## Town Manager's Report - August Commission Meeting

### Mayor, Commissioners & Residents of Ocean Ridge:

The Town received its second half of ARPA grant funds in the amount of \$489,835.

Florida Public Utilities has petitioned for a permanent rate increase as well as an interim increase in rates to generate revenue for its natural gas service. The Commission will utilize a test year in 2023 for purposes of setting rates for FPUC. The stated reasons for the rate increase are capital investments to expand service to new customers and underserved areas of the state; technology investments to upgrade reliability of the network and address cybersecurity measures; enhancing safety; and addressing inflation. The PSC will conduct customer service hearings virtually and in-person in August and September to receive comments from customers regarding the Company's quality of service and request for rate increase. If anyone would like to testify before the Public Service Commission, they must sign up in advance. Additional information is available at Town Hall.

As I depart Ocean Ridge, I want to thank the Town Commission and residents for the opportunity to serve as your Town Manager. It has been my pleasure to serve you all over the last six years. I also want to thank the employees for their continued dedication to the Town and remind residents that the employees are your greatest assets. The Town is very fortunate to employ such incredible professionals. I will miss you all!

"Governing is not about finding right answers. It is more accurately described as forging alliances and compromises among advocates of different, of ten times, conflicting, values with the goal of getting things done and building and maintaining a sense of community." ~ John Nalbandian

## Mayor's Report - August Commission Meeting

### -Message from the Mayor -

Greetings Neighbors,

The September 6th Commission Meeting included the Presentation and Adoption of the Tentative Budget & Proposed Millage Rate for Fiscal Year 2022/23. The rate to be levied is 5.5000. The final hearing on said Budget will be held on Monday, September 19, 2022 at 6PM in Chambers. Please consider joining us.

The Commission also discussed building material for new signage along Old Ocean Blvd and future signage throughout the Town. The consensus was to utilize a hybrid meld of wood structure with metal insert. This hybrid would allow us to keep the character of the wooden frame, along with a more durable and visible message, printed on metal. Thank you to Public Works Supervisor, Billy Armstrong, and Chief Jones for all their work on this project.

Although posted on the website, please note that the Porter Street Crossover refurbishment is now delayed until October.

In the month of August, we celebrated the employee anniversary of Dispatcher Courtney Hammond who has served the Town for 8 years. We thank her for her service and dedication to the Town of Ocean Ridge!

Our interim Town Manager, Lynne Ladner, as well as our new Town Clerk, Kelly Avery, were formerly introduced at the Meeting. And, thank you to those who contributed and attended our reception after the last Commission meeting to bid Tracey Stevens a fond farewell. It was wonderful to have this group of old and new residents stay in Chambers to welcome our new additions to staff, as well as wish Mrs. Stevens the very best of luck in her new endeavor.

Susan Hurlburt  
Mayor

## **ORGC's Wekiva Youth Camp Scholars return home with smiles and memories to last a lifetime!!**

The Ocean Ridge Garden Club is pleased to announce that we awarded scholarships to six girls and three boys to spend a week at Florida Federation of Garden Club's Camp Wekiva. On the way home, we asked these children about some of their favorite things and here is a sampling of what they said: "Seeing a deer... skit night... morning walks... tacos in a bag... the food was good and it was cooked there... s'mores... swimming... scavenger hunt... looking for wolf spiders" and... "going to camp"! They all had an unforgettable experience enjoying nature, crafts, and the beauty of the natural world in a magical, pristine setting. When we asked if they would like to go back again next summer, they all answered with an emphatic "YES"!

How did we manage to send so many children to the camp? At our 2021 December Holiday party, Ocean Ridge Garden Club members challenged each other to donate to the newly instituted Ann Cody Wekiva Youth Camp Scholarships, named in honor of a beloved member who was a champion of the camp during her tenure at ORGC. We were thrilled to collect enough money to support such a large group of young people so they could learn about the environment and grow through experiences in nature. But we didn't stop there. From past experience, we realized that this would be a first-time overnight stay away from home for many if not all of the campers. ORGC members stepped up to serve as a mentor for each camper and their parents to build trust. We invited the children and their parents to an award ceremony and began an orientation process to build their confidence and allow their children to go across the state to the camp. In addition to raising the money to cover the camp fees, members solicited donations of camp supplies and clothing, which many of the recipients would otherwise have struggled to obtain. We also were aware that some past recipients had not been able to go to camp because the families did not have reliable transportation for the trip. So this time our members stepped up and provided transportation to and from the camp. Thanks to Britt Flanagan, the Scholarship Committee and all our members who so generously donated to accomplish this goal. We look forward to continuing this program in the years to come!

