DISCUSSION/ACTION ITEMS

- Ordinance 20-18 Amending Title 10 of the City Code. This item was a part of the city council's discussion items on the June 16 council meeting. This amendment makes several updates to the city's Form Based Code including: 1) adding a definition for "Short Term Lender," 2) removing Nursing Homes and Day Care Centers as conditional uses within the R-3 zone, 3) removing murals as permitted wall signs, 4) adding clarifying language that chickens and other farm animals are not allowed in any zone, and 5) reducing the number of required bike parking spaces for multi-family developments. This is a part of our on-going effort to be sure the Form Based Code continues to produce the results and projects the city envisioned with its adoption. The most the city can charge, based on the Parks Capital Facilities Plan and Impact Fee Analysis is \$1,882.54/ERU. Late last year (2019) the council voted to only charge 80 percent of the maximum resulting in a current Park Impact Fee of \$1,506. With several hundred residential units coming within the next couple of years, staff recommends increasing the Park Impact Fee to help with the council's desire to build and improve city parks.
- Ordinance 20-19 Amending the Consolidated Fee Schedule. There are two general areas where amendments are being recommended. First, there are recommendations to increase various

- recreations fees. Second, staff recommends increasing the city's park impact fee in order to insure that new development helps pay a higher percentage of its impacts on the city's parks.
- Resolution 20-18 Ratifying the approval of an Interlocal Agreement with Weber County for administration of the Coronavirus CARES Act Funds. This resolution ratifies the council's decision to partner with Weber County in administering the federal CARES Act business relief program. The agreement states that the city will send Weber County 90 percent of the city's federal CARES Act monies. The county agrees to take on the responsibility of accepting business grant applications, awarding grants to the businesses and complying with all federal requirements that are attached to the use of these funds. Ten percent of the funding can be used to reimburse the city for COVID-19 related expenses. Eligible businesses will be able to apply for grant funding up to \$35,000. South Ogden is one of thirteen cities in the county that has agreed to partner with Weber County on this program. Starting on July 6, we will start heavily marketing and promoting this program to our businesses. The county has asked that two representatives from the participating cities be selected to help vet all business applications and be a part of the process. The challenge is that the individuals selected must be available M-F from 8 a.m. to 5 p.m. for several weeks. If you are interested and able to serve please let me or Mayor Porter know and we will forward your name to the county for consideration. We received our first round of federal CARES Act funding last week and it totaled \$510,251.
- Resolution 20-19 Approving a Lease Agreement with Bonneville High and/or Weber School District. The Bonneville FFA director has asked if the FFA students and faculty at Bonneville can use a portion of the city-owned property west (across the street) from the Nature Park Splash Pad to construct several grow boxes. This agreement allows them to do this and waives the city's liability for use of this property by the Bonneville High FFA.

DISCUSSION ITEMS

• Form Based Code items for review by the Planning Commission. During this agenda item the council and staff will be discussing things within the Form Based Code that the council would like the Planning Commission to review and make recommendations on. Over the past several months, some questions have been raised about certain requirements within the Form Based Code that the council may want the Planning Commission to review. The scope of this discussion will be to simply identify what things the council would like the Planning Commission to review in order to be sure the code is written in a way that still represents the council's vision for new development within the Form Based Code areas of the city. Some of the topics that have come up include: parking requirements, development of open space, definition of a story (inhabitable floor), the requirement for a step back above the third story, etc. Once a list of review items is compiled, these items will be taken to the Planning Commission to review and discuss with the intent that they will make recommendations for the council to consider during a future council meeting. Please come prepared with any areas of the Form Based Code that you would like to be sure is reviewed by the Planning Commission. The entire Form Based Code is too large to include in the packet. To see the Form Based Code you can go to the city's website under, Government, City Code, Title 10, Chapter

STAFF REPORT

SUBJECT: Code Corrections/Changes
AUTHOR: Leesa Kapetanov/Mark Vlasic

DEPARTMENT: Administration July 7, 2020

RECOMMENDATION

The planning commission recommends the proposed changes be approved.

