Dear Laura;

Per our recent email communications, please consider this letter as Southgate, LLC's approval of your request to hold a Christmas wreath sale at the Southgate Shopping Center on the dates of November 24, 25 & 26, plus December 2 & 3, 2023.

Accordingly, the troop will need to verify if a permit is required, and obtain said permit, from the City of Southgate. We do have a copy of the executed Hold Harmless Agreement; Southgate, LLC and/or Michael S. Siskind and Company, LLC are not responsible for any incident that may take place during the dates listed above.

If you have any questions, please contact this office.

We wish you great success at this location.

Improvements

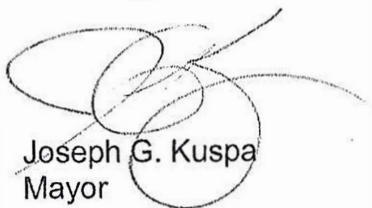

Ladies and Gentlemen:

I have reviewed the above and concur with the City Engineer's recommendation to approve the change order in the amount of \$37,687.10 for the Schools & Park Signage & Striping Improvements. This change order is an addition to the scope of work as outlined in the agreement approved by the City Council at your August 16, 2023 meeting. The work will consist of additional pavement markings to Trenton Road between Dix-Toledo Rd. and Eureka Rd.

Funds for this change order are available in the Act 51 Streets Fund.

Your favorable consideration of this matter is requested.

Sincerely,

### MEMORANDUM

**TO:** Honorable Mayor and City Council  
**FROM:** Douglas Drysdale, Assistant City Administrator / Finance Director  
**DATE:** September 13, 2023  
**RE:** Recommendation for Change Order No. 001 for Schools & Parks Signage & Striping Improvements

I have reviewed the above change order with the City Engineer and concur with his recommendation for approval of Change Order No. 001 in the amount of \$37,687.10 to J. Ranck Electric, Inc. This change order is an addition to the scope of work as outlined in the agreement approved by City Council at their August 16, 2023 meeting. The work will consist of additional pavement markings to Trenton Road, between Dix-Toledo Road and Eureka Road.

Adequate funding for this project change order is available in the Act 51 Streets Fund.

#### **Proposed Motion**

Approve Change Order No. 001 in the amount of \$37,687.10 to J. Ranck Electric, Inc. for additional pavement markings on Trenton Road.

**Re: Schools & Parks Signage & Striping Improvements  
Change Order No. 001  
City of Southgate  
Hennessey Project No. 13140**

Dear Mr. Marsh:

Please find attached change order 001 for the above referenced project. The referenced project was awarded to J. Ranck Electric, Inc. through a competitive bidding process and approved by the City Council at their regularly scheduled meeting of August 16, 2023.

The City of Southgate desires that new pavement markings be applied to Trenton Road, between Dix-Toledo Road and Eureka Road. The current Trenton Road pavement markings have deteriorated to the point of a safety concern for vehicle and pedestrian travel.

This change order is for an addition to the scope of work as outlined in the approved contract.

We request that the attached change order be approved at the regular City Council meeting scheduled for September 20, 2023. If you have any questions, or if additional information is necessary, please do not hesitate to contact me.

Very Truly Yours,

HENNESSEY ENGINEERS, INC.

City of Southgate  
Hennessey Project No. 11099**

Dear Mr. Marsh:

RJ&J Enterprises has completed the necessary emergency sewer repair at the above referenced address.

Due to the age and deteriorated condition of the remaining existing concrete sanitary sewer pipe, Hennessey Engineers recommends lining the entire 420 foot length of this sanitary sewer by the cured in place pipe method (CIPP). This pipe lining work should be performed as soon as possible.

I have enclosed with this letter, an estimate from SAK, a pipeline infrastructure company, that will perform the sewer lining work.

Should you have any questions, please do not hesitate to contact me.

Re: Southgate, MI – 10-inch Emergency Liner – CIPP Quote

Mr. Miller:

SAK Construction, LLC is pleased to offer the following quotation on the above referenced project:

Item	Description	Diameter	Quantity	Unit Price	Total Price
1	10" Pre-Liner (if needed)	10	420 LF	\$2.75	\$1,155.00
2	10" Cured-in-place Pipe (CIPP)	10	420 LF	\$75.50	\$31,710.00
3	Traffic Control (if needed)		2 Day	\$1,500.00	\$3,000.00
<b>Total</b>					<b>\$35,865.00</b>

**INCLUSIONS:**

- Pipeline cleaning, measuring of pipe and diameter, televising, and service connection identification via CCTV.
- Bypass Pumping.
- CIPP Installation, curing, and end cutting per ASTM F-1216 latest revision.
- Pre-Liner installation (if necessary).
- Live service connection reinstatement. Only capped services will not be cut.
- CCTV Acceptance Inspection.
- Traffic Control (if necessary, will be billed at rate above).
- Price includes one mobilization and demobilization.

