Homeless Program

Join us and be a part of the coordinated community effort to reduce homelessness

- Help the homeless
- Help your community
- Help the downtown businesses
- Help the public spaces

Feeding Our Homeless Neighbors

The Homeless Resource Center (HRC), located at 506 S. Beard St., is your connection to serving. By feeding consistently at the HRC:

- People know where to go if hungry.
- Meals can be coordinated and scheduled, reducing redundancy and waste.
- Bathrooms are available.
- By coming to the HRC, those in need can connect with other services available to support their journey towards being housed.

To be included on the meal schedule, or if you have questions about how to best help, please contact Erika Genty, Homeless Program Coordinator for the City of Shawnee.

More Ways to Help Feed Our Homeless Neighbors

Contact an organization that feeds the homeless and become involved.

These groups appreciate your food, time, passion, and money.

If you are with an organization that feeds the homeless, please coordinate your efforts to reduce duplication. Collectively, we can make our work and resources go farther. Openings are available on the meal schedule.

To be included on the meal schedule, or if you have questions about how to best help those experiencing homelessness, contact:
