

MEMORANDUM

TO: Mayor and City Council

FROM: Matthew J. Dixon, City Manager

RE: May 03, 2022 City Council Meeting

WORK SESSION

• Sustainability Model - One of the Council's Strategic Plan Initiatives (1.1) is to hold quarterly work sessions to review, update and discuss the Sustainability Model. The last work session was in Oct. 2021. That first work session focused on Sustainability Model 101 – What are Sustainability Models? How do they work? Why are they helpful? In this session we will start getting into the details of the South Ogden Sustainability Model. Fred Philpot with Lewis Young Robertson and Burningham will be joining us and walking us through some of the trend data (revenues & expenditures) within our model as well as how inflation, property value appreciation and interest rates affect the model. Like I have mentioned before, this is an important model and it is critical to our ability as a city to plan for the financial sustainability of everything we do. Please come prepared to learn more about how this model works and to discuss questions you have as a council related to the model and the city's long-range financial planning.

DISCUSSION/ACTION ITEMS

Resolution 22-06 Amending an agreement with Wasatch Front Regional Council (WFRC) - The City was awarded a planning grant from WFRC to help do an update to the City's General Plan. The City and WFRC hired the firm FFKR to help be the consultants for this project (Oct. 2019). For unknown reasons, FFKR was unable to complete the project and together WFRC and the City terminate our agreement with FFKR. Since this process began, there has now been new legislation adding to the elements that Cities must include in their General Plans. Staff has worked with WFRC and they have agreed to increase the grant to allow the City's new update to be compliant with the new state requirements (even though the requirements will not be needed until 2025). WFRC has agreed to hire Landmark Design to finish the City's General Plan. With the updated scope, that includes adding a section on water use and conservation as well as more public involvement, the project price has increased. Staff has worked with WFRC who has agreed to contribute an additional \$15,500 towards the project. Taking the additional \$15,500 from WFRC and the new scope of work to finish the project, the City's portion to finish the project has increased by \$10,000. Staff recommends approval of this increase due to the desire to make the plan compliant with current state law, to do more public involvement throughout the process and to have a quality, new General Plan that will be

South Ogden City, UT 84403

used for many years to help guide important decisions for the City. Doug Gailey, Assistant City Manager, has done a great job leading out on this and has provided a Staff Report with additional information and details.

• Resolution 22-13 Adopting the FY2023 Tentative Budget – If feels like we just finished the budget and now we are starting the next budget process (where does the time go?). The adoption of a Tentative Budget is required by state law. This formally begins the budget preparation process for FY2023. Expecting the council will go through Truth in Taxation, the City will have from May 3 until the end of August to finalize the FY2023 Budget. As such, it is important to recognize that the Tentative Budget will change as the Council and staff work over the next several months to analyze our revenues and expenditures for FY2022, prioritize projects and equipment needs, employee compensation and benefits, and operation and maintenance needs within the departments. Finance Director, Steve Liebersbach, has prepared the Tentative Budget as a "Starting Point" and will review the budget during the meeting and will be able to answer any questions.

DISCUSSION ITEMS

- South Ogden Water 101 & Water Conservation Efforts This will be a very worthwhile discussion wherein Jon Andersen, PW Dir., will provide some education on how our water system works and talk about our current system's capacity and demand. Jon will also review what other entities are doing related to water conservation and present some recommendations as to things he thinks South Ogden can and should do to help with the conservation efforts. Ultimately, staff will be looking for direction from the council on what you'd like to see the City do to help encourage and promote conservation. Once staff has your direction, we will move to marketing and promoting water conservation to our residents and businesses.
- Vacation of Alley from 38th to 39th Street between Ogden and Adams Avenues Staff is seeking direction from the council as to whether or not you'd like to move forward with vacating this alley between Ogden Ave. and Adams Ave. from 38th to 39th Street. This has come about based on someone interested in purchasing and building on a lot that abuts the alley on 39th Street. In working with the interested party, staff thought it would be good to get council direction on whether or not the City should continue to have the responsibility of owning and maintaining (the little we do) these alleys. Over the years, there have been property owners who have encroached on the alley right-of-way. If the council decides to keep the alley, staff will need to work with those who have encroached in order to allow the City access to be able to maintain the alley. City Recorder, Leesa, has provided a detailed Staff Report in your packet with additional information on this discussion item.
- **Boundary Line Adjustments** Staff has been working on some boundary line adjustments that we believe (as well as the other entities) are in the city's best interest. One of the adjustments involves South Ogden's boundary line with unincorporated Weber County (see image in packet) and the other boundary line adjustments are between South Ogden and Ogden City (see image in packet). More specifically, the adjustments with Ogden include the boundary line along 36th Street (making it the centerline of the ROW) and on the east end of

E mdixon@southogdencity.com

SouthOgdenCity.com

0 801-622-2702

South Ogden City, UT 84403

Country Hills Drive as it merges to 42^{nd} Street (see image in packet). Staff has had discussions with representatives from Ogden and at this point, we are all in agreement that these adjustments should be made – given that the adjustments will now reflect the boundary lines as we've been treating them for many years. South Ogden Public Works is still reviewing these possible adjustments to be sure their will not be any problems or unintended consequences related to city utilities as a result of these changes.

• Use of American Rescue Plan Act (ARPA) funding - This discussion will enable the City to move forward in analyzing and prioritizing how the council would like to spend the \$2M of ARPA monies the City received from the federal government. Staff has prepared a list of possible uses of these funds for one-time projects, equipment, etc. Steve Liebersbach, Director of Finance, and I have reviewed the list and have provided our input in the third column on the sheet "Notes/Comments." The time for this discussion will be spent reviewing this list, along with other projects, etc. the council may want to discuss. We will also work to narrow the list and start prioritizing the projects/equipment we want to pursue.

NOTICE AND AGENDA SOUTH OGDEN CITY COUNCIL WORK SESSION

TUESDAY, MAY 3, 2022
WORK SESSION — 5 PM
COUNCIL MEETING - 6 PM

Notice is hereby given that the South Ogden City Council will hold their regularly scheduled work session at 5 pm Tuesday, May 3, 2022. The meeting will be located at City Hall, 3950 Adams Ave., South Ogden, Utah, 84403, in the EOC. The meeting is open to the public; however, the city will abide by all COVID-19 restrictions in place at the time of the meeting, including social distancing, wearing of masks, and number of people allowed to gather at one time. No action will be taken on any items discussed during pre-council work sessions. Discussion of agenda items is for clarification only. Some members of the council may be attending the meeting electronically. The meeting will also be streamed live over www.facebook.com/southogdencity.

WORK SESSION AGENDA

- I. CALL TO ORDER Mayor Russell Porter
- II. REVIEW OF AGENDA
- III. DISCUSSION ITEMS
 - A. Review of Sustainability Model
- IV. ADJOURN

The undersigned, duly appointed City Recorder, does hereby certify that a copy of the above notice and agenda was posted to the State of Utah Public Notice Website, on the City's website (southogdencity.gov) and emailed to the Standard Examiner on April 29, 2022. Copies were also delivered to each member of the governing body.

Leesa Kapetanov, City Recorder

In compliance with the Americans with Disabilities Act, individuals needing special accommodations (including auxiliary communicative aids and services) during the meeting should notify the City Recorder at 801-622-2709 at least 48 hours in advance.

Emergency Management for Elected Officials

Emergency Management Is...

The process of dealing with extreme events that can disrupt communities, cause extensive damage or affect a large number of people.

What types of disasters could impact South Ogden City?

- ·Civil Disorder
- Earthquake
- Windstorm
- Severe Winter Weather
- Transportation Accidents
- Water Emergency
- •Power Failure
- Tornado

- ·Large-scale fire
- Flashflood
- ·Any major incident not included above

The Phases of Emergency Management

Mitigation

- Preventative actions taken to minimize the loss of life and property during a disaster.
- What are some examples of mitigation actions?

www.shutterstock.com · 312588614

Preparedness

- Measures that prepare responding forces and citizens to take prompt, appropriate action in the event of an emergency.
- •What are some examples of preparedness actions?

Response

- Activities taken in an emergency to save lives and prevent harm to people and property.
- •What are some examples of response activities?

Recovery

- Activities that restore property and systems to their normal condition before the event occurred.
- •What are some examples of recovery actions?

Levels of Emergency Management

- oMunicipal (local)
- County
- Regional
- State
- oFederal

Municipal (local)

- •Incident starts at this level.
- •Response time is immediate.
- •Self-sustaining until requested assistance arrives.