**EXCLUSIONS:**

- Removal/Trimming of protruding taps, hanging gaskets, etc. (\$350.00/EA)
- Any special insurance required, i.e., railroad protective insurance.
- Traffic Control Plans.
- Access into the site. We will need access for our equipment.
- Point repairs.
- Permits.
- Performance and Payment Bonds (Add 1.5% if bonding is needed).

**NOTE:**

This proposal assumes that the pipe can be lined without excavation (point repairs excluded). In the event that after pre-cleaning/CCTV inspection an obstruction is found that will impede the lining, the necessary repair(s), cleaning/CCTV pre and post repair, and additional mobilization (if necessary) may be negotiated with the Prime Contractor/Owner.

This proposal and its unit prices assume that the lengths of each pipe segments provided are accurate. If the actual length of a segment to be lined is more than 10% less than given, the price of that segment may be negotiated with the Prime Contractor/Owner at a higher unit price or lump sum.

**PAYMENT TERMS:**

- Net 30 days after receipt of an invoice
- Partial monthly payments will be requested
- Final Payment in full within 30 days of completion of SAK work

Thank you for the opportunity to quote on this project. Please call with any questions.

Sincerely,

### Memorandum

To: Honorable City Council Members

From: Dan Marsh, City Administrator 

Date: September 13, 2023

Re: 2<sup>nd</sup> Reading of Proposed Section 1298.18 Sign Ordinance

---

At the August 14, 2023 Planning Commission Meeting, the Planning Commission made a resolution to refer changes made to Section 1298.18 Sign Ordinance to the City Council for approval. Comments were taken during the first reading of the proposed ordinance at the September 6<sup>th</sup> Council Meeting and an updated Section 1298.18 has been included in your packets for review. Updates include specific standards regarding the brightness of electronic message board signs and the definition of banners to now be further clarified to include feather flags.

**Proposed Motion:** *To amend the code of ordinances, Section 1298.18 Signs, according to the proposed language.*

## **City of Southgate**

An amendment to the City of Southgate Zoning Ordinance to revise Section 1298.18 (Signs) and promote the effective regulation of said section.

The following definitions and standards will be amended as follows.

---

### **1298.18 SIGNS.**

The intent of this article is to regulate the location, size, construction, and manner of display of signs in order to minimize their harmful effects on the public health, safety and welfare. While this article recognizes that signs are necessary to satisfy the needs of sign users for adequate identification and communication, failure to regulate them may lead to poor identification of individual businesses, deterioration and blight of the business and residential areas of the City, conflicts between different types of land use, reduction in traffic safety to pedestrians and motorists, and other impacts that are contrary to the purposes, intent, and interests identified in this section.

The following municipal interests are considered by the City to be compelling government interests. Each interest is intended to be achieved in a manner that represents the least restrictive means of accomplishing the stated interest, and in all events is intended to promote an important government interest that would not be effectively achieved absent the regulations in this Section.

**Public Safety.** Maintaining pedestrian and vehicular safety are predominant and compelling government interests throughout the City, with particular emphasis on the safety of pedestrians, reducing distraction of motorists, and requiring proper maintenance and/or structurally unsafe signs to be repaired or removed.

**Character, Aesthetic, and Quality of Life.** Achieving and maintaining aesthetically attractive, orderly, and desirable places to conduct business, celebrate civic events, entertain people, and provide for housing opportunities is directly related to the stability of property values needed to provide and finance quality public services and facilities within the City. This article intends to allow signs that are of sufficient, but not excessive, size to perform their intended function as necessary to provide and maintain the City's character and support neighborhood stability.

**Economic Development and Property Values.** The establishment of the restrictions in this section has a direct relationship to creating stability and predictability, allowing each private interest to secure reasonable exposure of signage, and thus promoting business success. The application of the restrictions in this article allows businesses to reasonably command attention to the content and substance of their messages while concurrently allowing the promotion of other visual assets, including (without limitation) landscaping and architecture, all of which contribute to economic development and property value enhancement.