BACKGROUND

Through the adoption of the form based code and subsequent changes to the existing code, staff has found several errors, omissions, and some code items that need "tweaking". The proposed changes are an effort to get things right.

ANALYSIS

There are five corrections being proposed:

- 1. Adding the definition for "Short Term Lender" back into the code. This definition should have been added to the FBC when it was removed from the existing code.
- **2. Removing "Nursing Home" and "Day Care Center" as conditional uses from the R-3 Zone.** When we established the code for Group Living Arrangements, the code specifically listed the zones where Group Living Arrangements were allowed; the R-3 zone was not one of them. However, the conditional use of "Nursing Home", which by definition is a group living arrangement, was never removed from the R-3 zone. Staff also felt that Day Care Centers should be removed as a conditional use in the R-3 zone, as they would be more suitable for commercial areas of the city. These were the only conditional uses in the R-3 zone, and by removing them, it will reflect the council's desire to eliminate conditional uses in residential zones.
- **3.** Removing murals as a permitted wall sign. This does not mean that the City does not allow mural art pieces when appropriate; it just means that we do not allow murals as signs for the purpose of advertising. This is being done at the suggestion of Jeff Barfuss, our former Building Official.
- 4. Clarifying that chickens (and other farm type animals) are not allowed in South Ogden City. These changes have nothing to do with the FBC, but are being made at the request of the police department, the people who enforce the "no chickens" rule. Previously, the code didn't come right out and say chickens were not allowed. It gave rules

about placement of coops, that coops had to be kept clean so they weren't a nuisance, and then stated that chickens could only be kept in zones that allowed them. Well, the city has no zones that allow chickens. In this sense, the code was a bit misleading and in a very roundabout way said that chickens are not allowed. Now the code is very clear.

5. Reducing the bike parking requirement for multi-family developments in the FBC. In dealing with the FBC, staff has become painfully aware that the requirement for bike parking in new multi-family developments is very excessive. Evidently, we require more bike parking than they do for similar projects in downtown Salt Lake City, the place where bike parking would make the most sense. Mark Vlasic prepared the following report:

In recent months, staff has reviewed several projects required to provide bicycle parking as part of the two form-based code chapters of the zoning ordinance (Title 10, Chapter 5.1A &B). In each case the number of spaces has proven a challenge to meet the number of parking spaces,. Particularly for multi-family residential uses. In addition, the requirements are based on number of rooms for multi-family uses and square-feet of other uses, further complicating the calculations for mixed-use project.

| Use | Bicycle Spaces |
|---------------------|---|
| Multi-family | Minimum 2 spaces or 0.5 space per bedroom, whichever is greater |
| Civic/institutional | Minimum 2 spaces, 1 per additional 10,000 square feet |
| Retail | Minimum 2 spaces, 1 per additional 5,000 square feet |
| Services | Minimum 2 spaces, 1 per additional 5,000 square feet |
| Office | Minimum 2 spaces, 1 per additional 10,000 square feet |
| Open space | Per city manager or designee |

In order to determine if the requirements reflect the anticipated needs of a redeveloped city core commercial areas where bicycle use is encouraged, three codes from comparable cities were reviewed as follow:

SALT LAKE CITY

Although larger than South Ogden, Salt Lake City actively encourages the use of bicycles throughout the city. The number of bicycle parking spaces required varies by type/intensity of district projects are located, with the city core, neighborhood centers and

transit stops requiring the most bicycle parking spaces. Upon close review, staff believes that the General Requirements most closely resemble the South Ogden situation, which have the following requirements for bicycle parking spaces at new and redeveloped projects:

• Multi-family 1 bicycle parking space per 5 units

• Civic: 1 bicycle parking space per 10,000 square feet

• Commercial: 1 bicycle parking space per 20,000 square feet

SOUTH SALT LAKE

Similar to South Ogden, South Salt Lake recently completed a form-based code for the redeveloping commercial core. The number of bicycle parking spaces required is different for multi-family residential and commercial uses in this area, as follows:

• Multi-family 1 bicycle parking space per 15 units for visitors and 0.25

parking spaces per unit.

