III. Public Comments (NCGS § 160A-81-1) Salvador Tinoco of 111 SE Second St., wants to address when will the food truck ordinance and fire burning ordinance be implemented; has no problem with free enterprise, has a problem with food trucks being in certain locations; asked the Board to please consider adopting that food truck ordinance, speaking as a small business owner and a downtown property owner who happens to be affected by a couple of the food trucks currently located in the downtown business district area, as soon as possible; said it is almost half of the year and so far moving back all the meetings there's very few productive things they have done as a board because the board does not get along or have common ground to work with, have not adopted any policies on filling up the downtown area. Asked for leadership to lead by example and not act like they're busy when they cannot lead a horse to water. Tinoco said there are people ready, willing and able to lead this town to a better location than what it is, a bunch of circus.