Weber County

- Beyond the municipality's capability
- •Encompasses more than one municipality.
- •Response Time 1 hour.
- Provides extra, but limited resources.
- •Hazardous Materials involved.

Regional

- Collaboration of County EMAs
- Northern Region 1
- Provide human and physical resources

State EMA

- •Incident is beyond the county's capability.
- •Incident encompasses more than one county.
- •Response Time 4 hours.
- ·Provides additional resources.

Federal EMA

- •Incident beyond the state's capability.
- •Incident encompasses more than one state.
- •Response Time Various.
- Provides additional resources.

Initial Damage Report

- Performed immediately after the disaster
- Provides a "snapshot" of how the incident impacted the municipality
- Assess number of properties affected and extent of damage ONLY

Disaster Declaration

- A legal document, when declared by the governing body;
- Implements the use of the local EOP
- Bypasses the bidding process
- Enables the employment of temporary workers
- –Allows for the rental of equipment and supply purchases

Purpose of NIMS

The National Incident Management System (NIMS) is a comprehensive system that "Provides a consistent nationwide approach to enable federal, state, tribal and local governments, non-governmental organizations (NGOs), and the private sector to work together to prevent, protect against, respond to, recover from, and mitigate the effects of an incident, regardless of cause, size, location or complexity" [...] is a set of guiding core doctrines, concepts, principals, terminology, and processes that are meant to enable an incident management system that is not only effective, but that allows all entities to work together seamlessly as well.

What is ICS?

- The Incident Command System
- –Standardized, on-scene, all-hazards incident management concept.
- Allows its users to adopt an integrated organizational structure to match the complexities and demands of single or multiple incidents without being hindered by jurisdictional boundaries

- ICS helps to ensure:
- -Safety of responders
- -Achievement of tactical objectives.
- -Efficient use of resources

What is the responsibility of the elected body during an event?

- •Support and work with your emergency management officials, as needed.
- •Communicate quickly, clearly, and effectively to your constituents and work with your partners to ensure a coordinated message.
- •Maintain situational awareness regarding the disaster by staying informed.
- •Serve your citizens by allowing the First Responders and the EOC staff to manage the incident as they are trained to do.
- •Trust and empower your emergency management officials to make the right decisions.
- •Use an EOC Liaison to help you stay informed during the incident.
- ·Continuity of Government.

Questions

To: Matthew Dixon, City Manager From: Fleet Manager Garth Hadfield

Date: 4/7/2022

Re: Surplus Property

In accordance with current City policies, I am requesting that the following property currently within the possession of this department be declared surplus to City needs:

No. of Items	Description of Property	Value of Property (or min. bid amnt. accptd)	How Value Was Determined*	Recommended Means of Disposition** (trade, sale by bid, lease, salvage, destruction, donation)
1	#237 2012 F-550 dump truck Strom Drain	\$35,000.00	Commercial truck trader internet	Public Surplus Auction
	VIN #1FDUF5HT6CEC97578			
1	#276 2013 725DT Grasshopper Parks	\$3,000.00	Previous sales on Public surplus	Public Surplus Auction
	VIN # 6412842			
1	#217 2013 E55 Bobcat Mini X Water	\$25,000.00	Machinery trader Internet	Public Surplus Auction
	VIN # ARWM11626			
1	A-81 2003 F-350 Ambulance Ambulance Fund	\$5,000.00	Commercial truck trader internet	Public Surplus Auction
	VIN #1FDWF36P63EC66608			
1	Pallet of used Police Equipment Police	\$50.00	Previous sales on Public surplus	Public Surplus Auction

^{*} Value of property shall be estimated by evaluation by a qualified and disinterested appraiser, through professional publications and valuation services, or through an informal market survey conducted by the Director of Finance.

City Manager's findings:

I find that the above items are surplus to the needs of South Ogden City and the proposed disposition of this property is approved.

Matthew Dixon, City Manager

Date

^{**}Sales of City property shall be based, whenever possible, on competitive sealed bids. The Director of Finance, in consultation with the City Manager, may waive the competitive bidding requirement when the value of the property has been estimated by an alternate method and the value is considered negligible in relation to the costs of sale by bid, sale by bidding procedure is deemed unlikely to produce a competitive offer, or circumstances indicate that bidding on the property will not be in the best interests of the city.

Notice is hereby given that Jon Andersen, Parks and Public Works Director, has requested that the following property be declared surplus, and that Matthew Dixon, City Manager, has verified that the following items are surplus to the city's needs and can be utilized or disposed of as noted:

No. of Items	Description of Property	Value of Property (or min. bid amnt. accptd)	How Value Was Determined*	Recommended Means of Disposition** (trade, sale by bid, lease, salvage, destruction, donation)
1	#237 2012 F-550 dump truck Strom Drain	\$35,000.00	Commercial truck trader internet	Public Surplus Auction
1	VIN #1FDUF5HT6CEC97578 #276 2013 725DT Grasshopper Parks	\$3,000.00	Previous sales on Public surplus	Public Surplus Auction
	VIN # 6412842			
1	#217 2013 E55 Bobcat Mini X Water	\$25,000.00	Machinery trader Internet	Public Surplus Auction
	VIN # ARWM11626			
1	A-81 2003 F-350 Ambulance Ambulance Fund	\$5,000.00	Commercial truck trader internet	Public Surplus Auction
	VIN #1FDWF36P63EC66608			
1	Pallet of used Police Equipment Police	\$50.00	Previous sales on Public surplus	Public Surplus Auction

The City Council will determine if the above property should be declared surplus at the May 3, 2022 regularly scheduled City Council meeting. Any member of the city council may make a request for a public hearing concerning this property at the meeting.

Leesa Kapetanov City Recorder

STAFF REPORT

SUBJECT: Amended Agreement with WFRC

AUTHOR: Doug Gailey
DEPARTMENT: Administration

DATE: 5-3-2022

RECOMMENDATION

Approve amended agreement with Wasatch Front Regional Council for the General Plan update.

BACKGROUND

In October of 2019, WFRC put out an RFP for the general plan update for South Ogden City. WFRC had previously awarded South Ogden City a grant for the General Plan update. The bid for the update was awarded to FFKR as they were the only company to submit a bid. The contract amount was for \$80,000 and South Ogden City's portion of that was \$30,000. The original schedule called for completion by the end of 2020. The work was not completed by FFKR in a timely manner. For a multitude of reasons, which included a failure of FFKR to communicate with South Ogden and WFRC, in December of 2021 it was decided that WFRC would terminate their contract with FFKR. It was also decided that WFRC to try to contract with Landscape Design to finish the work that had been started by FFKR.

ANALYSIS

In January of 2022, Landmark Design submitted a scope of work to finish the project. Per the council's request, Landmark has updated the scope of work to include additional public input and the inclusion of a water use and preservation component. The original price submitted by Landmark Design was \$43,600. The cost of the new contract with the increased scope of work is \$69,100. There are still some funds remaining from the original project, and WFRC is able to contribute an additional \$15,500 to that. Including the remaining funds from the original grant, WFRC will pay a total of \$59,100, which leaves South Ogden with an additional amount of \$10,000 to finish the project. This additional amount will result in a comprehensive General Plan that will satisfy the requirement to have a water conservation component and meet the long-term needs and vision of the city.

SIGNIFICANT IMPACTS

\$10,000 dollars is being added to the original agreement with WFRC

ATTACHMENTS

Resolution No. 22-06

RESOLUTION OF SOUTH OGDEN CITY AMENDING A MATCH AGREEMENT WITH WASATCH FRONT REGIONAL COUNCIL AND APPROVING A LETTER OF CONCURRENCE, AND PROVIDING THAT THIS RESOLUTION SHALL BECOME EFFECTIVE IMMEDIATELY UPON POSTING AND FINAL PASSAGE.