• Commercial: There is a wide range of requirements, depending on the

specific uses. For example, uses where bicycle use may be limited (bowling alleys, hospitals, car dealerships, movie theaters, etc.) require the least number of spaces (1 space for every 30 to 50 vehicle parking spaces) while uses that attract bicycle and foot traffic (restaurants, retail, grocery, etc.) require the most (1 bicycle parking space for every

15-25 vehicular parking spaces)

The code also includes specific locational and design requirements.

OGDEN

Although larger than South Ogden, Ogden also actively encourages in targeted areas. The requirements are simple to calculate (five percent of the vehicular parking spaces required, with a minimum requirement of two spaces, and a maximum requirement of twelve).

Based on the review of comparable communities, staff believes the current bicycle parking requirements are both onerous and unduly difficult to calculate. It is also clear that there is a lack of locational and design guidelines/requirements provided.

RECITALS

WHEREAS, the State of Utah is distributing a portion of its Coronavirus Relief Fund ("CRF") provided by the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") to Utah's counties and municipalities through a population-based formula; and

WHEREAS, each eligible local government will initially be paid one-third of its CRF allocation from the State with the remaining two-thirds to be disbursed at a future date, subject to the availability of funding; and

WHEREAS, the CRF can only be used to cover necessary expenditures and losses incurred due to the public health emergency with respect to COVID-19; and

WHEREAS, necessary expenditures include direct emergency response activities, such as addressing public health needs, but also expenses required to respond to second-order effects of COVID-19, such as providing economic support to businesses and individuals that have been financially impacted by the pandemic; and

WHEREAS, each City has received its initial one-third installment and desires to contract with the County to distribute these funds pursuant to the terms of this agreement;

NOW THEREFORE, in consideration of the mutual covenants and promises contained hereafter, the Parties hereto agree as follows:

SECTION ONE TERM OF AGREEMENT

- 1. This agreement shall commence on the 1^{st} day of July 2020, and continue through and including the 30^{th} day of June 2021, unless terminated earlier. The agreement may be extended on a year-to-year basis as needed through a written amendment.
- 2. Notwithstanding the provisions of this agreement, individual Cities may terminate their participation in this agreement at any time by giving ninety (90) days written notice to the County.

SECTION TWO SCOPE OF SERVICES

- 3. Each City shall provide to County at least 90% of the initial distribution of its CRF funds. Distribution percentages of future installments shall be determined through a written amendment to this agreement. Cities' CRF funds shall only be used as specified in this or other future agreements between the Parties.
- 4. Each City may retain 10% of the initial distribution to reimburse the City for expenditures that are authorized by section 601(d) of the Social Security Act, as added by section 5001 of the CARES Act.
- 5. County shall distribute CRF funds to businesses and non-profit organizations located within the County and Cities that have been financially impacted by COVID-19 ("Businesses").
- 6. Businesses desiring to receive CRF funds shall complete a grant application made available by County. County shall accept grant applications on a rolling basis until all CRF funds are exhausted.
- 7. County will develop a governing policy outlining the process for receiving and objectively evaluating grant applications. Businesses must meet certain criteria to be eligible to receive CRF funds including, but not limited to the following:

Businesses may use CRF funds to reimburse the costs of business interruptions incurred as a result of COVID-19, such as changes to buildings to encourage social distancing, purchases of personal protective equipment or cleaning and sanitation supplies. Businesses may also receive a grant of economic support if their business was affected by decreased customer demand as a result of the public health emergency. These grants will be based on the loss of net income from March 1 through May 31, 2020.
- 9. County shall require Businesses that receive CRF funds to adhere to the CARES Act and any current or future guidance related to the CRF funds. County shall also require Businesses to retain documentation related to any uses of the funds, including but not limited to invoices, sales receipts, and payroll expenditures.

- 10. County may also use funds to assist individuals who have been laid off, furloughed, or otherwise significantly financially impacted by the COVID-19 pandemic. Such assistance may involve helping individuals enroll in government benefit programs, helping to prevent eviction and to assist in preventing homelessness, providing employment and training programs, and to ease other COVID-19 related financial hardships.
- 11. Time is of the essence in distributing CRF funds, and County shall work toward distributing all CRF funds from the initial distribution by the end of August 2020.
