Re: Comprehensive Emergency Management Plan

Dear Ms. Jessee:

Thank you for submitting your Comprehensive Emergency Management Plan (CEMP) for our review, as required of all independent local emergency management organizations as defined by Chapter 38.52.070 RCW.

Our local jurisdiction plan review criteria measure a plan's consistency with the National Planning Frameworks, the National Incident Management System, and consistency with the CEMP while complying with the content requirements of Title 118-30-060 WAC and Chapter 38.52.070 RCW. Our evaluation also takes into consideration the unique needs and circumstances of your jurisdiction.

Based on these review factors, your CEMP and Emergency Support Functions meet these standards.

To ensure that your jurisdiction remains eligible for the Emergency Management Performance Grant (EMPG) funding program, please submit your maintenance schedule (in accordance with Title 118-09-030 WAC) as part of your annual EMPG application for funding. You will need to submit your updated CEMP to Washington State Emergency Management Division again in five years. Congratulations on this significant endeavor. For additional information and assistance, my point of contact is Jacob Rain, Emergency Planning Program Coordinator – 253-512-7154, Jacob.Rain@mil.wa.gov.

Sincerely,
