Greetings !

Hope everyone is well and enjoying the remainder of the summer. Get out and take advantage of the beautiful weather before the snow flies .

I want to thank our supportive community and Pike County Seniors in participating in another successful Elder Justice Day .

As you may know our Senior Centers activities have resumed and are in full swing. Our Pike County kitchens are continuing to make in home meals ,congregate and grab and go meals available to our seniors. Our numbers have steadily continued to increase, and we are over 1000 meals a week. We ask for a \$3.00 donation per home-delivered meal but even that is sometimes difficult for many older adults. We are asking for your help. Sponsor a senior for \$20.00 to cover cost of in Home Meals for a week. *We are also collecting local gift cards that seniors can use for food delivery from local restaurants or stores that deliver. You can also donate via PAYPAL on our website, www.pikeaaa.org. Our seniors and staff appreciate your understanding and generosity .

Remember to visit a Pike County Senior Center and join in the fun !

Master Plan for Older Adults Listening Sessions

The Pennsylvania Department of Aging has embarked on the development of a 10-year strategic plan designed to help transform the infrastructure and coordination of services for Pennsylvania's older adults, and they want your input!

You are invited to contribute what you think should be the plan's priority goals, objectives, and initiatives to support the highest quality of life for older adults.

Join us for a Listening Session

Study: Kidney stones linked to low veggie, high soda intake

A study published in the [Journal of Renal Nutrition](#) found that people with a history of kidney stones were more likely to consume fewer vegetables, nuts, seeds and fresh cheese and to drink more soft drinks than those without a history of kidney stones. Researchers say diet plays a key role in kidney stone formation and recommend clinicians encourage "a diet rich in vegetables, dairy products and limited in meat and salt" along with ample water or unsweetened beverage intake in order to mitigate the rising number of people experiencing kidney stones.

Individuals with kidney stone history were more likely to consume cakes and biscuits. So the bottom line is, it is better to cut-down on processed sweets and sugar-sweetened beverages to decrease stone formation.

Protect Yourself From Tech Support Scams

Tech support scams are an industry-wide issue where scammers use scare tactics to trick you into unnecessary technical support services to supposedly fix device or software problems that don't exist. At best, scammers are trying to get you to pay them to "fix" a nonexistent problem with your device or software. At worst, they're trying to steal your personal or financial information; and if you allow them to remote into your computer to perform this "fix" they will often install malware, ransomware, or other unwanted programs that can steal your information or damage your data or device.

Scammers may call you directly on the phone and pretend to be representatives of a tech company. They might even spoof the caller ID so that it displays a legitimate support phone number from a trusted company. They'll probably ask you to install applications that give them remote access to your device. Using remote access, these experienced scammers can misrepresent normal system messages as signs of problems.

Scammers might also initiate contact by displaying fake error messages on websites you visit, displaying support numbers and enticing you to call. They may also put your browser in full screen mode and display pop-up messages that won't go away, apparently locking your browser. These fake error messages aim to scare you into calling their "technical support hotline". Turn off your computer.

IMPORTANT: Microsoft error warning messages never include phone numbers.

- ◆ Microsoft does not send unsolicited email messages or make unsolicited phone calls to request personal or financial information, or to provide technical support to fix your computer. If you didn't ask them to, they won't call to offer support.
- ◆ If a pop-up or error message appears with a phone number, **DON'T** call the number. Error and warning messages from Microsoft never include a phone number.
- ◆ Microsoft will never ask that you pay for support in the form of cryptocurrency like Bitcoin, or gift cards.

SPONSOR A SENIOR IN HOME DELIVERED MEALS PROGRAM

Our numbers are up and our funding is down. Due to the rising cost of food our numbers have grown to over 1,000 meals per week. The Federal Government, local funds and the Pennsylvania Lottery provide only a portion of the total cost. This is why we depend so much on donations. In order to continue and increase quality meal service, we need your help. Please consider a \$20.00 donation. You can also donate via PAYPAL on our website, www.pikeaaa.org. Our seniors and staff appreciate your understanding and generosity.

Please make donations payable to: Pike County Area Agency on Aging (PCAA)
