All of the Corporate Powers heretofore enjoyed by the Oakville Fire District by virtue of its Charter, together with all additional powers conferred by amendments to its charter or conferred by the provisions of the General Statutes of the State of Connecticut, as made and provided from time to time shall continue to accrue to and inhere in the Town of Watertown without diminution by reason of this Consolidation Ordinance.

(b) Such transition of personnel and authority shall not be later than the first day of July, 1970.
II.5 **Repeal of Existing Charters.** All ordinances, charters, amendments and by-laws of the Oakville Fire District and all special acts of the State of Connecticut pertaining to the Oakville Fire District except the Act Concerning the Establishment of a Consolidation Commission as may be inconsistent with the Consolidation Ordinance are repealed hereby.

III. **Creation of a Water and Sewer Authority**

A Water and Sewer Authority in accordance with the General Statutes of the State of Connecticut, Revision of 1958, and the Charter of the Town of Watertown, to be known as the Watertown Water and Sewer Authority, shall be established as provided herein. The principal administrative officer shall be the Town Manager of the Town as appointed by the Town Council.

III.1 **Members.** The Watertown Water and Sewer Authority shall consist of seven (7) members appointed by the Town Council, all of whom shall be residents of the Town outside the boundaries of the Watertown Fire District, as those boundaries now exist or may be hereafter altered. The term of office of each member of the Watertown Water and Sewer Authority shall be three years, with three members’ terms expiring in 1991 and two members’ terms expiring in each of the next two successive years.

III.2 **Powers and Duties.** The Water and Sewer Authority shall have the powers provided by General Statutes to establish, maintain, extend and develop the water and sewer facilities of the Town of Watertown, and operate all such facilities in accordance with the provisions of the General Statutes of the State of Connecticut, the Charter of the Town of Watertown and any applicable Special Acts of the State of Connecticut. Said Water and Sewer Authority is in no way to be construed as an autonomous Authority, but shall be a subordinate body of the Town Council. The Water and Sewer Authority is hereby designated as the Sewer Authority of the Town of Watertown with all of the powers contained therein and pursuant to the provisions of Chapter 103 of the General Statutes.

IV. **Apportionment of Expenditures**

IV.1 **Intent.** It is the intent of this Ordinance that expenditures in the Town of Watertown shall be financed insofar as possible in equitable proportion to the benefits and services received by its inhabitants. The costs of services, facilities and improvements, which are of general benefit and for general governmental purposes, shall be borne by all the inhabitants of the Town.

IV.2 **Definition of Special Benefits.** As of the effective date of this Ordinance, certain services, facilities and improvements are not deemed of general
benefit to the Town but benefit specially some distinct area of the Town or a particular segment of the inhabitants of the Town. These special benefits and general benefits may be redefined from time to time by ordinance of the Town Council upon recommendation of the Watertown Water and Sewer Authority.

**IV.3 Special Benefits Basis for Service Charges.** As of the effective date of this Ordinance, the services and facilities provided by the Town which are deemed of a special benefit nature are:

(a) the development of water resources, including the services and repayment of the debt incurred prior to the effective date of this Ordinance for the construction of water tanks, reservoirs, cisterns, wells, pumps, water mains and hydrants; the service and retirement of the debt of the Oakville Fire District as constituted prior to the effective date of this Ordinance;

(b) the collection and disposal of sewage, including the service and repayment of the debt incurred prior to the effective date of this Ordinance for the installation of sewers and appurtenant facilities by the former Oakville Fire District and the Town.

**IV.4 Special Benefits.** Fire Hydrants, Public Lands and Buildings. No general tax shall be levied on the Town of Watertown to provide for the costs of special benefits and no appropriation shall be introduced or passed by the Town Council to place any burden therefore on the Town of Watertown with respect thereto except as provided in Section IV.6, but the costs of special benefits shall be provided by special assessments, user service charges, special taxes or other charges made against the persons or areas receiving the special benefits, the costs of which shall be met as hereinafter provided. Nothing herein shall be construed as to prevent the Town of Watertown from paying as a general governmental function costs of public fire protection involved in the usage and servicing of fire hydrants and the servicing of public lands, improvements and buildings of the Town of Watertown, or other purposes which the Town Council may from time to time designate by ordinance.

