Seniors Meet 'n Eat

Welcome to The Pershing County Senior Center

The Pershing County Senior Center, is one of the oldest senior programs in the state. The center offers nutritional meals, entertainment, transportation, advocacy, exercise classes, and friendly social interaction. We provide access, opportunity, education, health and independence for persons 60 years and older.

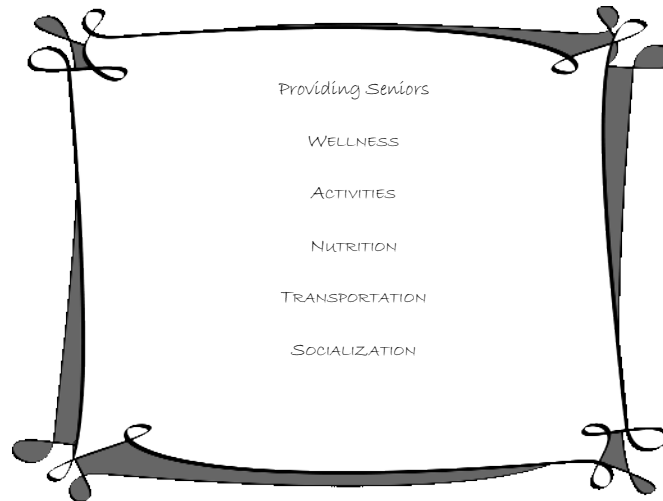

The noon hour is full of energetic and enthusiastic seniors who use this unique resource as a way to talk with old friends, make new ones and keep up on the latest events in town while having a great meal at a price they can all afford. If a senior can't afford a meal the Senior Center will provide them the meal at no cost.

For those Seniors unable to attend the noon-time gathering we provide Homebound meals. Thus allowing those unable to leave their home a daily contact with our friendly efficient staff.

Funding Sources

Programs available to our clients are made possible by grant funding from Division for Aging Service for the State of Nevada, County and City grants, and individual and Corporate donations as well as local fund raising efforts.

Transportation is funded in part by grants from Nevada Department of Transportation and Federal funding as well.

Adopt a Senior Program

The Pershing Co Senior Center serves thousands of meals annually to senior citizens through two nutrition programs; Homebound Meals that are delivered to homebound residents. The Congregate program provides nutritionally balanced meals five days a week in our dining room.

Our suggested donation price is \$2.50 for guests 60 years old and older. This is a voluntary contribution and all Seniors are eligible to eat regardless of their financial situation.

Since all Seniors are not able to afford the cost of the meals we are offering you an opportunity to Adopt a Senior by providing meals for our clients.

Adopt a Senior program is a great way to show you care. For \$2.50 per meal you can give a special person a hot nutritious meal or you can purchase a month's worth of meals for \$50.
