DRIVEWAYS

1. *You must fill out a Driveway Permit application, completely.*
2. *You MUST submit an exact copy of the current survey of the property.*
3. *You must place the dimensions of the area that will be covered on a separate survey and submit that survey also.*

Specific Regulations for Extending Driveways

If you are planning to widen or lengthen your driveway, you can not submit this particular application.

You must complete a zoning Permit Application, because of the following Municipal Ordinance:

- *§650-88D(1)(h) The maximum floor area ratio or impervious surface coverage set forth in Schedule A shall not be exceeded or, if already more than the maximum, shall not be further increased.*
- *The allowable amount of impervious coverage for a Residence 'A' and Residence 'B' district is 40% of the property. Residence C and D is 50%*

All increases require approval via a zoning Permit.
