

ONE YEAR PLAN

December 1, 2015 thru November 30, 2016

The following are the goals of the Ogle County Community Mental Health (708) Board for the Fiscal Year of 2016

1. Review and revise funding application and mid-year report if needed;
2. Identify and address the needs of Ogle County residents who experience mental health issues, have a developmental disability, are substance abusers or who require psychological counseling (collectively, “708 Concerns”) through:

Public hearings, education and advocacy

3. Encourage active participation of local and county officials, agencies involved with the delivery of services and other individual’s familiar with 708 Concerns;
4. Promote greater public and County Board awareness of issues concerning the 708 Board; and
5. Remain open to additional needs in the county and develop educational tools to inform the general population as needed.