**Avoidance of Nuisance-Like Conditions.** Due to the concentration of people and activities, there is a potential for, and it is a compelling interest to avoid, blight, physical clutter, and visual clutter in the City. The result of these conditions leads to diminished property values, reduced attractiveness of the community, and reduced quality of life within the districts. Minimum regulations that substantially relate to signage are important and necessary for the maintenance and well-being of positive conditions, good character, and quality of life in the City. Ultimately, these regulations are compelling and important for the protection of all police power values.

**Property Identification for Emergency Response and Wayfinding Purposes.** Locating a business or residence by police, fire, and other emergency responders can be a matter of life and death, and thus it is a compelling interest to ensure that proper, understandable, unambiguous, and coordinated signage be permitted and required, and specifications for such purposes can be accomplished in a simple and narrow manner. Wayfinding for vehicular and pedestrian purposes is also a compelling interest to avoid confusion in public rights-of-way, and unnecessary intrusions on private property. Sign specifications for such wayfinding can be coordinated with property identification for such emergency and other purposes.

**Protection of the Right to Receive and Convey Messages.** The important governmental interests and regulations contained in this article are not intended to target the content of messages to be displayed on signs, but instead seek to achieve non-speech objectives. In no respect do the regulations of signage prohibit a property owner or occupant from an effective means of conveying the desired message. Nothing in this article is intended to prohibit the right to convey and receive messages protected by the First Amendment of the United States Constitution.

The following regulations shall apply to all signs in the City of Southgate:

(a) Definitions. The following words, terms, phrases, shall have the following meaning when used in this section:

- (1) "Abandoned sign." Any sign used in conjunction with a business that has not been in operation for a period of at least six months.
- (2) "Animated sign." Any sign that uses movement or change of lighting to depict action or create a special effect or scene.
- (3) "Awning." Refer to "canopy or awnings" below.
- (4) "Balloon." A flexible, nonporous container that can be of various shapes which is filled with a gas causing it to inflate. Often the gas is lighter than air to allow the balloon to rise and float in the atmosphere.
- (5) "Banner." Any lightweight fabric or similar material that is mounted to a pole or a building by a permanent frame at one or more edges, including feather flag banners.
- (6) "Beacon." Any light with one or more beams directed into the atmosphere or directed at one or more points not in the same zoning lot as the light source; also,

any light with one or more beams that rotate or move.

- (7) “Billboard” or “off-premise sign.” Any sign which contains a message or advertises an establishment, product, service, space or activity not available on the lot on which the sign is located.

- (8) “Broken sign.” A sign that is composed of individual letters fastened to a building surface or other support structure.

- (9) “Building marker.” Any sign indicating the name of a building, date of construction, and any incidental information about its construction, which sign is cut into a masonry surface or made of bronze or other permanent material.

*Building marker Sign*

- (10) “Canopy or awning.” A retractable or fixed shelter constructed of materials on a supporting framework that projects from the exterior wall of a building. A canopy or awning is placed over a door, window, entrance, outdoor service area or entire building.

*Canopy or Awning Sign*

- (11) “Compatible.” To be harmonious, consistent, or in keeping with the character of the surrounding environment.

- (12) “Directional sign.” A sign that gives directions, instructions, or facility information for the use on the lot on which the sign is located, such as parking or exit and entrance signs. A directional sign is any structure erected adjacent to a street that identifies, points toward and gives the distance to any public or semi-public building, off-street parking area, recreation space, club, lodge, church, institution, business, service, entertainment, activity or event.

- (13) “Directory sign.” A sign, which indicates the tenants and their suite locations within a multi-tenant building.

- (14) “Flag.” Cloth or similar material containing distinctive colors, patterns, or symbols used to distinguish a government, political subdivision, or other political entity.

- (15) “Flashing sign.” A sign that employs lighting that flashes, blinks, moves, oscillates or varies in intensity more frequently than once every three seconds and is not an animated sign or a reader board sign.

- (16) “Freestanding sign.” Any sign supported by structures or supports that are placed on, or anchored in, the ground and that are independent from any building or other structure. Freestanding signs include pole and monument signs.

- (17) “Marquee sign.” A sign placed over an entrance to a theater, museum, art gallery, hotel, motel, convention center or hall, exhibition hall or other similar use, that includes a changeable sign area that relates to the principal use on the premises and does not project horizontally beyond the marquee.

