WALLA WALLA COUNTY

INVESTMENT SERVICES AGREEMENT

THIS IS AN AGREEMENT between *WW Water District* a governmental entity in the state of Washington, hereinafter referred to as "local government" and **Walla Walla County**, a political subdivision of the state of Washington, hereinafter referred to as the "County", whereby local government agrees to participate in the County investment program in the following manner:

WHEREAS, pursuant to RCW 39.34.080, one or more public agencies may contract with one another to perform governmental services which each itself is, by law, authorized to perform; and

WHEREAS, both local government and the County, through the Walla Walla County Treasurer, are not only authorized but obligated by law to perform the investment function by placing such investments in instruments allowed by statute; and

WHEREAS, both the County and local government incur various costs in placing investments, such as: the cost of receiving and sending wires, for placement of maturing of investments, safe-keeping of negotiable instruments, and daylight overdrafts; and

WHEREAS, RCW 36.29.022 allows for the County Treasurer and junior taxing districts to create a pool for investment of available cash; and

WHEREAS, the County and local government desire to establish a mechanism by which the aforementioned activities shall occur.

IT IS HEREBY AGREED TO BETWEEN THE PARTIES AS FOLLOWS:

1. **Interlocal Agreement Investment Fund Established**-The County shall agree to establish a fund whereby local government and the County will invest available cash.
2. **Applicability**-All investments placed through the County for the local government will be governed by this agreement. The County may establish minimum criteria for investments to be placed.
3. **Investment Procedures**-Local government shall provide to the County Treasurer, by 4:00 PM of the business day before an

investment is to be made, the following information for fixed rate investment vehicles:

- A. Amount of investment
- B. Investment date
- C. Maturity date

Investment dates for fixed rate investments are Wednesday, Friday, and the last day of each month.

The local government also has the option of investing in the Walla Walla County Investment Pool. There is no minimum investment required for the Walla Walla County Investment Pool. No maturity date needs to be stated. If investments need to be sold for expenditures, one day prior notice via fax/e-mail by 12:00 PM needs to be given prior to withdrawing the funds from the Walla Walla County Investment Pool. (For normal monthly expenditures, receipt of the warrant register is considered notice). A 90 day notice is required for withdrawal of funds over \$2,000,000. If a 90 day notice is not received, any fees incurred to liquidate investments will be the responsibility of the local government requesting the withdrawal. For investments over \$200,000 withdrawn within the last thirty day period and invested outside the Walla Walla County Investment Pool, a penalty will be assessed as if 90 day notice was not received.

If no direction is given as to how the money shall be invested, excess funds will be invested through the Walla Walla County Investment Pool.

County Treasurer may require additional information as needed.

The County shall provide local government with the following type of information:

- 1. Investment Notice (Ledger)
 - A. Purchased amount
 - B. Investment date
 - C. Maturity date (if applicable)
 - D. Interest Rate (if applicable)
 - E. Type of investment
 - F. Financial Institution (if applicable)
 - G. A monthly Walla Walla County Investment Pool Summary statement and Asset and Liability Statement (if applicable).

4. **Payment**-Unless otherwise mutually agreed, all transfers of funds hereunder shall be by electronic funds or by fund transfer within the same bank or by warrant/check. Any bank charges incurred by one party as a result of the other party's failure shall be reimbursed by the party causing the charges to occur.

5. **Portfolio Management**-The County Treasurer shall have sole responsibility in the setting of investment strategy for the interlocal agreement investment fund. Any investments made hereunder shall be made with the exercise of that degree of judgment and care, under circumstances then prevailing, which persons of prudence, discretion, and intelligence exercise in the management of their own affairs not for speculation but for investment, considering the probable income to be derived. The County Treasurer shall place such investments in authorized instruments as indicated in the Walla Walla County Treasurer Investment Policy adopted February 13, 2017 or as amended by the Walla Walla County Finance Committee and County Legislative Authority.

6. **Payment of Earnings**-Bank interest payments by check received on investments will be paid to the local government on the next day following receipt of funds by County. All other investment earnings will be paid to the local government the same day on the return of the invested principal.

