

**TOWN COUNCIL
WATERTOWN, CONNECTICUT**

MONDAY, JULY 17, 2023

**PUBLIC INFORMATIONAL MEETING – 6:30
(ADA Sidewalk and Ramps Rehabilitation Project)**

**REGULAR MEETING – 7:00 P.M.
MINUTES**

**WATERTOWN TOWN HALL
TOWN COUNCIL CHAMBERS
61 ECHO LAKE RD.
WATERTOWN, CT 06795**

1. Call Meeting to Order.

Chairman Jonathan Ramsay called the meeting to order at 7:00 p.m.

2. Pledge of Allegiance.

Chairman Jonathan Ramsay led the pledge of allegiance.

3. Roll Call.

PRESENT: Jonathan Ramsay, Chair
Mary Ann Rosa, Vice Chair
Ken Demirs
Robert Desena
Anthony DiBona
Gary Lafferty
Denise Russ
Rachael Ryan (zoom)

ABSENT: Robert Retallick

OTHERS PRESENT: Mark Raimo, Town Manager
Susan Zappone, Assistant Town Manager/Finance Director

4. Recognitions.

Mark Raimo, Town Manager read a letter from Police Chief Joshua Bernegger and recognized Detective Mark Conway.

5. Minutes.

a. June 19, 2023 Special Town Meeting BOE Appropriation

Motion: Mary Ann Rosa seconded by Ken Demirs: I move to approve the Special Town Meeting BOE Appropriation minutes dated June 19, 2023, as presented.

Aye: 5 Ramsay, Rosa, Demirs, Desena, Lafferty

Nay: 0

Abstain: 3 DiBona, Russ, Ryan

Motion passes

b. June 19, 2023 Special Town Meeting ARPA Appropriation

Motion: Mary Ann Rosa seconded by Ken Demirs: I move to approve the Special Town Meeting ARPA Appropriation minutes dated June 19, 2023 as presented.

Aye: 5 Ramsay, Rosa, Demirs, Desena, Lafferty

Nay: 0

Abstain: 3 DiBona, Russ, Ryan

Motion passes

c. June 19, 2023 Special Town Meeting Water & Sewer Appropriation

Motion: Mary Ann Rosa seconded by Ken Demirs: I move to approve the Special Town Meeting Water & Sewer Appropriation minutes dated June 19, 2023 as presented.

Aye: 5 Ramsay, Rosa, Demirs, Desena, Lafferty

Nay: 0

Abstain: 3 DiBona, Russ, Ryan

Motion passes

d. June 19, 2023 Regular Meeting

Motion: Mary Ann Rosa seconded by Ken Demirs: I move to approve the Regular Meeting minutes dated June 19, 2023, 2023 as presented.

Aye: 5 Ramsay, Rosa, Demirs, Desena, Lafferty
Nay: 0
Abstain: 3 DiBona, Russ, Ryan

Motion passes

e. June 27, 2023 Special Town Meeting Steele Brook Greenway Appropriation

Motion: Mary Ann Rosa seconded by Ken Demirs: I move to approve the Special Town Meeting Steele Brook Greenway Appropriation minutes dated June 19, 2023 as presented.

Aye: 5 Rosa, Demirs, Desena, Lafferty, Russ
Nay: 0
Abstain: 3 DiBona, Ramsay, Ryan

Motion passes

6. Chairman's Report

a. Correspondence.

1. Resignation from Pierre Moran as a member of the Conservation Inland/Wetlands Agency, dated July 7, 2023
2. Letter concerning Hamilton Avenue paving request from Cheryl S. Johnson, dated July 6, 2023.

7. Town Manager's Report.

Mark Raimo reported:

1. I would like to thank Chief Bromley, Chief Bernegger and Jerry Lukowski, Public Works Director for their efforts over the weekend. We received a substantial amount of rain and all of our department heads were out monitoring the storm. We had a last-minute call with the state on Saturday night and I was very happy everybody responded and jumped on that call so we can better plan for the incoming rain. Thanking for coming and taking care of business.
2. I would like to recognize Lisa Dalton this year she has applied for the grant for historic documentation. That has been awarded and she is working through the process.
3. We have executed the master municipal agreement for the Guernseytown Road projects. The project has been awarded and we are moving forward

with the process of the reconstruction of West Road and Guernseytown Road.