- (18) “Message board sign.” A freestanding temporary sign typically designed as an A-frame, T-frame, menu, or sandwich board.

- (19) "Monument sign." A freestanding sign generally having a low profile where the base of the sign structure is on the ground independent of the building, wall, or fence but does not include a pole sign.

*Free-Standing  
Monument Sign*

- (20) "Mural." A design or representation painted on or drawn on a wall which does not contain any promotional or commercial advertising.

*(b) General Provisions.*

- (1) No signs shall be installed in any district unless a sign permit is secured. Permits must be secured by licensed builders or registered sign companies.
- (2) The fee schedule for signs shall be according to the fee schedule approved by Council.
- (3) No sign shall be allowed in any part of the public right-of-way, except otherwise permitted herein.
- (4) Any sign allowed by this section for advertising shall not advertise any other for profit business or product not sold or offered within the premise in which it is associated with.
- (5) Sign height shall be measured by the vertical distance from the top edge of the sign area or structure, whichever is higher, from the adjacent street grade.
- (6) No freestanding sign shall be constructed at any location where, by reason of its position, shape or color may interfere with, obstruct the view of, or be confused with

an authorized traffic sign, signal or device. No sign shall make use of the words "Stop," "Danger," or any other traffic "caution" word, phrase, symbol, or character in such a manner as to interfere with, mislead or confuse traffic. No sign, signal, marking, device or blinking, oscillating or rotating light shall be erected adjacent to any public right-of-way so as to create a traffic hazard.

- (7) No freestanding sign shall be erected at an intersection of any streets in such a manner as to obstruct free and clear vision. No sign shall be located within eight feet of the ground surface in the triangle formed by the property lines paralleling the streets and extending for a distance of 25 feet each way from the intersection of the right-of-way lines of a corner lot.
- (8) No person, business or entity shall display upon any sign or structure obscene or indecent matter.
- (9) Signs, except as otherwise prohibited in this section, may be internally or externally illuminated. If externally illuminated, the source of the light shall be enclosed and directed to prevent the source of light from shining directly onto traffic or residential property. All spotlights shall be diffused or shielded so as not to shine on adjacent properties.
- (10) No sign shall be erected, relocated, or maintained to prevent the free ingress and egress from any door, window, or fire escape. No sign of any kind shall be attached to a standpipe or fire escape.
- (11) Awnings, canopies, and marquee signs must maintain a minimum 7-foot clear space distance from the bottom of the structure to the grade.
- (12) No sign shall project into a public right-of-way, except that awnings and canopies may project not more than 4 feet into a public right-of-way with the approval of the governmental jurisdiction in control of the right-of-way. All requests to erect an awning or canopy shall include a drawing, drawn to scale, detailing the proposed awning or canopy and a cut sheet of the proposed color(s). Material colors must be "earth tone" in nature. If the awning or canopy will contain a sign, the sign shall appear on the drawing along with a notation of the amount of sign display area in square feet, and the proposed text. The application and accompanying drawing shall be submitted to the Building Department and to any other governmental jurisdiction in control of the public right-of-way, for review and approval.
- (13) All signs shall be constructed of durable material and in conformance with the requirements and specifications of the current Michigan Building Code, where not in conflict with this section.
- (14) Signs, which have not been in use for a period of more than six months, including any and all previously approved variances for such signs, shall be considered abandoned signs and subject to removal proceedings. Written notice shall be given by the Building Official and action must be taken by the property owner or proprietor within 30 days of said notice.

- (15) All signs shall be kept in workable order, with all plastic faces intact and all metal on the sign kept free of rust and painted with a rustproof paint. The Building Department shall make periodic inspections of all signs, and if any sign is found to be in a deteriorating condition, the owner shall be notified, by certified mail, to correct the same within 30 days of such notice. If such condition is not corrected within the time allotted, the Building Department is authorized to cause the sign to be removed at the expense of the property owner, agent or person having interest in the building or property. This subsection shall not be construed to alter the effect of Section 1298.20, which regulates nonconforming signs.

*(c) Permitted Signs.*

*(1) Awning, canopy, and marquee signs.*

(5) Electronic Message Sign.