## Ocean Ridge Garden Club Tree Planting

In May, the Ocean Ridge Garden Club in partnership with the Town of Ocean Ridge planted a beautiful Jatropha tree on the Town's site island on Sabal Island. This event was in celebration of Arbor Day. The tree an initial planting to kick off the Garden Club's participation in Tree City USA, a designation sponsored by the Arbor Day Foundation. The purpose is to maintain and grow tree canopies as a commitment to our environment. Ocean Ridge will join the 3,600 + communities from all 50 states that take part in this environmental program. The Mayor, Vice Mayor, and 10 other members of the Garden Club and neighborhood took part in the planting ceremony.

## MESSAGES AND REMINDERS FROM YOUR POLICE DEPARTMENT

From Richard Jones, Chief of Police:

### KEY FOB SECURITY

North Miami Police have recently reported several isolated incidents involving vehicle burglaries and vehicle thefts using new technology, known as a Key Fob Scanner. This new criminal device is used to scan signals from nearby Key Fobs and is then able to replicate the Key Fob signal. Once the signal is replicated, the vehicle can be unlocked and, in some cases, the vehicle's ignition can even be started.

We have not seen this type of technology used in our area as of this date, but the trends normally start to work north into our area. We ask residents to keep their Key Fobs inside their home and away from windows to prevent these types of criminal behavior from taking place in Ocean Ridge.

### SAFETY TIPS FROM THE ACE TEAM

## Safety Tips from ACE Team

The ACE Team and all Police Department members take your safety very serious. We conduct traffic stops throughout the Town to send a message to criminals that our Police Department and residents fight against crime.

- Always look inside your vehicle before entering it.
- Lock all doors immediately after entering your vehicle.
- If a stranger approaches you while you are in the vehicle, do not roll down your windows.
- If you need to attract attention, use your horn.
- Don't leave anything of value inside your vehicle.
- **ALWAYS LOCK YOUR DOORS AND TAKE YOUR KEYS WHEN PARKED AT HOME.**
- **AS ALWAYS PLEASE STAY SAFE!!!**

## SIGNAL JAMMERS AND SECURITY SYSTEMS

Our agency has also read some recent articles relating to crime trends that involve the use of signal jammers. Signal jammers have been around for many years and are commonly used to maintain security in specific areas of Airports and Correctional Facilities by jamming cell phone and other radio-based signals.

Now this same type of technology is being used to block cellular signals, Wi-Fi signals, and other radio-based signals that are commonly used by security components. Once these types of signals are blocked, the security device is unable to communicate with the internet, preventing video from being stored and alerts from being sent or received.

There are pros and cons to using wireless surveillance components. We are not suggesting or recommending wired systems over wireless systems, but rather making you aware of the newest crime trends.

## CRIME PREVENTION & SAFETY SEMINAR

Officer Nubia Savino is now working on a Crime Prevention Seminar that will be held at Town Hall for residents of Ocean Ridge. The theory behind this seminar is to offer education, tips, and ideas on how to keep you and your family safe and secure. We will have a select number of vendors present to offer new technology that integrates with the police department so that we can all work together to achieve crime prevention. Additionally, other public safety organizations, including Fire Rescue will be present also to discuss safety related programs and equipment.

We are working towards establishing a date in November or December, dependent upon expressed interest from the community. We will keep you updated as we progress with these efforts.

## CRIMINAL ACTIVITY AND YOUR ASSISTANCE

**Please lock your cars and take the keys inside. Please do not leave valuables in your car when not necessary and you are not in the car.**

**LEAVE IT, LOCK IT, KEEP IT!**

As always, I and every member of your Police Department welcome you to call or stop in anytime and visit with us. Bring your four-legged friend with you so we can share a treat with them.

*As always, "See Something-Say Something"*

*Report all suspicious behavior to the Police Department at 561-732-8331 or 911*
