SUMMARY

20+ years of diverse management experience. Program Management Development Program (PMDP) graduate, Certified Cost Account Manager (CAM), and trained LM21Green Belt.

PROFESSIONAL EXPERIENCE

Lockheed Martin – MS2

Palm Beach, FL

Program Manager

2006-Present

- Jan 15 – Present: Program Manager Special Programs. Responsible for capture of multiple science and technology programs as well as program manager of multiple demonstration programs involving unmanned underwater vehicles.
- Jun 12 – Jan 15: Program Manager for design, development, integration, test, and delivery of v6.0 version of Remote Multi-mission Vehicle (RMMV). Completed v6.0 design, implementation and delivery of first two RMMVs to LCS 2 in advance of baseline program plan.
- Oct 10 – Jun 12: Development Program Manager for Reliability Growth Program (RGP) for v4.1 and v4.2 versions of RMMV. Led successful design of RMMV Reliability Growth Program v4.1 and v4.2 which exceeded reliability requirement in both phases allowing the Navy to cancel a third planned phase.
- Sep 09 – Oct 10: Assigned to red program involving development of underwater, we-mate-able connectors. Developed Comprehensive Estimate At Complete (CEAC) to which program successfully executed to. Program involved concurrent design, production and testing at two Lockheed Martin sites with additional Lockheed Martin personnel supporting four vendor/customer facilities.
- Nov 07 – Jan 11: Program Manager on highly successful sensor risk mitigation program. Met all schedule milestones and achieved 100% of available Performance Incentive Fee, resulting in 18% ROS at completion on CPIF CLIN and 25% ROS on FFP contract. Completed all offshore test objectives four consecutive years.
- Sep 06 – Oct 10: Program Manager for Autonomous Underwater Vehicle development program. Led successful capture and execution through Preliminary Design Review (PDR) which was conducted ahead of schedule and under cost.

Lockheed Martin – MS2

Palm Beach FL

Systems Test Engineer

2001-2006

- Project Manager for Remotely Operated Vehicle (ROV) support contract. Developed training curriculum for ROV, established & maintained obsolescence program as well as supported offsite mission trainer & test center.
- Test Director on ROV Development Program. Responsible for test plan & procedures, test conduct, test reporting, test budget and schedule. Test program included a rigorous nine month at sea testing which not only involved verifying ROV requirements but included end user training and system level testing.

To: Evyonne Browning
Subject: Application for Palm Beach Shores Planning and Zoning Board
Attachments: Larcher Resume.pdf

Good morning Evyonne,

As discussed, please accept this email as my application to serve as a regular member on the town Planning and Zoning Board.

Attached is a brief summary of my professional and educational background. I have no specific planning and zoning experience other than having recently gone through the process, as a property owner, for a major renovation project here in Palm Beach Shores.

Thank you,

Tracy Larcher