- A. Animated and reader board signs are permitted provided the message content display-area does not change more than one time per every three second period. Any reader board sign that changes its content message more frequently than once every three seconds shall be considered a flashing sign.
- B. Background display areas may have continuous movement, for example a digital waving flag, provided that the display area is not flashing or blinking.
- C. The maximum area of an electronic message board sign shall not exceed 65 square feet.
- D. All animated or internally illuminated signs must bear the emblem of a nationally recognized testing laboratory.
- E. Digital Display area size shall not exceed 30 square feet in area, for each sign face of such sign, unless the sign is located more than 50 feet behind the property line, then said sign may be increased by five additional square feet for each additional ten feet of setback, but in no event shall such sign exceed 50 square feet in area for each sign face of such sign.
- F. Electronic changeable messages shall be part of the total square footage of display area permitted for the sign even if the message is contained in a separate cabinet, except the face of the message shall not consume more than 60% of the total permitted display are of the sign.
- G. The intensity of the display on any variable electronic message sign shall not exceed the levels specified in Table 1:

TABLE 1:

Color	Daytime Sunrise to sunset	Nighttime Sunset to sunrise
Red Only	3,150	1,125
Green Only	6,300	2,250
Amber Only	4,690	1,675
Full Color	7,000	2,500

(6) Murals.

- A. Murals may not be placed on the primary façade or side of a building facing a major roadway or on the same wall as a commercial sign.
- B. Murals shall be maintained in good repair, free from damaged conditions such as peeling paint or damage due to age, weather, vandalism or the like. Maintenance of mural must conform to the original design and size. Murals in need of repair may also be removed entirely or painted over.
- C. Prior to installation of a mural, the property owner (or tenant with written permission of the property owner) shall apply for a mural permit. The completed application shall be forwarded to the Building Department, who shall conduct an administrative review of the application and design for compliance with this section.
- D. Murals shall not contain words (in any language), symbols or representations that are obscene, offensive, derogatory, and/or of a political nature.
- E. Only 1 mural per wall will be permitted.
- F. Expansions or modifications of an existing mural must go through the application and review process, as outlined in this section, prior to mural installation.
- G. Murals are prohibited on non-conforming uses.
- H. Mural dimensions shall be submitted with the application in a square or rectangular format.
- I. Applicants must provide a colored rendering as part of the application and the color(s) used must represent the actual color(s) of the full-scale mural.
- J. Once the Building Department has reviewed an application for compliance with this section and granted administrative approval, the Planning Commission shall review mural design for final approval.
- K. A denied applicant may file an appeal to the Board of Zoning Appeals for review within 14 days of a formal decision made by the Planning Commission. The Board of Zoning Appeals shall review the decision based on the criteria set forth herein

The location of the message board sign will be approved by the Building Department and shall be always adhered to by the applicant.
- (h) Any sign not expressly permitted in this section is hereby prohibited.*
- (i) Substitution.* Notwithstanding any provision of this Section to the contrary, to the extent that this Section allows a sign containing a commercial copy, it shall allow a non-commercial sign to the same extent. The noncommercial message may occupy the entire sign area or any portion thereof and may substitute for or be combined with the commercial message. The sign message may be changed from commercial to noncommercial, or from 1 noncommercial message to another, as frequently as desired by the sign's owner, provided that the sign is not prohibited, and the sign continues to comply with all requirements of this Section.

#### 1298.19 PERFORMANCE STANDARDS.

No use otherwise allowed shall be permitted within any district set forth in this Zoning Code, which use does not conform to applicable performance standards pertaining to the limitation of smoke, dust, dirt, fly ash, chemical propellants, glare, radioactivity, fire, explosive hazards, noise, vibration, odors and wastes as set forth and regulated by County, State or Federal laws.

#### 1298.20 NONCONFORMING SIGNS.

*Southgate Sign Ordinance, FINAL*

The lawful use of a sign exactly as the sign existed on the date of adoption of this amendment, may be continued, except as otherwise provided in this chapter, although that sign does not conform with this chapter. It is the intent of this chapter, however, to recognize the prompt elimination, as expeditiously as is reasonable, of such lawful nonconforming signs. A non conforming sign:

- (a) Shall not be altered in any fashion to prolong the life of the sign or to change the shape, size, type, or design of the sign.
- (b) Shall not be re-established after the activity, business, or usage to which it relates has been discontinued, closed, or sold.
- (c) Shall not be re-established after having been damaged or destroyed if the estimated expense of reconstruction exceeds 50% of the replacement cost as determined by the Building Official.
- (d) Shall not have any changes to the content displayed on the sign unless the sign is a changeable message board sign or substantially similar type of sign designed for periodic change of the sign message

## City of Southgate

### An amendment to the City of Southgate Zoning Ordinance to revise Section 1298.18 (Signs) and promote the effective regulation of said section.