WHEREAS, the City Council finds that the City of South Ogden ("City") is a municipal corporation duly organized and existing under the laws of Utah; and,

WHEREAS, the City Council finds that in conformance with Utah Code ("UC") § 10-3-717 the governing body of the city may exercise all administrative powers by resolution including, but not limited to regulating the use and operation of municipal property and programs; and,

WHEREAS, the City Council found it necessary to address comprehensive general plan development and documentation dealing with land use, transportation, sustainable development and economics, economic development and market analysis, moderate income housing, urban form, place making and community design, neighborhoods, environmental conditions and sensitive lands, and parks, recreation, trails, and open space needs within the city; and,

WHEREAS, the City Council found that the city staff worked with the Wasatch Front Regional Council through their Transportation and Land Use Connection Program and succeeded in obtaining a matching grant for partial funding of an update and renewal of the city's comprehensive general plan; and,

WHEREAS, the City Council then signed a "Letter of Concurrence and Match Agreement" with the Wasatch Front Regional Council for utilization, and accounting for these matching funds; and,

WHEREAS, the City Council found that through a request for proposals for an update and renewal of the City's Comprehensive General Plan only one eligible firm applied and was then chosen to create a Comprehensive General Plan for South Ogden City; and,

WHEREAS, the City Council found that the comprehensive general plan created did not meet the level of expertise expected; and,

WHEREAS, the City Council now finds that staff has worked with the Wasatch Front Regional Council through their Transportation and Land Use Connection Program to secure another firm to create a more acceptable Comprehensive General Plan; and,

WHEREAS, the City Council finds the Wasatch Front Regional Council now desires to

amend the original "Letter of Concurrence and Match Agreement" executed by the parties to finalize the receipt, utilization, and accounting for matching funds; and,

WHEREAS, the City Council finds that the City now desires to approve the amended Letter of Concurrence and Match Agreement as requested by the Wasatch Front Regional Council; and,

WHEREAS, the City Council finds that the public convenience and necessity requires the actions contemplated,

NOW, THEREFORE, BE IT RESOLVED BY THE GOVERNING BODY OF SOUTH OGDEN AS FOLLOWS:

SECTION II - CONTRACT AUTHORIZED

That The Amended "Letter Of Concurrence And Match Agreement" For Comprehensive General Plan Development, Attached Hereto As **Attachment** "A" And By This Reference Fully Incorporated Herein, Is Hereby Approved And Adopted; And The City Manager Is Authorized To More Fully Negotiate Any Remaining Details Under The Agreement On Behalf Of The City And Then To Sign, And The City Recorder Authorized To Attest, Any And All Documents Necessary To Effect This Authorization And Approval.

SECTION III - PRIOR ORDINANCES AND RESOLUTIONS

The body and substance of all prior Resolutions, with their provisions, where not otherwise in conflict with this Resolution, are reaffirmed and readopted.

SECTION IV - REPEALER OF CONFLICTING ENACTMENTS

All orders, and Resolutions regarding the changes enacted and adopted which have been adopted by the City, or parts, which conflict with this Resolution, are, for such conflict, repealed, except this repeal shall not be construed to revive any act, order or resolution, or part repealed.

SECTION V - SAVINGS CLAUSE

If any provision of this Resolution shall be held or deemed or shall be invalid, inoperative or unenforceable such shall render no other provision or provisions invalid, inoperative or unenforceable to any extent whatever, this Resolution being deemed the separate independent and severable act of the City Council of South Ogden City.

SECTION VI - DATE OF EFFECT

This Resolution shall be effective on the 3rd day of May, 2022, and after publication or posting as required by law.

PASSED AND ADOPTED BY THE CITY COUNCIL OF SOUTH OGDEN CITY, STATE OF UTAH, on this $3^{\rm rd}$ day of May, 2022.

	SOUTH OGDEN CITY
	Russell Porter, Mayor
ATTEST:	
Leesa Kapetanov, CMC	
City Recorder	

ATTACHMENT "A"

Resolution No. 22-06

Resolution Of South Ogden City Amending A Match Agreement With Wasatch Front Regional Council And Approving A Letter Of Concurrence, And Providing That This Resolution Shall Become Effective Immediately Upon Posting And Final Passage.

03 May 22

TRANSPORTATION AND LAND USE CONNECTION CONSULTANT AGREEMENT

WASATCH FRONT REGIONAL COUNCIL

EFFECTIVE DATE:

1. **CONTRACTING PARTIES:** This agreement ("Agreement") is between the Wasatch Front Regional Council, referred to as WFRC and the Consultant shown below, referred to as "CONSULTANT." THE LOCAL GOVERNMENT is in agreement with the CONSULTANT'S (1) executive summary, (2) detailed work plan, (3) project team / staffing plan, (4) approach, and (5) schedule.

Consultant Name: Landmark Design

Address: 850 South 400 West, Studio 104, SLC, UT 84101

Phone Number: 801-474-3300

Fed ID No: 87-0447257

- 2. REASON FOR CONTRACT: The WFRC desires to supplement the work of its staff by engaging additional qualified assistance to complete the work required in the suggested time frame and the CONSULTANT is professionally qualified and willing to assist the WFRC with the work outlined in the Attachment B. This contract is to complete work toward fulfilling the Transportation and Land Use Connection Award for the South Ogden General Plan project.
- PROJECT / CONTRACT PERIOD: The project / Agreement will terminate on September 1st, 2023
 unless otherwise extended or canceled in accordance with the terms and conditions of this
 Agreement.
- 4. **CONTRACT COSTS:** The CONSULTANT will be compensated a maximum amount for costs authorized by the Agreement as described in Attachment C.
- 5. ATTACHMENTS: Included as part of this contract are the following attachment

Attachment A – Standard Terms and Conditions

Attachment B - Scope of Work and Services

Attachment C - Consultant Budget and Responsibilities

Attachment D – Local Government Understanding and Agreement

The parties below hereto agree to abide by all the provisions of this Agreement. IN WITNESS WHEREOF, the parties sign and cause this Agreement to be executed.

Wasatch Front Regional Council

ATTACHMENT A Standard Terms and Conditions

1. Employment of CONSULTANT.

The WFRC hereby agrees to engage CONSULTANT, and CONSULTANT hereby agrees to perform the services identified in Attachment A based on the budget in Attachment C.

2. Scope of Services by CONSULTANT.

Consultant shall perform these services at the direction of WFRC in accordance with commonly accepted professional standards and to WFRC's satisfaction without increase or decrease in cost or fee payable to Consultant. WFRC reserves the right to refine or amend these work tasks, as necessary.

3. Contract Changes.

Changes to this Contract may be made at any time with the written approval of both parties. In the event that a proposed change in scope proposed by either party will result in an increase or decrease in the agreed contract price, Consultant will notify WFRC before performing or amending such work. The parties will negotiate an appropriate price adjustment and will execute a modification to this contract before commencing or amending such work.

4. Project Oversight.

WFRC will be responsible for supervisory project management, including approval of schedules and schedule changes, approval of Consultant work, payment of invoices, and coordination with other Project participants. The WFRC Project Manager assigned to this Project is Megan Townsend, mtownsend@wfrc.org.

5. Personnel.

Consultant represents that it has, or will obtain at its own expense, all personnel required to perform the services under this Agreement and all personnel engaged in the work shall be fully qualified and shall be authorized under State and local laws to perform such services.

6. Subcontractors.

Consultant shall not employ additional subcontractors in performance of this work unless approved in the agreed upon scope of work or in writing by the WFRC.

7. <u>Time Performance.</u>

The services of Consultant are to commence immediately after the execution of this Agreement and shall be completed by the date of this Agreement unless this date is extended by contract amendment. In the event Consultant's services are suspended, delayed, or interrupted for the convenience of the WFRC, no additional cost shall accrue and no additional compensation shall be made as a result of such suspension, delay or interruption.

8. Compensation.

It is hereby understood and agreed that CONSULTANT will complete the scope of work in Attachment B for a lump sum of \$69,100.

9. Method of Payment.

Consultant shall submit an electronic copy of the monthly invoice to WFRC project manager Megan Townsend, mtownsend@wfrc.org. For all services and materials pertinent hereto, CONSULTANT shall bill WFRC monthly for the completed percentage of the tasks outlined in the scope of work within 30 days of the last day of the work period. All invoices must be numbered, and must be submitted with a monthly progress report outlining the deliverables and tasks completed to the invoice. Invoices must identify costs by key project milestones and the portion of each milestone completed. Labor hours shall be directly traceable and supported by monthly time sheets, and such documentation shall be made available to the WFRC upon request. Copies of receipts, bills, sub consultant invoices, or other documentation supporting direct charges shall be made available to the WFRC upon request. To avoid imposing undue hardship on CONSULTANT, the WFRC shall pay CONSULTANT for all undisputed accounts, shown on the invoice, within 60 days after receiving the invoice subject to the timeliness of LOCAL GOVERNMENT approval.

10. Records.

CONSULTANT shall maintain complete and accurate records with respect to costs incurred under this Agreement. All such records shall be maintained on a generally accepted accounting basis and shall be clearly identified and readily accessible. CONSULTANT shall provide free access to such pertinent portions of books and records to the representatives of the WFRC at all proper times. The WFRC shall have the right to examine and audit the same, and to make transcripts therefrom as necessary and to allow inspection of all work data, documents, proceedings, sub consultant transactions, and activities related to this Agreement for a period of three (3) years from the date of final payment under this Agreement. All accounting records shall readily provide a breakdown of costs charged to this Agreement. Such records, together with supporting documents, shall be kept separate from other documents and records and shall be maintained for a period of three (3) years after receipt of final payment.

