January 2014

Council Corner

By Mayor James F. Minster

As 2013 closes it will be remembered for the extremely cold, record breaking weather we have seen. I would like to welcome each of you to 2014. I hope that the very cold temperatures have passed and we can continue through a normal winter. Below is an article “**Brrrr, It’s Cold Outside!**” from the CDC, to help us be better prepared for these colder than normal temperatures. I would ask each of you to be careful and be prepared for the rest of this winter season. As a city we are determined to work hard to deal with these winter conditions and need your help.

“Dressing for Chilly Climates—Wearing the appropriate winter clothing is a good idea if you are planning to venture out in cold weather. This is especially true for children. First, you should make sure to dress them in several different layers of clothing. This will help to keep them warm and dry as they play outdoors. These layers can easily be removed should your child get too hot.

Layer it on—For long exposure to cold weather and for extreme cold, the innermost layers (next to skin) should be made of material that can “wick” away moisture. Long underwear made of non-absorbent synthetic materials works well. Cotton retains moisture and if wet, can result in loss of body heat no matter how well your outer layers fend off the rain and snow. The middle layers should insulate - polar fleece, down, or wool (bibs, pants, sweaters, down vests, etc.) are good insulating materials. Finally, the outermost layer (shell) should protect from wind and water. Finish by dressing in thick socks with waterproof boots that have good treads on the bottom---this will provide more traction in the snow and prevent them from falling.

Cap It Off—Just before going outside, make sure you put on earmuffs, thick gloves, and especially a hat. Much of a person’s body heat is lost through the top of their head, so by helping your child to follow these simple steps will keep them warm and prevent them from getting too cold.

Drink Up—Did you know that drinking liquids is important even in colder weather? It’s true! As people breathe in and out, the body loses a large volume of water. Giving your child soup or cider to drink will not only help them to warm them up from the inside out, but will keep them well hydrated.

Teeth-chattering—As most parents know, the human body is designed to protect us from any perceived threat or danger. Visible shivering or chattering of the teeth is an indication that the body’s internal temperature is beginning to drop. Feeling dizzy or weak is another sign of this. If your child is beginning to exhibit these symptoms, tell them to come inside and take a break for a while by doing some type of indoor activity until they are ready to start again.

Wintertime can be an exciting time to play outside, but make sure you and your children are well-prepared and well-dressed for the occasion.

For more wintertime safety visit: <http://www.cdc.gov/Features/WinterWeather/>

I look forward to a great, productive, safe 2014. I am grateful for this city council and thank them for the service they provide our community.

“Angel Tree” A Great Success

The South Ogden Police Department would like to thank all of those that helped with the Angel Tree this year. Because of your generosity, we were able to supply Christmas to several South Ogden families. There are so many people that are struggling, even as the economy slowly improves; your kindness and willingness to help others in need is more than appreciated! Thank you for making our Sub for Santa program such a success.

BONNEVILLE COMMUNITIES THAT Care

Christmas Tree Recycling

The Public Works Department will recycle your discarded Christmas tree. Please bring your tree to one of the areas listed below now through January 20, 2013. We **will not** pick up trees at any other locations. Stands, nails, ornaments, lights, etc. that could damage the chipper need to be removed and put into your regular garbage. **Please do not discard any paper, garbage or trash at the recycling areas.** Thank you for your on-going support in recycling. If you have any questions, please call 622-2900. Listed below are Christmas tree recycling locations:

1. 560 39th across the street, in front of the bowery on the curb
2. Club Heights Park parking lot
3. Madison Avenue Park parking lot
4. Friendship Park parking lot
5. Meadows Park, approx. 5725 South 2000 East at the end of the cul-de-sac in front of the park

Recreation Starts New Programs

Cardio Ballroom: Registration and classes will begin in January. This class will be open to men, women, boys and girls of all ages. Cost is \$40 for 8 classes. Come learn how to do the Cha Cha and other dance moves while getting your exercise in. This also makes for a great date night.

Baseball Start Smart: This program will be for boys and girls ages 4 to 5. Look for registration to begin in February. Classes will begin in March and the cost will be \$30 for residents and \$35 for non-residents. Classes will be held on Tuesday nights. Participants must be accompanied by an adult for each class.

Co-ed Dodgeball: League will begin in February with registration in January. Cost is \$350 a team with games being played on Monday nights.

Men's winter basketball: League registration will take place in January and the season will begin in February. Cost is \$400 a team. Games will be played on Thursday nights at South Ogden Jr. High.

Winter Driving Survival Tips

The leading cause of death during winter storms is transportation accidents. A few survival tips; have your vehicle serviced, keep a basic road survival kit in the trunk (tire chains, tow rope, small tools, extra warm clothes, blankets, snacks, water, flashlight, etc.) and always keep your fuel tank at least half full. We need to be prepared and not let tragedy happen when it can be prevented.

7 Important Winter Reminders

1. Owners and/or persons occupying property are responsible for removing snow from the sidewalks that border the property.
2. It is illegal to park or leave anything on the road from **November 1 to April 1 between the hours of 1 a.m. and 7 a.m.**
3. It is unlawful for anyone to park or leave a vehicle for more than 48 hours on any street, public road, alley, or municipal property. **Plows will not return to clear snow from areas where a vehicle has been parked.**
4. It shall be unlawful for any person to remove snow, ice or slush from private property and thereafter to deposit by any means or device upon any city street. A citation will be issued for depositing snow, ice, etc. on city streets.
5. Mailboxes that are damaged by a City snowplow will only be replaced by the City if they comply with the policy for proper installation. This requires the closest part of the mailbox or structure at least 4 feet above ground with the front of the box even with or behind the curb. The posts cannot be rotten where the weight of the snow breaks the post. Residents are required to keep area clear for delivery.
6. Trash & Recycling cans need to be removed from gutters as it makes it difficult for street sweeping and snow removal.
7. Please **do not** let children build snow caves anywhere around the park strips or driveway entrances. It can be very dangerous to children and snow plow drivers.

If you have any questions or concerns, please contact the Public Works Department at 801-622-2900.

2014 Dog Licenses

2014 dog licenses are now available. All dog in South Ogden are required to be licensed. Unaltered dogs are \$24, altered dogs are \$12. A \$20 late fee will be assessed after March 1, 2014. If you have any questions, please contact the police department at 801-622-2800.