#### 1298.18 SIGNS.

Amendment of Section 1298.18 is hereby amended to add the following intent and purpose:

~~The provisions of this section are to encourage the effective use of signs as a means of communication for a particular user or use of property in the City. It is intended to protect the public health, safety, and welfare while recognizing the legitimate need of business, industry, and other activities in attaining their identification and information objectives. Finally, the section is designed to promote the economic development and aesthetic character of the City of Southgate by regulating the construction, alteration, repair, maintenance, size, location, and number of signs. All outdoor advertising structures, awnings, billboard signs, and other notices which advertise a business, commercial venture or name of a person shall be regulated as follows:~~

The intent of this article is to regulate the location, size, construction, and manner of display of signs in order to minimize their harmful effects on the public health, safety and welfare. While this article recognizes that signs are necessary to satisfy the needs of sign users for adequate identification and communication, failure to regulate them may lead to poor identification of individual businesses, deterioration and blight of the business and residential areas of the City, conflicts between different types of land use, reduction in traffic safety to pedestrians and motorists, and other impacts that are contrary to the purposes, intent, and interests identified in this section.

The following municipal interests are considered by the City to be compelling government interests. Each interest is intended to be achieved in a manner that represents the least restrictive means of accomplishing the stated interest, and in all events is intended to promote an important government interest that would not be effectively achieved absent the regulations in this Section.

- (a) Public Safety. Maintaining pedestrian and vehicular safety are predominant and compelling government interests throughout the City, with particular emphasis on the safety of pedestrians, reducing distraction of motorists, and requiring proper maintenance and/or structurally unsafe signs to be repaired or removed.
- (b) Character and Quality of Life. Achieving and maintaining attractive, orderly, and desirable places to conduct business, celebrate civic events, entertain people, and provide for housing opportunities is directly related to the stability of property values needed to provide and finance quality public services and facilities within the City. This article intends to allow signs that are of sufficient, but not excessive, size to

perform their intended function as necessary to provide and maintain the City's aesthetic character and support neighborhood stability.

(c) Economic Development and Property Values. The establishment of the restrictions in this section has a direct relationship to creating stability and predictability, allowing each private interest to secure reasonable exposure of signage, and thus promoting business success. The application of the restrictions in this article allows businesses to reasonably command attention to the content and substance of their messages while concurrently allowing the promotion of other visual assets, including (without limitation) landscaping and architecture, all of which contribute to economic development and property value enhancement.

(d) Avoidance of Nuisance-Like Conditions. Due to the concentration of people and activities, there is a potential for, and it is a compelling interest to avoid, blight, physical clutter, and visual clutter in the City. The result of these conditions leads to diminished property values, reduced attractiveness of the community, and reduced quality of life within the districts. Minimum regulations that substantially relate to signage are important and necessary for the maintenance and well-being of positive conditions, good character, and quality of life in the City. Ultimately, these regulations are compelling and important for the protection of all police power values.

(e) Property Identification for Emergency Response and Wayfinding Purposes. Locating a business or residence by police, fire, and other emergency responders can be a matter of life and death, and thus it is a compelling interest to ensure that proper, understandable, unambiguous, and coordinated signage be permitted and required, and specifications for such purposes can be accomplished in a simple and narrow manner. Wayfinding for vehicular and pedestrian purposes is also a compelling interest to avoid confusion in public rights-of-way, and unnecessary intrusions on private property. Sign specifications for such wayfinding can be coordinated with property identification for such emergency and other purposes.

(f) Protection of the Right to Receive and Convey Messages. The important governmental interests and regulations contained in this article are not intended to target the content of messages to be displayed on signs, but instead seek to achieve non-speech objectives. In no respect do the regulations of signage prohibit a property owner or occupant from an effective means of conveying the desired message. Nothing in this article is intended to prohibit the right to convey and receive messages protected by the First Amendment of the United States Constitution.

The following regulations shall apply to all signs in the City of Southgate:

(a) *Definitions.* The following words, terms, phrases, shall have the following meaning when used in this section:

(1) (1) "Abandoned sign." Any sign used in conjunction with a business that has not been in operation for a period of at least six months.