11. Products.

This contract is for such time and materials as may be necessary to complete the tasks identified in Attachment B. All final products and project presentations to stakeholders should acknowledge the funding source, the Transportation and Land Use Connection Program. Final products must include the program logo.

12. Disputes.

It is WFRC's desire and intent to resolve any issues arising during the Project through informal means rather than through a formal process. If CONSULTANT and the WFRC Project Manager are unable to satisfactorily resolve an issue, it shall be referred to the WFRC Executive Director for resolution prior to commencing any formal disputes resolution.

The federal Contract Disputes Act of 1978, as amended (41 U.S.C. 7101-7109) will govern all formal disputes. Formal disputes or claims will be submitted in writing to the WFRC Executive Director. All disputes will be adjudicated by WFRC. After exhausting these steps, CONSULTANT may proceed with litigation.

13. Termination of Agreement.

The WFRC shall have the right to terminate this Agreement by giving written notice to CONSULTANT of such termination and specifying the effective date thereof. In the event of termination or upon completion of contractual obligation, all finished documents, data, studies, surveys, drawings, maps, photographs, and records prepared by CONSULTANT shall become the WFRC's property, and CONSULTANT shall be entitled to receive just and equitable compensation for any work completed to WFRC's satisfaction on such documents and other materials, said payment to CONSULTANT or reimbursement to the WFRC (whichever the case may be) shall be based upon the time and expense records required to be kept by CONSULTANT in accordance with paragraph 10 of this Agreement.

14. Law Abiding.

CONSULTANT shall observe and comply with all federal, state and local laws, ordinances or regulations affecting their employees, or those engaged by CONSULTANT on the project for the materials or equipment used or for the conduct of the work, and will procure all necessary licenses, permits and claims arising out of any acts of CONSULTANT occurring during this agency relationship.

15. Trust.

CONSULTANT represents that it has not employed or retained any company or person and that it has not paid, or agreed to pay, any company or person any fee, commission, percentage, brokerage fee, gifts, or any other consideration contingent upon or resulting from award or making of this Agreement. For breach or violation of this warranty, the WFRC shall have the right to annul this Agreement without liability.

16. Certification Regarding Debarment, Eligibility, Indictments, Convictions or Civil Judgments.

CONSULTANT represents that it or any person associated therewith in the capacity of director, officer, principal investigator, project director, manager, auditor, or any position involving the administration of Federal Funds, except as may be noted, is not currently under suspension, debarment, voluntary exclusion, or determination of ineligibility by any Federal agency, nor has been in the last three years.

17. Certification Regarding Restrictions on Lobbying.

CONSULTANT represents that no appropriated federal funds will be used for activities precluded by Title 31 U.S.C, Section 1352. CONSULTANT hereby certifies compliance with this provision under this Project.

18. Interest of Members of WFRC and Others.

No officer, member or employee of the WFRC and no member of its governing body, and no other public official of the governing body of the locality or localities in which the Project is situated or being carried out who exercised any functions or responsibilities in the review or approval of the undertaking or carrying out of this Project, shall participate in any decision relating to this Agreement which affects his personal interest or have any personal or pecuniary interest, direct or indirect, in this Agreement or the proceeds thereof.

19. Findings Confidential.

No reports, information, data, or other Project materials given to, prepared, or assembled by CONSULTANT shall be made available to any individual or organization by CONSULTANT without the prior written approval of the WFRC, except as required by law or subpoena.

20. Publication, Reproduction and Use of Material.

No reports, maps or other documents produced under this Agreement shall be subject of an application for copyright by or on behalf of CONSULTANT. The WFRC shall have the authority to publish, disclose, distribute and otherwise use, in whole or in part, any reports, data, or other materials prepared under this Agreement for this project or for program communications purposes. Original documents and related source files, methodological explanations, drawings, designs, and reports generated by this Agreement shall belong to and be the property of WFRC. All files associated with the completion of the scope must be provided to WFRC upon completion of the scope prior to the payment of the final invoice.

21. Limitation of Rights.

The services to be performed by CONSULTANT are intended solely for the benefit of the WFRC. Nothing contained herein shall confer any rights upon, or create any duties on, the part of CONSULTANT toward any person or persons not a party to this Agreement, including, but not limited to, any contractor, subcontractor, supplier, or the agents, officers, employees, insurers, or sureties of any of them.

22. Hold Harmless.

CONSULTANT shall defend, indemnify and save harmless the WFRC, and its officers and employees, from and against any and all damages to property or injuries to or death of any person or persons, including property and employees or agents of the WFRC, for any and all claims, demands, suits, actions, or

proceedings, including workers' compensation claims, to the extent they result from or arise out of the sole tortious or negligent acts, errors, or omissions of CONSULTANT, its agents, officers and employees.

The WFRC shall defend, indemnify and save harmless CONSULTANT, and its officers and employees, from and against any and all damages to property or injuries to or death of any person or persons, including property and employees or agents of CONSULTANT, for any and all claims, demands, suits, actions, or proceedings, including workers' compensation claims, to the extent they result from or arise out of the sole tortious or negligent acts, errors, or omissions of the WFRC, its agents, officers, employees, or subcontractors.

23. Insurance.

CONSULTANT maintains, at its own expense, workers compensation, commercial general liability (professional liability @ \$500,000 per occurrence), and automobile liability insurance policies with limits at or above that which is reasonably required in the industry for comparable planning studies and will, upon request, furnish certificates of insurance to the WFRC.

24. Independent Contractor.

CONSULTANT shall be an independent contractor in the performance of services herein.

25. Representative of WFRC.

The WFRC's representative in the performance, implementation, and administration of this Contract shall be the member of the WFRC staff designated to act on his behalf of the Executive Director as Project Manager for this Project as identified in paragraph 4 (Project Oversight) above. All direction and official communication regarding scope, budget, and contract with the CONSULTANT from WFRC shall be from such single source.

ATTACHMENT B

PROJECT TEAM

The Landmark Design Team merges the services of Landmark Design (Project Management / Land Use, Placemaking, Environmental Parks and Recreation Elements / Public Involvement / Plan Documentation / PolicyPlanning / Plan Production) with the services of **Township + Range** (Transportation Element) and **Lewis, Young, Robertson & Burningham – LYRB** (Economic Development and Housing Elements / Demographics & Projections).

APPROACH & METHODOLOGY

As a result of unprecedented growth and change, the current South Ogden General Plan has become out-of-date and no longer provides a clear vision for the future. This affects many factors of city development, not least a general desire to provide a mix of housing types and cost-points to meet the needs of a changing ang evolving city and region. In order to provide clear future direction to guide growth and change, a land use vision is required that is comprehensive and long-reaching, yet grounded in the fact that the city is generally built-out and an acknowledgement that future change will occur primarily through targeted redevelopment.

The Updated General Plan must therefore establish a vision for the city that balances current and future needs and desires while also recognizing the significant work and effort that has been expended in the development of form-based codes, new park and recreational amenities and on-going housing and development projects. As indicated in the original RPLOQ for this planning effort, the focus of our efforts will merge creative approaches for meeting future economic development and housing needs within a well-established transportation and land use framework.

Our work has already begun, with a preliminary assessment of the findings and results of the previous planning effort. To summarize, those efforts established a vision for the future, but generally lacked data and analysis that support the vision. Furthermore, there is a lack of basic planning tools, including maps and charts, to convey the findings and decisions. Finally, while it is clear that several online community engagement efforts were undertaken in addition to a community-wide survey, it appears that public participation in those efforts was less than stellar and may not accurately represent a clear understanding of the community at large. Finally, there is a general lack of basic research and data upon which to craft a responsive plan.

We understand that our role is to "pick up the pieces" of the previous planning effort, utilize what is available, and supplement as necessary to create a robust and representative plan that will help guide the city from where it is today to where it wants to be in the future. We also understand that although all elements of the General Plan are important, housing, land use, economic development and transportation are key for providing a clear growth and development direction, and that some areas of the city may require greater attention and more detailed assessment than others.

Our approach embraces the focused direction outlined in the original RPLOQ. Landmark Deign will lead all efforts, coordinating with City staff and our subconsultants to ensure our process matches anticipated needs. We understand that WFRC and South Ogden are interested in applying resources wisely, and we leverage applicable finding from the recent planning effort toward the creation of the updated general plan.

