Y Campus Connection

At Y Campus Connection, students in Kindergarten through eighth grade will be supported in completing their remote learning while also staying active and enjoying fun activities throughout the day, and after their virtual school day is complete.

Y Campus Connection staff will assist students in logging on and connecting to their school programs using their own laptop or device, assist with questions during remote learning, and help to keep students on track as they connect with their teachers online. During class breaks and after schoolwork is completed, the Y team will get students up and moving in a fun and creative way to keep them engaged and active.