4. I have been working with CCM, I have identified somebody to work with your request for us to look at shared services with the BOE. We are working through a contract before I would bring it to the council to review and understand what our request would be for this person to assist the town.

5. An update regarding the water, we have received numerous complaints regarding dirty water in our water & sewer system. Waterbury had a break of their 42-inch line in the area of Thomaston. They are in the process of attempting to repair that. Some of the back flow has reached into our system and some of our citizens are receiving brown water. It is safe for them to consume but it is a very disturbing color. Additionally, we have sent out two robocalls to all water & sewer customers to be aware of the situation and we will also send out additional social media posts so that we can notify all the citizens in town. The anticipated fix is sometime on Thursday or Friday and then it will take a couple days for us to flush the system out so that the water then is returned to a clean type of water.

8. Subcommittee Reports.

Senior Tax Relief Sub-committee will be meeting tomorrow at 5:30 for continued discussions.

9. New Business

- a. Consider a resolution authorizing the use of various bidding cooperatives and the State of Connecticut for Fiscal Year 2023-2024.

R E S O L U T I O N

WHEREAS, Town Council approval is required for waiving the bid process and awarding a contract to the lowest responsive, responsible bidder; and

WHEREAS, Town Council authorization is required for any purchase exceeding \$25,000 that has not been independently bid by the Town's Purchasing Agent; and

WHEREAS, various equipment, materials and supplies required to be furnished to the Town of Watertown have been formally bid by various agencies and

cooperative bidding resulting in such lists being available to the Town of Watertown; and

NOW THEREFORE BE IT RESOLVED, that the Watertown Town Council hereby authorizes the Purchasing Agent of the Town of Watertown to utilize the following bids for the purchase of various equipment, material, supplies and services resulting in the satisfaction of bidding requirements and no waiver being required:

SourceWell
TIPS-The Interlocal Purchasing System
CREC-Capital Region Education Council
NVCOG-Naugatuck Valley Council of Governments
CCM-Connecticut Conference of Municipalities
CRCOG-Capital Region Council of Governments
NHCOG-North West Hills Council of Governments
State of Connecticut Department of Administrative Services

BE IT FURTHER RESOLVED, that this Resolution shall remain in effect for Fiscal Year 2023-2024.

Dated at Watertown, Connecticut this 17th day of July, 2023

Jonathon Ramsay, Chair
Watertown Town Council

Motion: Mary Ann Rosa seconded by Ken Demirs: I move to approve a resolution authorizing the use of various bidding cooperatives and the State of Connecticut for Fiscal Year 2023-2024.

Denise Russ asked if it could be explained further.

Mark Raimo, Town Manager answered we will be bidding so we could use the co-ops in addition to our bidding process. Things such as trucks we may be going to Source Well or as we have in the past purchased vehicles through the Department of Administrative Services through the state. This is just giving us the other opportunity to obtain lower pricing by combining together with other municipalities. But if we find that the prices are higher and it would benefit us to go to a bidding process we are certainly willing going to do that.

Denise Russ asked if we are going out for police cars or anything like that, we would use this for a cheaper price or would it go out to bid separately.

Mark Raimo, Town Manager answered it would be an additional option for us to look at types of co-ops that are available to us.

Motion passed unanimously

- b. Consider the adoption of the *Guidelines for the Conduct of Town Council Meetings*, as updated.

Motion: Mary Ann Rosa seconded by Ken Demirs: I move to adopt the adoption of the *Guidelines for the Conduct of Town Council Meetings*, as updated.

Vice Chair Mary Ann Rosa read the guidelines.

See attached

Gary Lafferty asked each person is only allowed 5 minutes for the meeting, can they come up for a second time after they have already spoke.

Chair Jonathan Ramsay answered 5 minutes total.

Denise Russ asked this guideline we just received in this packet has one extra item than the original one we adopted which is item d. The public comment can only be permitted if it is specifically listed on the agenda. I need an explanation of that, is that stating that anyone from the public can't come up and talk about anything that isn't on tonight's agenda.