(2) "Animated sign." Any sign that uses movement or change of lighting to depict action or create a special effect or scene.

(3) "Awning." Refer to "canopy or awnings" below.

(4) "Balloon." A flexible, nonporous container that can be of various shapes which is filled with a gas causing it to inflate. Often the gas is lighter than air to allow the balloon to rise and float in the atmosphere.

(5) "Banner." Any lightweight fabric or similar material that is mounted to a pole or a building by a permanent frame at one or more edges, including feather flag banners. National flags, state or municipal flags, or the official flag of any institution or business shall not be considered a banner sign.

(6) "Beacon." Any light with one or more beams directed into the atmosphere or directed at one or more points not in the same zoning lot as the light source; also, any light with one or more beams that rotate or move.

(7) "Billboard" or "off-premise sign." Any sign which contains a message or advertises an establishment, product, service, space or activity not available on the lot on which the sign is located.

(8) "Broken sign." A sign that is composed of individual letters fastened to a building surface or other support structure.

(9) "Building marker." Any sign indicating the name of a building, date of construction, and any incidental information about its construction, which sign is cut into a masonry surface or made of bronze or other permanent material.

(10) "Canopy or awning." A retractable or fixed shelter constructed of materials on a supporting framework that projects from the exterior wall of a building. A canopy or awning is placed over a door, window, entrance, outdoor service area or entire building.

3

~~(12) "Commercial message." Any sign wording, logo, or other representation that directly or indirectly names, advertises, or calls attention to a business, product, service, or other commercial activity.~~

(12) "Compatible." To be harmonious, consistent, or in keeping with the character of the surrounding environs.

~~(14) "Construction sign." Any sign which identifies the owners, financiers, contractors, architects, engineers or tenants of a project under construction.~~

(135) "Directional sign." ~~A sign, commonly informational which does not contain advertising, that directs movement, provides instructions or is secondary to the use of the lot. Generally signs of this type indicate the entrance/exit, drive-through location, "no parking" areas, etc.~~ A permanent sign devoted to identifying points of ingress or egress on the property, orienting pedestrians and vehicles within the property, or directing the flow of pedestrian or vehicular traffic throughout the property.

(146) "Directory sign." A sign, which indicates the tenants and their suite locations within a multi-tenant building.

~~(17) "Entranceway sign." A sign that identifies the name of a residential subdivision or development and is located at the major entranceways to the subdivision or development.~~

~~(18) "Essential service sign." Any sign indicating services that are reasonably necessary for the furnishing of public utilities, municipal departments or commissions, or the public health, safety, and welfare of City residents.~~

(149) "Flag." Cloth containing distinctive colors, patterns, or symbols used to distinguish a government, political subdivision, or other political entity.

(1520) "Flashing sign." A sign that employs lighting that flashes, blinks, moves, oscillates or varies in intensity more frequently than once every three seconds and is not an animated sign or a reader board sign.

(1621) "Freestanding sign." Any sign supported by structures or supports that are placed on, or anchored in, the ground and that are independent from any building or other structure. Freestanding signs include pole and monument signs.

(17) "Marquee sign." A sign placed over an entrance to a theater, museum, art gallery, hotel, motel, convention center or hall, exhibition hall or other similar use, that includes a changeable sign area that relates to the principal use on the premises and does not project horizontally beyond the marquee

*(b) General Provisions.*

(1) (1) No signs portable, permanent, or any other type of sign unless specifically exempt from having a permit shall be installed in any district unless a sign permit is secured. Permits must be secured by licensed builders or registered sign companies.

(2) The fee schedule for signs shall be according to the fee schedule approved by Council.

~~(32)~~ No ~~portable, permanent, or any other type of~~ sign shall be allowed in any part of the public right-of-way, except otherwise permitted herein.

~~(3) The fee schedule for signs shall be according to the fee schedule approved by Council.~~

(4) Any sign allowed by this section for advertising shall not advertise any other for profit business or product not sold or offered within the premise in which it is associated with.

(5) Sign height shall be measured by the vertical distance from the top edge of the sign area or structure, whichever is higher, from the adjacent street grade.