We will work closely with South Ogden staff throughout the process, which will help provide greater efficiency and result in more streamlined plan. We enjoy such collaborations and look forward to working together to create a representative community participation program that fills existing gaps. The end result will be an updated General Plan presented in an easy-to- understand format.

SCOPE OF WORK

TASK 1: PUBLIC INVOLVEMENT & OUTREACH

We understand that significant effort has been expended toward a thoughtful and organized approach to public involvement. We therefore propose utilizing those findings and verifying them through the following efforts:

PLAN ADVISORY COMMITTEE

We will re-kindle the Technical Advisory Committee, which will work with the planning team to verify the findings of the previous effort and provide overall guidance during the plan development process. Their input will be targeted to help identify what has already been done, to ensure the findings of the past study are clear, and to identify other areas where additional outreach might be required. The committee meet two times during key stages of the planning process and should possibly be expanded to improve representation by citizens, business owners, property owners and other stakeholders who can represent neighborhood, business and other interests.

PROJECT WEB PAGE / ON-LINE INFORMATION EXCHANGE /

A Project web not only facilitate quick exchange of information and ideas with the public, but will also help increase public knowledge and interest in our projects while helping us to hear from people who have not been involved to date. The website will be hosted by landmark Design and linked to the South Ogden City website.

ON-LINE SURVEY AND ENGAGEMENT

In order to help determine the future vision of the city, we will augment the project web page with **Social Pinpoint™** an online engagement tool. Social Pinpoint™ is an interactive online community engagement tool that helps communities connect with their citizens and stakeholders. The tool will be hosted on the project website, providing numerous opportunities to comment, question and propose ideas for specific issues and areas in the community using online maps, questionnaires and other tools which provide a significant layer of public

input. We have been working with this software for nearly five years now and have found it particularly valuable for correlating needs with specific sites and possible actions and solutions. It allows participants to "drag and drop" various types of "comment pins" to different locations. They can also upload photos and images to help describe ideas and point out specific locations. Built-in reporting tools show the concentration of comment locations throughout a project area, categorizing responses by comment type. As part of this effort, we can also conduct "spot pols/survey" to identify specific needs and priorities.

PUBLIC SCOPING MEETINGS

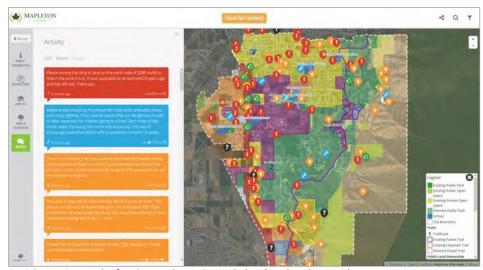

As part of the visioning process, we will either conduct a public scoping meeting at City Hall or Burch Creek School, in effort to get direct public input and ideas early in the planning process. We will also conduct public scoping events as part of South Ogden Days festivities on June 17th and 18th. The results of these events will be analyzed and presented to the Advisor Committee for review and direction

PLAN DIRECTION WORKSHOP

Once the planning direction has been identified, a Draft General Plan will be developed by Landmark Design and an open house meeting held to allow members of the public to review the plan and provide additional public input prior to finalization and adoption. The draft will also be presented to the Advisory Committee and posted to the website for additional review and input by the public.

PUBLIC OPEN HOUSE MEETING - REVIEW THE DRAFT GENERAL PLAN

Once the planning direction has been identified, a Draft General Plan will be developed by Landmark Design and an open house meeting held to allow members of the public to review the plan and provide additional public input prior to finalization and adoption. The draft will also be presented to the Advisory Committee and posted to the website for additional review and input by the public.

Social Pinpoint results for the Mapleton General Plan (Landmark Design)

Website for the Mapleton General Plan (Landmark Design)

CITY LEADERSHIP BRIEFINGS

Landmark Design will brief members of the Planning Commission, City Council and Mayor, providing a summary of planning issues and ideas. We assume that we will be meeting with both groups jointly, for a total of two meetings.

TASK 2: REVIEW EXISTING PLANS & DOCUMENTATION

This task is designed to get "up to speed" with current and past planning processes and conditions. In order to ensure that a clear avenue of communication is established between the Planning Team and South Ogden City and to maximize the efficient use of time and the sharing of ideas and knowledge, a Kickoff Meeting between Landmark Design Team members, Technical Advisory Committee members, City Staff and other interested parties is proposed during the earliest stages of the planning process, possibly by Zoom or other on-line platform. In order to begin the familiarization process, we will conduct a site visit and tour for the benefit of our team and subconsultants

Deliverables:

- Kickoff Meeting and Site Tour / Confirm project schedule
- Review previous plans and planning efforts, including available data and mapping
- Review existing plans and documents
- Prepare base map(s)
- Prepare demographic projections (LYRB)
- Plan Advisory Committee Meeting #1
- Staff progress meetings

Examples of In-Person Event at Summit County Fairgrounds , On-line Community Event (Snyderville Basin SRD) and Social Pinpoint™ results (Landmark Design)

TASK 3: RESEARCH AND ANALYSIS

This task will allow the planning team to analyze the previous planning effort, identify gaps and determine a path forward. We will blend

the information obtained during our kickoff meeting with our analysis of existing plans and documents to create an Existing Plan Development Report. This will enable planning team members, City Staff, the Plan Advisory Committee and other interested parties to understand what has been developed, what is needed (according to the original RFP) where there are gaps, and what is needed to complete the plan.

Deliverables:

Prepare and distribute an Existing Plan Development Report

TASK 4: DRAFT PLAN

Once needs are clearly understood, the Landmark Design Team will prepare the Draft Plan as described below. It will be an easy-to-understand and engaging document, utilizing creative layout and graphic design. The actual layout may be less "Chapter-centric" as indicated, and possibly structured in a manner that tells a clear story about the city today and where it is headed in the future.

1 BACKGROUND & INTRODUCTION

Background and introductory information will be assembled, beginning with the vision already established as part of the previous effort. This information may be modified depending on the results of our outreach and analysis. The Technical Advisory Committee, City Staff, residents and leadership will help craft a vision that will help guide the city in the future

LYRB will provide a snapshot of existing and future demographic conditions will be established at this stage, addressing population and growth characteristics, age structure, household size, employment and income levels. In order to establish a solid baseline of existing population, household and demographic characteristics, we will review available data regarding the City's current population and demographic information and prepare maps of demographic characteristics that clearly make information clear and easy-to -understand.

Deliverables:

- General Plan Vision Statement
- Estimate of Current Population and review of other Key Demographics (e.g. income, age, household size, etc.)
- Estimate of Future Population Growth within the City
- Associated Mapping

2 LAND USE

A clear and easy-to-understand Land Use Element is essential to ensure that codes and ordinances are aligned with a planning direction that reflects current ideas and visions. We will build upon the public engagement process and recent Land Use Plan Update to create an accurate and General Plan Land Use Map.

Deliverables:

- Updating land use mapping, focusing on areas of known change.
- Determining changes to the land use map, zoning map and ordinances such as the Form-based Codes.
- Correlating future population estimates and demographic conditions to develop realistic land use projections.
- Developing goals and policies.
- Developing strategies for aligning redevelopment areas with a South Ogden "sense of place".

3 TRANSPORTATION

A general analysis of road conditions was provided as background information to the previous planning effort, but was not incorporated into the draft plan. Tim Sullivan from Township + Range will build upon this information in addition to other recent studies such as the active transportation plan prepared by Alta Planning and Design to refine a transportation concept and network for the range of modes — motor vehicle traffic, transit, bicycling, and walking. The final result will be relatively simple, but is likely to consider the configuration of street corridors and intersections, traffic calming approaches, transit service and regional connection. The transportation element will also complement any the future land use changes.

4 MODERATE INCOME HOUSING

Kate Werrett and associated staff will conduct this effort for LYRB, utilizing the existing moderate income housing report from 2020 as a starting point. It is anticipated that much of the information from this document will need to be updated and analyzed. In addition, LYRB will evaluate the previously adopted goals, identify actions that have been completed and establish new goals and actions. This task will evaluate/update market demand as well as the availability of affordable or moderate-income housing in South Ogden, which is done by comparing incomes in Weber County with home prices in the City. First, a definition of moderate income is used to define what percent of households in the County would be considered moderate income. An affordability analysis follows, outlining affordable payments and home values for a moderate-income household.

The analysis will address all areas within the City. Additionally, LYRB will work with the City to assess the impact of redevelopment on affordability in transitional neighborhoods and develop creative moderate-income housing programs and strategies to include in the plan, with a focus on land use and housing policies to accommodate the need for a variety of housing types.