Chair Jonathan Ramsay answered public comments shall only be permitted if it is specifically listed as an agenda item for the meeting and only at the time when it is listed. If you recall when we have special meetings there is typically not public comments on the agenda. Tonight's meeting towards the end of it we do have our public comment, that is where they are able to speak. If it is not specifically listed on the agenda there is not a public comment for that meeting.

Denise Russ asked tonight at public comment they can speak about anything that isn't being talked about tonight, they are not limited.

Chair Jonathan Ramsay answered as long as it does not go against any part of the policy that is correct.

Motion passed unanimously

- c. Consider the correction of a scrivener's error in Ordinance 12-05-22-309, entitled "An Ordinance Establishing Restrictions on Amplified Noise" as passed by the Town Council on December 5, 2022.

Motion: Mary Ann Rosa seconded by Ken Demirs: I move to authorize the correction of a scrivener's error in Ordinance 12-05-22-309, entitled "An Ordinance Establishing Restrictions on Amplified Noise" as passed by the Town Council on December 5, 2022 as follows:

Section 12-38 subsection 2 of the Ordinance provides "No motor or recreational vehicle shall emit noise in excess of noise levels as specified in section 13-82 of this Ordinance." The reference to "Section 13-82 of this Ordinance" is incorrect as there is no section 13-8.

Therefore, the notation should be corrected to indicate 12-41.

Chair Jonathan Ramsay stated the ordinance in generally does not change except for the reference to Section 12-41.

Motion passed unanimously

- d. Discussion regarding the Watertown Centennial Memorial Fund which is in place for the care and maintenance of the Gazebo on the Watertown Green.

Chairman Jonathan Ramsay stated Mark can you fill in some of the blanks, our understanding is the members of Watertown Centennial Memorial Fund are low in number and we need to get a couple more people there.

Mark Raimo, Town Manager answered that is correct from what I understand the Historic District may have appointed somebody to that committee. The Treasurer of that committee is no longer living in Watertown. There is some money in an account that is being held by that individual. He is asking that the Town Council appoint somebody to that committee, if the Historic District appoints somebody and there is one other position, the Veterans Council, I believe that is one of our new committee members. We can then take that money and do the repairs on the gazebo. It would be in my opinion the money should be taken back over by the town and the town control the money so that we don't run into this issue again. In addition the town in the past has paid for all of the repairs to the gazebo and really has not taken any money out of that fund. Fourteen thousand dollars is not a lot of money compared to what the number of repairs are. It is important for the town to maintain the gazebo and to move forward with the recommendations by Attorney Jessell.

Town Attorney Paul Jessell stated what we need to do is get a fully constituted board whoever needs to appoint someone else and I can get that information to the Town Council tomorrow morning. More importantly, the town has been making all the repairs, there is \$14,000 dollars left. Lisa Carew, Park & Recreation has indicated there are significantly more than \$14,000 worth of repairs to be done at this point in time and there will be ongoing repairs. My recommendation was that we get 3 new appointees in place. That we request that the appointees terminate their organization and that the money be turned over to the Town Council to be put in a separate fund for gazebo maintenance and repair. There is no mechanism in place for fund raising from this current organization which there was several years ago. It seems we should make use of this money, if we can budget it fine. If we can't we are going to have to make repairs to the gazebo as a town matter anyway.

Chair Jonathan Ramsay asked in your recommendation as far as tonight is concerned what should our actions be or wait to get more answers?

Town Attorney Paul Jessell answered unfortunately I had a memo and did not bring it with me. My understanding is that the Town Council does not have an appointment and that you need to make a new appointment to the committee so that we have full committee with the request that the committee then vote to dissolve and put the money with the town in a dedicated fund. I don't want the money to be mixed in the general fund.

Gary Lafferty asked I know we have already one representative and there is one vacant and there is one person from the Veterans Group. Are you talking about dissolving that committee and starting over.

Vice Chair Mary Ann Rosa answered just adding to, I was on the original gazebo committee I would like to serve on it again.