If the fund is investing through the Walla Walla County Investment Pool, interest earnings will be distributed on the last calendar day of each month, and reinvested with the designated fund on the last calendar day of each month; however, the interest figure may not be available until approximately the fifth or sixth business day of the following month. (This time frame allows for receipt by the Treasurer of related financial information from the financial institutions regarding the earnings of certain investments.)

7. **Investment Service Fee**-In exchange for services provided, local government agrees to pay investment fees to the County. RCW 36.29.024 states the County Treasurer may deduct the amount necessary to reimburse the Treasurer's office for the actual expenses the office incurs and to repay any county funds appropriated and expended for the initial administrative costs of establishing a county investment pool provided in RCW 36.29.022. Any credits or payments to political subdivisions shall be calculated and made in a manner which equitably reflects the differing amounts of the political subdivision's respective deposits in the county investment pool and the

differing periods of time for which the amounts were placed in the County investment pool. The fee schedule may be modified by the County upon ten (10) days' prior notice to local government. Any changes shall apply only to investments placed after the effective date of the notice.

The fee charged on investments placed outside the Walla Walla County Investment Pool is 5% (five percent) of interest earnings, to a maximum of \$50.00 (fifty dollars) for each transaction, whichever is less.

The fee charged for participating in the Walla Walla County Investment Pool is currently 4.0 (four) basis points. The service fee rate is assessed on the average monthly balance for each investment fund. This amount will be reviewed on a semi-annual basis to determine if County's actual costs are being met. The fee will automatically be deducted on the last calendar day of each month.

8. **Authorization**-Each of the parties shall deliver to the other party a list of persons authorized to act hereunder. Neither party is required to accept or act upon instructions received from any person not so designated.

9. **Duration and Termination of Agreement**-This agreement shall become effective on the date the agreement is executed by the County and local government and shall renew automatically from year to year thereafter, provided that any party herein shall have the right to terminate this agreement for any reason whatever upon giving the other party sixty (60) days' written notice in advance of the date sought for such termination. Local government may terminate upon written notification to the County within the ten (10) days notice provision of Section 7 should such fee modification be unacceptable to local government.

10. **Modification and Amendments**-No amendment or modification of this agreement may be made unless such amendments or modifications are in writing and executed by both participating governmental bodies.

11. **Venue**-This agreement has been and shall be considered as having been made and delivered in the state of Washington, and it is mutually understood and agreed by each party hereto that this agreement shall be governed by the laws of the State of Washington, both as to performance and interpretation.

12. **Partial Invalidity**-In the event of invalidity or unresolved ambiguity of any provision of this agreement, the remaining provisions shall nevertheless continue to be valid and enforceable.

13. **Filing of Agreement**-As provided by RCW 39.34.040, this agreement shall be filed with treasurer of local government, Walla Walla County Treasurer and with the Walla Walla County Auditor.

Introduction

Background

Victims of Crime Act

This opportunity is possible per federal Victims of Crime Act funding.

The federal Crime Victims Fund, established by the Victims of Crime Act of 1984 (VOCA), serves as a major funding source for victim services throughout the country. The primary purpose of the VOCA Victims Assistance grant is **to support the provision of direct services to victims of crime.**

VOCA funds are allocated annually to each State by the U.S. Department of Justice, Office for Victims of Crime (OVC). The Office of Crime Victims Advocacy (OCVA), housed within the Washington State Department of Commerce, is the State Administering Agency (SAA) of VOCA funds and sub-grants these funds to victim service providers throughout the state¹.

VOCA State Plan

Washington State's VOCA State Plan provides guidance on how VOCA funds are distributed.

To develop this plan, OCVA established a group to conduct a statewide planning process. The process included multiple opportunities for input from crime victims, victim service providers, law enforcement, the courts, and other interested parties. The input yielded substantial consensus on key unmet needs of victims of crime and major challenges confronting service providers.

The VOCA State Plan, first developed for 2015 – 2019, has been extended based on stakeholder feedback and support.

¹ Department of Commerce also sub-grants these funds to victim service providers through an interlocal agreement with the Department of Social and Health Services (DSHS).