Deliverables:

- An estimate of the existing supply of moderate income housing located within the city
- An estimate of the need for moderate income housing in the city for the next five years as revised biennially
- A survey of total residential land use
- An evaluation of how existing land-uses and zones affect opportunities for moderate income housing
- A plan to encourage an adequate supply of moderate income housing

5 HERITAGE & CULTURAL RESOURCES

South Ogden City has a rich history that is the foundation of its community character. In order to ensure that these qualities are acknowledged, maintained and reflected as the city grows and evolves, we will utilize the cultural and natural history contained in the draft plan that was developed to define specific goals that support the larger community vision and help maintain the sense of place and history of the city over time.

6 SUSTAINABILITY & ECONOMIC INDEPENDENCE

South Ogden has a range of natural and man-made resources that contribute to its special character. These include its setting and topography, local waterways and drainages, business districts and neighborhoods. The topography, geology and soils are important natural conditions that require careful planning in order to avoid serious problems. As the city is fully built out and redeveloped, many of the new sites are likely to have environmental, geological, or soil issues that need to be addressed.

This element will address needs and methods for preserving natural spaces, conserving water, permitting the keeping of bees and chickens, improving air quality, and reducing overall energy consumption. It will address the important role that natural resources contribute to the integrity of the City, and the actions required to ensure the city grows and develops sustainably and efficiently in the future.

The second aspect if this chapter will be lead by LYRB, which will establish general economic development policies and objectives with a focus on sustainable retail, office and industrial uses that will serve a vital role in the community through the generation of municipal revenues, job creation and the delivery of economic services. The following are key objectives of this portion of this element:

- Provide strategies to enhance sense of place and viability for business in key locations.
- Perform a sales leakage study to identify city's strengths and weaknesses for attracting businesses and create a strategy for encouraging desired business types to locate in South Ogden;
- Establish local retention strategies;
- Provide strategies to increase the tax base (sales and property); and,
- Identify unique districts if any and provide strategies for each.

7 COMMUNITY DESIGN, NEIGHBORHOODS & PLACEMAKING

This chapter will address how to make South Ogden a city that is walkable and bikeable, pleasant and sustainable. Since much work has already taken park as part of developing the Form-based Codes for the City Center, 40th Street and the Commercial Areas of the city, the focus will be on the missing details that will help define how the city will function and what it will look like when redeveloped. We will analyze and make recommendations regarding how to create walkable, pedestrian places where people want to visit and linger, and how to create great public spaces such as plaza and parks. We will also investigate the gateways and entrances into the city, and present new

and exciting ideas for distinguishing South Ogden as a community that is on the rise. We will consider the potential for destination attractions that will be a draw new residents and visitors to the local community as well as to the greater region. Finally, we will address general land use and urban design standards for these places that illustrate how the city might transform over time.

8 WATER USE & PRESERVATION

The Utah Legislature recently adopted several new laws that address water use and conservation. SB 110 (Water Use as Part of the General Plan) mandates that municipal general plans address land and water use together. More specifically, the new legislation (1) requires a water use and preservation element to be part of the general plan, (2) outlines how a water use and preservation element is integrated into a general plan and what steps to take in developing a water use and preservation element, (3) and requires that the element is adopted as part of the general plan by December 31, 2025. Landmark Design will lead this effort, and will be assisted by the City Engineer, local water supply districts, and technical staff as deemed necessary. As part of these inputs, we will also ensure that the requirements of HB 282 (Water Wise Landscaping Requirements) which prohibits public and private entities from prohibiting water-wise landscaping and authorizes certain landscaping requirements, in addition to other applicable water-related laws are considered as part of this effort.

FINALIZING THE DRAFT GENERAL PLAN

Once each of the elements described above have been prepared and coordinated, the information will be presented to the Plan Advisory Committee and City Staff for their input and direction and presented at a briefing with the Planning Commission and City Council. The Draft Plan will be revised accordingly, incorporating changes based on the comments provided, and unveiled at a Public Open House meeting where public comment will be solicited, documented and summarized for consideration by community decision makers. With approval of City Staff, the Draft Plan will be uploaded to the project web page at this stage for further public input and scrutiny.

Deliverables:

- Staff Progress Meetings
- Plan Advisory Committee Meeting #3: Review Preliminary Draft Amended General Plan
- Public Meeting #3: Public Open House to review Preliminary Draft Amended General Plan
- Preliminary Draft Amended General Plan for further distribution to City Staff, leadership and administration, Plan Advisory Committee members, and members of the public

TASK 5: DRAFT FINAL SOUTH OGDEN CITY GENERAL PLAN

Once the Open House meeting has been held and adequate time provided to receive additional online comments, the input will be summarized and submitted to City Staff and members of the Plan Advisory Committee. Final comments will then be incorporated into the final plan, and an Executive Summary prepared and incorporated. The Draft Plan will be revised accordingly and resubmitted as the *Draft Final South Ogden City General Plan*.

Deliverables:

- Draft Final South Ogden City General Plan, suitable for distribution to City Staff, members of the Planning Commission and City Council,
 Plan Advisory Committee members and members of the public
- Public Open House to review the draft plan and provide input
- Editable copies of all text, spreadsheet and maps
- Illustrative drawings and a PowerPoint slide presentation suitable for Planning Commission and City Council approval meetings

TASK 6: APPROVAL PROCESS/FINAL SOUTH OGDEN CITY GENERAL PLAN

The *Draft Final South Ogden City General Plan* will be presented to the Planning Commission and City Council as part of the approval process. Once approved and adjusted as necessary, final plan modifications will be made and final deliverables provided. A senior member of Landmark Design will make a single presentation to each group as part of this process.

Deliverables:

- Presentations to the Planning Commission and City Council meeting to facilitate the plan adoption process.
- Adopted South Ogden City General Plan in PDF and InDesign format.
- PowerPoint slide presentation of the Adopted South Ogden City General Plan.

SCHEDULE

Landmark Design proposes an eight-month timeline to complete this project, and two months to adopt the plan. This should provide adequate time to complete the tasks required while maintaining project impetus. Assuming we receive notice-to-proceed on March 1, 2022, the Draft Plan should be complete at the end of 2022, with adoption to commence immediately after in early 2023.

ATTACHMENT C Budget and Responsibilities

Budget

Fees for the above services are a lump sum of \$69,100

The contributions for the project to the CONSULTANT are as follows, but funds will be distributed through WFRC:

Transportation and Land Use Connection Program: \$59,100

South Ogden: \$10,000

- (1) Completion: All work shall begin within seven (7) days of the notice to proceed and shall be completed by April 1, 2023.
- (2) Project / Contract Period: The project / contract will terminate on September 1, 2023 unless otherwise extended or canceled in accordance with the terms and conditions of this contract. If additional time is required beyond the project completion date, the WASATCH FRONT REGIONAL COUNCIL will prepare a "Contract Modification" at their reasonable discretion that will include remaining schedule and deliverables to completion for approval by the CONSULTANT.
- (3) Should additional services be required beyond this scope, CONSULTANT will provide them on a time and materials basis as approved and funded by the requesting local government. This will all be requested and agreed to outside the scope of this contract.

Responsibilities

(1) Certification of Insurance: The CONSULTANT must file a current Certification of Insurance to WFRC prior to beginning work.

STAFF REPORT

SUBJECT: FY 2023 Tentative Budget

AUTHOR: Steve Liebersbach

DEPARTMENT: Finance DATE: 5/03/2022

RECOMMENDATION

Staff recommends City Council to adopt Resolution 22-13 Adopting the FY2023 Tentative Budget

BACKGROUND

State law requires the City to adopt its tentative budget for the upcoming fiscal year on or before the first regularly scheduled meeting in May.

ANALYSIS

As the governing body this is the first official step on your behalf in the process of compiling and eventually approving the FY 2023 Budget for the City. Finance has been working for a number of months preparing the numbers. The numbers in the Tentative Budget are preliminary and will change as the process unfolds. Some numbers will probably change substantially as more information and data is gathered in regards to the economic status and potential future impacts.

SIGNIFICANT IMPACTS

At this point there are no significant impacts.

ATTACHMENTS

The FY 2023 Tentative Budget is attached and covers all of the applicable funds the City utilizes.