Jerry Pia, West Road stated I love your city I was very involved I was on the Stamford Board of Education for 24 years, I was on the Board of Reps for 8 years, ran a community center for 40 years. If you just want to give the money to the city then that is fine. My wife and I we sing a lot up here; we are at the gazebo every other Thursday or sometimes Wednesday due to the rain. We sing there for free and we have good time the gazebo is really nice. I am the new Musical Director at the Methodist Church, Sue sings in the choir I have been the President of the Historical Society Museum and they asked me since I was there involved with the gazebo. Your Park & Rec Department here is phenomenal. If Lisa Carew would be your person from the city, Town Council, the Veterans Council I met with them yesterday. All the different VFW's they are going back to their respective people, and have a meeting, they have a meeting in September and the three of us can sit down. If we could help out with repairs that would be great, if we could raise money I ran 3 different non-profits. I am not saying I can raise \$50,000 but I think it is worth a shot to at least the committee to do something for a little while.

Town Attorney Paul Jessell added I don't think that you are prepared to make an appointment at this point in time. We have one other appointment that needs to be made. If they want to get together and try to fund raise, fine. But the bottom line is according to the information that Lisa Carew have given to us, significantly more than \$14,000 worth of repairs are currently required. My recommendation was based on the fact the money available wouldn't take care of the current repairs and the Town of Watertown is going to end up doing it anyway. My only caveat in my mind is that money should not be put into the general fund. Now if the committee wants to get together and start fund raising again then that is fine. They don't necessarily have to dissolve but at some point, in time the \$14,000 needs to go into the gazebo.

Anthony DiBona asked it is a 501-c3 does it say that is has to be terminated or is it going to be dispersed to the town in a sperate fund.

Town Attorney Paul Jessell answered there was actually a court ruling that said if they dissolve the money could go to the Town of Watertown. Originally that was not the case but they actually went to court and got that done. The corporation was set up by Bill Burontae who is no longer around. A good number of the people involved in the creation of this organization are no longer here not much has happened with this organization in a lot of years, the town has been doing all the repairs up until now.

Vice Chair Mary Ann Rosa added I commend the gentlemen that just spoke to us about his interest and efforts to raise money or do something but I don't only believe that is the way to go. I was on that original committee and over the years have watched what's happened and there isn't any way to continually raise the money that is needed to keep that in repair and keep it the way we want it to be in the center of town. I believe our Park & Recreation Department does a wonderful job there and I think they should oversee it and the committee should be disbanded and the funds turned back to the town so we can do whatever we need to do however much it cost.

Town Attorney Paul Jessell added the decision to dissolve would be the committee. It could be a recommendation from the Town Council.

Jerry Pia stated there is a lot of great contractors up here that may do stuff for free, the people really love that structure. Give the council until the end of December to see if they could do anything and then we meet in January and disband. I understand where you are coming from but if you can save the city some money \$14,000 plus whatever we can raise and get done Lisa gave me a list of what has to be done, I appreciate you letting me talk.

Chair Jonathan Ramsay stated my recommendation is to hold off until the next meeting to appoint anyone. Unless there is any objection from Town Council and or Town Manager and then we will go from there.

Hearing none.

- e. Consider authorizing the Town Manager to execute an agreement with Mark Greenberg for the development and purchase of property located at 666-686 Main Street, Watertown.

Motion: Mary Ann Rosa seconded by Ken Demirs: I move to authorize the Town Manager to execute an agreement between the Town of Watertown and Main Street, LLC on behalf of the Watertown Town Council for the development and purchase of property located at 666-686 Main Street, Watertown.

Mark Raimo, Town Manager I wanted to summarize where we are from the last two years to today. Mark Raimo reviewed a slide presentation regarding the Plan of Conservation and Development, the Road Safety Audit with goals, the ARPA Survey, Conceptual Drawings and the property value. As a citizen and the Town Manager it would hopefully rejuvenate and create a better business opportunity for our current business owners. We are consistent with the POCD, the RSA study, and with those individuals who responded to our survey. This is a big economic development piece. It is a tremendous asset for our businesses, investing in ourselves, and anticipated over the last two years we have received 4.4 million dollars in grants. It positions us to receive more money as we move forward as we go after these grants. I will give Mr. Polletta a chance to come up and give the state's perspective.

