Introductions

- ▶ Name
- ▶ Organization

Community Health Improvement Plan

- ▶ Review of Final Draft – Katherine and Morgan
 - ▶ Process Overview
 - ▶ Anticipated Timeline

Early Learning – Samantha Bowen

- ▶ CHIP Early Learning Strategies will be developed in partnership with the Walla Walla Valley Early Learning Coalition who is working on their strategic planning for 2019. Identified SMART goals will be developed by February 2019.

Behavioral Health – Meghan DeBolt

- ▶ The goal for behavioral health will be to create a collaborative system wide approach for community behavioral health which will identify and develop a quality council specifically for behavioral health in our valley. The quality council will provide direction on a continuum of care for quality behavioral health services in our community.

Role of the BH Council

- Oversee the behavioral health system of care for Walla Walla County
- Adopt and oversee the implementation of Behavioral Health priorities, goals, and strategies.
- Funding Allocation:
 - Oversee allocation of local funds designated to behavioral health
 - Make recommendations to the County on regional and state allocation of funding for the behavioral health system
- And more to come...

Walla Walla County Behavioral Health Council

The BH Network, Reach Out, will integrate several existing behavioral health related committee/workgroups/coalitions into one.

The Reach Out Network will:

- Fulfill coalition and contractual obligations for state and federal grants.
- Serve as a 'working group' of behavioral health partners.
- Identify unmet needs and set priorities, goals and strategies to meet these needs.
- Align systems and services.
- Coordinate community education and outreach.
- And more to come...

Behavioral Health Network

Reach Out