Resolution No. 22-13

A RESOLUTION OF THE CITY COUNCIL OF SOUTH OGDEN CITY, UTAH, ESTABLISHING AND ADOPTING A TENTATIVE BUDGET FOR FY 2022-2023; PROVIDING THAT THE SAME SHALL BE AVAILABLE FOR PUBLIC REVIEW AND COMMENT; SETTING A PUBLIC HEARING FOR THAT BUDGET; AND PROVIDING FOR AN EFFECTIVE DATE

SECTION 1 - RECITALS

WHEREAS, the City of South Ogden City ("City") is a municipal corporation duly organized and existing under the laws of Utah; and,

WHEREAS, the City Council finds that in conformance with Utah Code ("UC") §10-3-717, the governing body of the city may exercise all administrative powers by resolution; and,

WHEREAS, the City Council finds that in conformance with UC §10-6-111, the governing body of the City must adopt a tentative budget "on or before the first regularly scheduled meeting of the governing body in the last May of the current period"; and,

WHEREAS, the City Council finds that in conformance with UC §10-6-111, the budget officer has prepared, as required, a tentative budget of the ensuing fiscal year (2022-2023) for each fund for which a budget is required, and set forth in tabular form the information and material required to be provided to the City Council; and,

WHEREAS, the City Council finds that in conformance with UC §10-6-112, the tentative budget to be adopted by the City Council - with all supporting schedules and data - should be, and is declared to be, a public record which shall be lodged in the office of the city recorder, available for public inspection for a period of at least 10 days prior to the adoption of a final budget; and,

WHEREAS, the City Council finds that in conformance with UC §10-6-114, the City must hold a public hearing on the budgets tentatively adopted by action of this Resolution and that all interested persons in attendance at that hearing shall be given an opportunity to be heard, for or against, the estimates of revenue and expenditures or any item in the budget of any fund; and,

WHEREAS, the City Council finds that in conformance with UC §10-6-114, the public hearing shall be held at a time and place to be advertised as required by law, or to a place and time to which the public hearing may be adjourned; and,

WHEREAS, the City Council desires to conform its practices to the requirements of law; and,

WHEREAS, the City Council finds that it is in the public interest to adopt policies consistent with the foregoing

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF SOUTH OGDEN, UTAH THAT:

- The tentative budget for FY 2022-2023 of the city of South Ogden is adopted and is attached hereto as **Attachment** "A", and as has been provided to the public; and,
- A public hearing on the budget shall be held on the 21st day of June, 2022 at the offices of South Ogden City, at 6:00 pm or as soon as the agenda permits

BE IT FURTHER RESOLVED this Resolution shall become effective immediately upon its passage.

SECTION 2 - REPEALER OF CONFLICTING ENACTMENTS:

All orders and resolutions regarding the changes enacted and adopted which have heretofore been adopted by the City, or parts thereof, which conflict with this Resolution, are, for such conflict, repealed, except this repeal shall not be construed to revive any act, order or resolution, or part, repealed.

SECTION 3 - PRIOR RESOLUTIONS:

The body and substance of all prior Resolutions, with their prov1s10ns, where not otherwise in conflict with this Resolution, are reaffirmed and readopted.

SECTION 4 - SAVINGS CLAUSE:

If any provision of this Resolution shall be held or deemed or shall be invalid, inoperative or unenforceable such reason shall not have the effect of rendering any other provision or provisions invalid, inoperative or unenforceable to any extent whatever, this Resolution being deemed the separate independent and severable act of the City Council of South Ogden City.

SECTION 5 - DATE OF EFFECT:

This Resolution shall be effective on the 3rd day of May, 2021, and after publication or posting as required by law.

PASSED AND ADOPTED BY THE CITY COUNCIL OF SOUTH OGDEN CITY, STATE OF UTAH, on this 3rd day of May, 2022.

SOUTH OGDEN CITY

Russell L. Porter

FY 2023 Tentative Budget Notes 5/03/2022

Information as to what is and what is not incorporated at this point in the FY 2023 Tentative Budget:

- Property taxes anticipating going through truth in taxation again
 - Modest estimate of 7% market value growth
 - Maintain certified tax rate of .002650
 - Estimated revenue growth of \$264,200
- Sales tax 11.81% increase over FY 2022 budgeted amount
- Utility franchise fees at this point they are unchanged as I have not budgeted in an increase to the utility fee structure
 - That is a conversation that still needs to be had
- Incorporated a 10.3% increase in wages across the board to be in alignment with Council's pay philosophy – this in reality may be low as we analyze the impacts of the current inflation rates – see chart below
- Health insurance and dental insurance increases of 8% and 5.7% respectively are included in the budget – remember this is only for the last 6 months of the fiscal year, Jan. – June 2023
- A couple of the URS retirement rates have gone down ½% or 1% depending on which tier you are looking at
- A large %age of the operating expenses for each department have been increased by 3.2%, not all of them though and there are still some that will have to be looked at in more depth, ie, fuel costs
- No capital items have been included ie, no vehicles or large equipment
- \$1,771,445 has been budgeted for road repairs
- In the Enterprise Funds no new projects have been funded just carry-over amounts from the FY 2022 budget, see chart below
- None of the monies from ARPA (American Rescue Plan Act) are a part of this budget. That discussion still needs to be had
- Incremental analysis of wage & benefit budgeted increases:

	Wages	Benefits	Totals
FY 2022	\$6,191,215	\$2,916,523	\$9,107,738
FY 2023	\$7,042,707	\$3,188,399	\$10,231,106
Difference	\$851,492	\$271,876	\$1,123,368

Overview & timeline for the FY 2023 Budget Process:

May 17th Budget work session if necessary

June 7th Budget work session if necessary – utility fees & enterprise funds

June 21st Council adopts FY 2023 South Ogden City Acting Budget – based on the

presumption the City will go through TnT

July 5th & 19st Budget work sessions if necessary

August 2nd Public hearing on FY 2023 Final Budget – Truth-in-Taxation

Public hearing on utility fund transfers (utility franchise fees)

• Public hearing for City not charging itself for utilities

August 16th Council adopts FY 2023 South Ogden City Budget (w/Truth-in-Taxation)

• Public hearing on utility fund transfers (utility franchise fees)

• Public hearing for City not charging itself for utilities

August 23rd Special meeting in necessary to further discuss budget implementation

30 days after approval - Appropriate reports need to be filed with the State Auditor's Office

STAFF REPORT

SUBJECT: Discussion on Possible Vacation of Alley from 38th

to 39th Street Between Ogden and Adams Avenues

AUTHOR: Leesa Kapetanov
DEPARTMENT: Administration
DATE: May 3, 2022

RECOMMENDATION

Staff has no recommendation. We are looking for direction on whether to move forward with the vacation.

BACKGROUND

Recently, a vacant lot at 480 39th Street was put on the market. The lot is part of the Edge Subdistrict which primarily allows a residential use. A commercial use is only allowed in the Edge Subdistrict if the owner of the business lives at the location as well. No retail commercial businesses are allowed. Picture a house that retains all the characteristics of a single family home where an attorney might live and also have his office. His offices may take up just the front part of the house, or perhaps the bottom floor, but all other spaces are used as the attorney's residence.

The lot at 480 39th Street is next to an alley. The Form Based Code (FBC) makes use of alleys as accesses to parking and service areas of buildings within its boundaries. For example, a restaurant would have large windows and its entrance close to the sidewalk, but customers would find adequate parking off the street behind the restaurant. Service trucks for the restaurant would also find a place off the alley to unload their goods.

The problem with the lot located at 480 39th Street is that the code says that if an alley is available, access to parking must be off the alley. The problem with this alley is that even though the City has never vacated it, many property owners that abut the alley have taken it over as if they already own it. You can see in the attached aerial map that fences, sheds, patios, driveways, and even a garage have been built in the alley.

Many people interested in purchasing the vacant lot on 39th Street have been calling the City to ask about the property, and staff has been telling them what the code says; access to parking for whatever is built has to be off the alley. However, this makes little sense when the alley is inaccessible anywhere else. The only reason it is accessible to this property is because the property is right next to where the alley begins. If the lot were somewhere off of Ogden or Adams in between 38th and 39th Street, access from the alley would be possible only if the City forced everyone along the alley to remove any structures or items presently in the alley right of way.