Joseph Polletta, State Representative stated in speaking with the Town Manager we had a very lengthy conversation about this parcel. The most important thing we tried to focus on was economic development in this town. One thing that merchants and people who visit our town have said that the down town area does not have enough parking. We have seen businesses come and go; we have restaurants that have moved in but from an economic development standpoint it wouldn't make a lot of sense from someone looking to invest in our town to come to the downtown area if there is no parking. It's a safety issue we can recall a number of years ago we had a couple of pedestrians hit on Main Street. Promptly my office got involved prior to the Town Manager being here to order a Road Safety Audit about the need for better signage on the road and more paint. We took a ride up to the DOT and met with the commissioner in his office and spent a lot of time there discussing the need for more safety mechanisms along Main Street reflecting flashing beacons, widening the road a lot of things were thrown out there. We have parking on both sides of the road that becomes a safety issue because when the snow gets piled up people park further towards the center of the road. Now you have people trying to

get in their car, cars passing and it becomes an issue with safety. As a result of that Road Safety Audit, we found that we needed more parking. From a state's perspective if you want to get competitive with grants you have to show progress. This would be a tremendous step forward in terms of trying to go after future grants. One of the highlights we would put in the grant to be used to better Main Street, downtown Oakville is to invest in better parking. We are investing in safety mechanism's, a better landscape we need this additional funding to complete the project. It would behoove us to approve the funding for this project and have the Town Manager go forward and purchase the property. I want to stress the importance when we have a project and we move forward with it, it helps us go after funding for future projects, I think this would be a great project to adopt.

Mark Raimo, Town Manager read a statement from Joe Seacrist, Economic Development Coordinator.

This statement is in support of 9e on your agenda tonight. In my 17 years as Economic Development Director one of my vexing problems has been the lack of adequate parking for the Main Street merchants voiced both by the citizens and the merchants. Now through the diligent efforts of the Town Manager and the availability of outside funds this problem would be solved and the appearance of downtown would be greatly increased. This project along with the Road Safety Program not only will add additional parking spaces but will make downtown Watertown safer and more attractive. I urge you to approve this project. Joseph Seacrist Economic Development Coordinator.

Anthony DiBona asked about the entrance for the parking is going to be an easement, who is going to be maintaining that easement?

Mark Raimo, Town Manager answered I don't want to speak out of turn we have not gone that far.

Town Attorney, Paul Jessell answered Mr. Greenburg already has easements leading to Woodruff and Main Street and the contract simply provides that he will make them available to us, it does not impose any burden on us for maintenance.

Chairman Jonathan Ramsay stated for the record does the contract includes conduit for a parking meter and for EV charging or will you look into that after the fact.

Mark Raimo, Town Manager answered that is correct there is enough grants out there I think we could get the EV chargers without any cost to the town, we are working with vendors to go through that and as far as the parking meter there would be an additional 14 to 15 thousand dollars that would actually buy a unit, so the cost is more minimal.

Ken Demirs asked where do we stand on egress onto Main Street you don't see any issues in getting the DOT to give us that curb cut. If we did run into a problem, would we still be doing the project and just using the backside of the parking lot as your entrance and egress.

Mark Raimo, Town Manager answered I think the southbound exit the egress on Main Street is an important part to facilitate the flow of traffic. I have reached out to the State of Connecticut, we have already applied for that curb cut and I talked to the person we applied to and discussed the possibility of this being rejected and he said the state will do whatever it has to, to work with the town. But of course, there is never a promise with that. He doesn't feel that this would be an issue for us to get that curb cut.

Ken Demirs asked if the Town Attorney is comfortable with the contract?

Town Attorney Paul Jessell answered has gone through several iterations, I think it adequately covers the town in terms of what we need to do and adequately imposes the burdens on Mr. Greenburg for what he needs to do.

Ken Demirs asked the EV charging stations you are pretty comfortable with the grant money that there is plenty of money out there to get those EV charging stations as part of the project?

