on to say that usually stops well before the concrete; however, we go as along as we can.

**3. 2023 Road Maintenance Program**

Mr. Haselton spoke on York Road. All the intermediate course has been placed and curb ramps have been installed. They are currently working on castings, which is the utilities where they hit the grade; we are working around those. Those will be completed next week. The week of September 18<sup>th</sup>, they are planning on replacing the final surface course, which will be completed by the end of September.

**4. Sprague Road**

Mr. Haselton advised that for Sprague Road, the final water main shut off occurred last week. Therefore, there are no further planned shut offs for residents or businesses. The pavement is coming along well, in which they recently placed the northbound lane on Abbey Road, and they expect that to be completely open today or tomorrow. They are doing some work on the south side of Sprague for drive aprons, sidewalks, etc. The contractor will move traffic away from the north side in order to install sidewalks and landscaping on the Parma side. The traffic pattern will remain west bound only; shifting the driving lane north. They are still on schedule to be done by the end of the year.

### **NEW BUSINESS**

There was none.

### **ADJOURNMENT**

Moved by Ms. Krejci, seconded by Ms. Barath to **adjourn the Streets Committee meeting of September 5, 2023**. Roll Call: Yeas: 3. Nays: 0. **Motion carried.**

**Meeting adjourned at 8:27 p.m.**

## Service Department Monthly Report – September 2023

9/4/23 Monday

Holiday

9/5/23 Tuesday