ANALYSIS

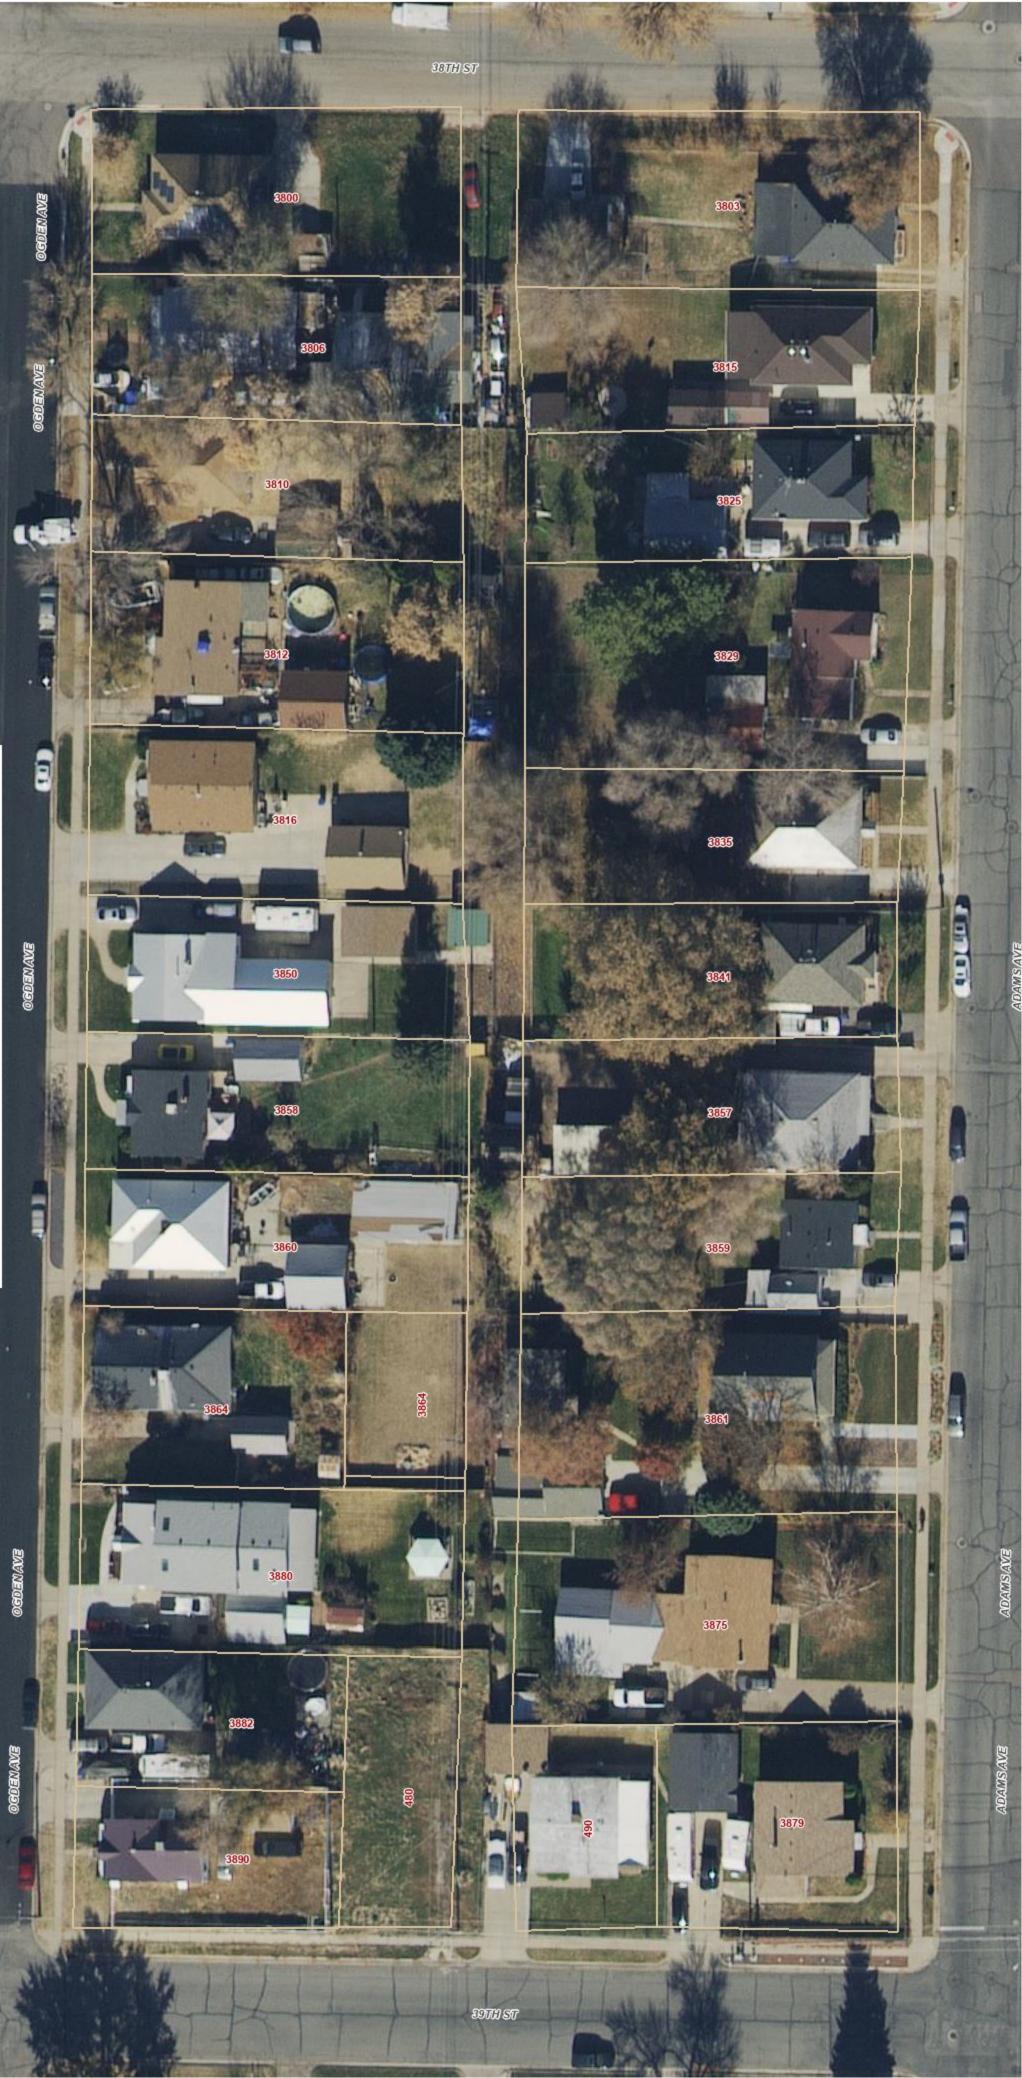

After discussing the matter with the Public Works Department, the City Manager, and the City Attorney, it was determined that the best way to handle this particular situation would be for the City to vacate the alley. This would allow property owners already using it to have legal claim to it, and also allow whoever purchases the private property to have a regular driveway approach on 39th Street.

SIGNIFICANT IMPACTS

The City will no longer have the legal responsibility to maintain the alley.

STAFF REPORT

SUBJECT: Discussion on Possible Boundary Adjustment With

Weber County

AUTHOR: Leesa Kapetanov
DEPARTMENT: Administration
DATE: May 3, 2022

RECOMMENDATION

Staff has no recommendation. We are looking for direction on whether to move forward with the boundary adjustment or not.

BACKGROUND

Staff was recently approached by a resident who owns two pieces of property next to each other; one in South Ogden and the other next to it in Weber County. The resident would like to build a large shed on his property, but the location he has chosen would be across the property line between his two properties. Neither Weber County nor South Ogden City can allow any building to be built across a property line, even if both properties are owned by the same person. So why not just combine the two properties into one? Unfortunately, Weber County will not allow two parcels to be combined if they each have different taxing rates, which these do.

ANALYSIS

This resident is not the only one in the area that is in this situation (see attached Map 1). Not that they all presently want to build something over their property lines, but they all own neighboring properties that are in different entities and have different tax rates. One may also think that because of the location of the properties, we would be dealing with Ogden City and not Weber County; but it is not so. The area of the boundary adjustment is part of an "island" of unincorporated Weber County between South Ogden and Ogden Cities (see Map 2). Staff has talked with the Weber County Planning Department who have indicated they would be very interested in doing a boundary adjustment so the adjoining properties would all be in South Ogden.

You may remember a few years ago when South Ogden did a boundary adjustment with Ogden City along the west side of McKay Day Hospital for the same reason.

SIGNIFICANT IMPACTS

The most significant impact the City would experience would be the additional property tax revenue produced by the addition of the nine small properties to our City. The additional

revenue may even be enough to pay for the extra staff time it will take to go through the boundary adjustment process. Maybe. Poor Weber County won't even have that.

Map 2

ADDENDUM:

Matt just talked to me about a possible boundary adjustment with Ogden City on 40th Street. It would move the boundary from the south side of the ROW to the middle, between Gramercy and the east boundary of the City. He will explain more about the reasons why at the meeting. You can view the proposed boundary adjustment on Map 3.