(6) No freestanding sign shall be constructed at any location where, by reason of its position, shape or color may interfere with, obstruct the view of, or be confused with an authorized traffic sign, signal or device. No sign shall make use of the words "Stop," "Danger," or any other traffic "caution" word, phrase, symbol, or character in such a manner as to interfere with, mislead or confuse traffic. No sign, signal, marking, devise or blinking, oscillating or rotating light shall be erected adjacent to any public right-of-way so as to create a traffic hazard.

(7) No freestanding sign shall be erected at an intersection of any streets in such a manner as to obstruct free and clear vision. No sign shall be located within eight feet of the ground surface in the triangle formed by the property lines paralleling the streets and extending for a distance of 25 feet each way from the intersection of the right-of-way lines of a corner lot.

~~(87)~~ No person, business or entity shall display upon any sign or ~~other advertising~~ structure ~~any~~ obscene or indecent matter.

~~(98)~~ Signs, except as otherwise prohibited in this section, may be internally or externally illuminated. If externally illuminated, the source of the light shall be enclosed and directed to prevent the source of light from shining directly onto traffic or residential property. All spotlights shall be diffused or shielded so as not to shine on other adjacent properties.

~~(109) Electronic animated and reader board signs are permitted provided the message content display area does not change more than one time per three second period. Background display areas may have continuous movement, for example a digital waving flag, provided that the display area is not flashing or blinking. Any reader board sign that changes its content message more frequently than once every three seconds shall be considered a flashing sign.~~

~~(100)~~ No sign shall be erected, relocated or maintained so as to prevent the free ingress and egress from any door, window or fire escape. No sign of any kind shall be attached to a standpipe or fire escape.

~~(111)~~ Awnings, canopies, and marquees must maintain a minimum 7 seven-foot clear space distance from the bottom of the structure to the grade.

~~(122)~~ No sign shall project into a public right-of-way, except that awnings and canopies may project not more than four feet into a public right-of-way with the approval of the governmental jurisdiction in control of the right-of-way. All requests to erect an awning or canopy shall include a drawing, drawn to scale, detailing the proposed awning or canopy and a cut sheet of the proposed color(s). Material colors must be "earth tone" in nature. If the awning or canopy will contain a sign, the sign shall appear on the drawing along with a

notation of the amount of sign display area in square feet, and the proposed text. The application and accompanying drawing shall be submitted to the Building Department and to any other governmental jurisdiction in control of the public right-of-way, for review and approval.

(13) All signs shall be constructed of durable material and in conformance with the requirements and specifications of the current Michigan Building Code, where not in conflict with this section.

(14) Signs, which have not been in use for a period of more than six months, including any and all previously approved variances for such signs, shall be considered abandoned signs and subject to removal proceedings. Abandoned signs shall have all lettering or reference to the former business removed. Custom signs, which are only relevant to the defunct business that it served, shall be removed completely from the site. Written notice shall be given by the Building Official and action must be taken by the property owner or proprietor within 30 days of said notice.

(15) All signs shall be kept in workable order, with all plastic faces intact and all metal on the sign kept free of rust and painted with a rustproof paint. The Building Department shall make periodic inspections of all signs, and if any sign is found to be in a deteriorating condition, the owner shall be notified, by letter, to correct the same within 30 days of such notice. If such condition is not corrected within the time allotted, the Building Department is authorized to cause the sign to be removed at the expense of the property owner, agent or person having interest in the building or property. This subsection shall not be construed to alter the effect of Section 1298.20, which regulates nonconforming signs.

## 1298.20 NONCONFORMING SIGNS.

(a) The lawful use of a sign exactly as the sign existed on the date of adoption of this amendment, may be continued, except as otherwise provided in this chapter, although that sign does not conform with this chapter. It is the intent of this chapter, however, to recognize

the prompt elimination, as expeditiously as is reasonable, of such lawful nonconforming signs.

~~{Ord. 531. Passed 6-30-93.}~~

(b) A nonconforming sign:

(1) Shall not be altered in any fashion so as to prolong the life of the sign or to change the shape, size, type or design of the sign;

(2) Shall not be re-established after the activity, business or usage to which it relates has been discontinued, closed or sold;

(3) Shall not be re-established after having been damaged or destroyed if the estimated expense of reconstruction exceeds fifty percent of the replacement cost as determined by the Building Official; and

(4) Shall not have any changes to the content ~~made in the words or symbols used or the message~~ displayed on the sign unless the sign is a ~~bulletin board~~ changeable message board sign or substantially similar type of sign designed for periodic change of the sign message.
