

Date: 2/27/2017

Proposal ID#: 2017 02-27 HR/RM

To: BOCC

From: Shelly Peters, HR/Risk Manager

Action Item: Sit/Stand Workstations Request for the HR/Risk Management Office and the Commissioners' Office

Summary

This request is for workstation accommodations per the actions of the BOCC 7/14/08.

Presented to Commissioners on 7/14/08 - Presently there is no budget place to deposit or expend monies received back from L & I Retro Pool and dividends that is part of L & I's efforts to return surplus workers' compensation funds to employers and workers. The intent is to then expend received monies for specific workplace problems and issues that surface, which either do or could, impact workers. These funds can then assist various departments and offices with those kinds of concerns as they arise without having to use regular budgeted funds.

Background

The Commissioners' Office and the HR/Risk Management Office each have one employee who have requested the accommodation of sit/stand workstations.

Cost Total Request: \$ 1,400.00

\$700.00 for one sit/stand desk with monitor stand for the Commissioners' Office

\$700.00 for one sit/stand desk with monitor stand for the HR/Risk Management Office

Funding: Small Tools & Minor Equipment L & I Fund

Conclusion/Recommendation: It is recommended that these expenditures from the Retrospective Rating Refund be allowed.