Mark Raimo, Town Manager answered I don't want to state I was told these are free but I was told there is enough money out there to get us the EV chargers without cost to the town. When pen goes to paper obviously sometimes things change but there is definitely enough money out there for us to install those.

Chairman Jonathan Ramsay added it depends on what brand and what the agreement is.

Ken Demirs thanked the Town Manager for the presentation.

Gary Lafferty asked you said with the access of leaving the property on Main Street is going to be right turn only. I was wondering we should we have the same thing on Woodruff right turn only.

Mark Raimo, Town Manager answered we have not discussed that, I would have to give that some thought I don't think it is much of an issue I would hope the offices uses it consistently. The individuals who use the back property of Greenburg Music and it has not been an issue. I will talk with the engineers to talk through that issue.

Town Attorney Paul Jessell added from his personal knowledge as a former tenant of Mr. Greenburg's building in the back there. It's never been a problem leaving

there in either direction and there are a lot of people leaving there. Woodruff Avenue does not get the travel that Main Street does.

Aye: 7 Ramsay, Rosa, Demirs, Desena, Lafferty, Russ, Ryan

Nay: 0

Abstain: 1 DiBona

Motion passes

- f. Consider a resolution authorizing tax refunds.

RESOLUTION

WHEREAS, taxpayers have made applications for property tax refunds in accordance with C.G.S. Section 12-129 *Refunds of Excess Payment*:

WHEREAS, the Tax Collector recommends that the refunds be made in accordance with the provisions of Section 12-1298;

NOW THEREFORE BE IT RESOLVED, that the Town Council approves the attached listing of tax refunds.

Dated at Watertown, Connecticut this 17th day of July, 2023.

Jonathan Ramsay, Chairman
Watertown Town Council

See attached

Motion: Mary Ann Rosa seconded by Ken Demirs: I move to approve the resolution authorizing tax refunds.

Motion passed unanimously

10. Public Comment

Chairman Jonathan Ramsay read the rules for public comment.

Katherine Camara, 31 Cottage Place asked questions about Public Participation. She liked the presence of the Police at the meetings and would like to see it at Planning & Zoning.

Ms. Camara talked about legal cases and the request for admissions and asked about criteria for monitoring of legal counsel as far as court.

Al Mickel, 95 Woodvine Avenue asked about Public Comment with comments and questions being allowed and asked if answers will be given. Mr. Mickel talked about the 5 minutes rule carried out for a year with 24 meetings a year giving ever person in town and hour to talk about the town to you and thought it was lean. He asked if police presence will be here all the time. Mr. Mickel talked about the health study audit and the time it takes.

11. Adjournment.

Motion: Mary Ann Rosa seconded by Anthony DiBona: to adjourn the Regular Meeting at 8:05 p.m.

Motion passed unanimously

Respectfully submitted,

Jonathan Ramsay, Chair
Watertown Town Council

Agenda Item: 9(b)

Guidelines for
the Conduct of
Town Council Meetings

PURPOSE

The Town Council has a significant interest in conducting its meetings in an orderly, efficient, effective and dignified manner. To that end, the Town Council hereby enacts the following guidelines for the conduct of Town Council meetings.

RUNNING THE MEETING

- a. The Chair of the Town Council, or any council member acting as Chair, shall have control of the meeting at all times.
- b. All comments or questions by members of the public, council members or staff are to be made through the Chair.
- c. There shall be a five-minute time limit per speaker, per meeting, and it shall be called Public Comment.
- d. Public Comment shall only be permitted if it is specifically listed as an agenda item for the meeting, and only at the time when it is so listed.
- e. The Chair shall have the right to stop any speaker during Public Comment who is being repetitive or confrontational, or who makes any personal, rude or slanderous remarks about anyone, or who raises any issues concerning personnel matters.
- f. Any person failing to abide by these guidelines or who is otherwise disruptive of the process in the opinion of the Chair will be asked to stop immediately, and if the behavior persists, the Chair may ask them to leave the meeting, or may have them removed.

The guidelines for running the meeting shall be read at the beginning of Public Comment by the Chair of the meeting.