**IV.5 Rates for Water and Sewer Use Charges.** The Water and Sewer Authority may establish just and equitable rates or charges for the use of the Water and Sewer Works System, to be paid by the owner of each lot or building which is connected with and uses such systems and may change such rates or charges from time to time. Such rates or charges shall be sufficient in each year for the payment of the expenses of operation, repair, replacements and maintenance of such systems and for the payment of the
sums herein required to be paid into the appropriate Capital Fund Accounts.

No such rate or charge shall be established until after a public hearing at which the users of the Water and/or Sewer Works Systems and the owners of property served or to be served and others interested shall have an opportunity to be heard concerning such proposed rate or charge. Notice of such hearing shall be given at least ten (10) days before the date set therefor, in a newspaper having a circulation in the Town. Such notice shall set forth a schedule of rates or charges, and a copy of such rates or charges established shall be kept on file in the office of the Authority and in the office of the Town Clerk, and shall be open to inspection by the public. The rates or charges so established for any class of users or property served shall be extended to cover any additional premises thereafter served which are within the same class, without the necessity of a hearing thereon. Any change in such rates or charges may be made in the same manner in which they were established, provided, if any change is made subsequently pro-rata as to all classes of service, no hearing shall be required.

Such rates or charges, if not paid when due, shall constitute a lien upon the premises served and a charge against the owners thereto, which lien and charge shall bear interest at the same rate as would apply on unpaid taxes, if the Authority deems it advisable to file such lien in order to enforce collection. Such lien shall take precedence over all other liens and encumbrances except taxes and may be foreclosed against the lot or building served in the same manner as a lien for taxes.

The amount of any such rate or charge, which remains due and unpaid for thirty (30) days may, with reasonable attorney fees, be recovered by the Authority in a civil action in the name of the Authority against such owner. The Authority has the additional right to shut off services for failure to pay water and/or sewer use charges when past due for sixty (60) days. Such power is in addition to other rights of the Authority as set forth above.

The Town of Watertown shall be subject to the same rates and charges and under the same conditions by class of property served as other users of the Water and/or Sewer Works Systems.

**IV.6 Extraordinary Capital Improvements.** Nothing herein shall be construed to prevent the Town Council upon recommendation of the Water and Sewer Authority or its successor from providing that any land or improvement, building or a part thereof, used or to be used by either the Water System or the Sewage System may be deemed of general benefit to the entire Town and for general governmental purposes and that the cost
thereof shall be borne entirely by all the inhabitants of the Town of Watertown or in a proportion recommended by the Water and Sewer Authority and approved by the Town Council.

V. Extension of Water and Sewage Facilities

V.1 Assessment of Benefits and Damages. Extension of water mains and facilities or sewers may be initiated by the Water and Sewer Authority or by petition by property owners in such manner and in such form as may be prescribed by Ordinance or Regulation. However, when such proposal is initiated, the Water and Sewer Authority shall conduct a thorough investigation of the financial and engineering problems that may be involved in the project, calling upon the assistance of any administrative officer or department, and shall by resolution make a determination whether accomplishment of such project is a matter of public convenience and necessity and should be proceeded with forthwith. The intention of the Water and Sewer Authority to proceed with such work or improvement, including a description in general terms of the lands to be assessed for benefits and an estimate of the cost of such work and improvement, shall be embodied in a resolution which shall be published in the manner provided by Section 307 of the Town Charter. Any person affected may at any time within thirty days after publication of the passage of such resolution appeal to a court of competent jurisdiction on the sole question of the right of the Water and Sewer Authority to proceed with such work or improvement. At the expiration of said thirty (30) days, the Water and Sewer Authority, provided all other provisions of this Ordinance are complied with, may proceed with the actual layout and construction of the work or improvement, without regard to subsequent proceedings concerning the assessment of benefits and damages.

Thereupon, if the owners of property are to be assessed only for the acquisition of land or any interest therein, or rights in, under or over the same, the Water and Sewer Authority shall assess the benefits to be charged and the damages to be credited in respect to each parcel or real estate within the assessment area as determined by the Water and Sewer Authority. If, however, the owners of property are to be assessed for any or all of the cost of constructing the work or improvement, the Water and Sewer Authority shall not proceed with assessment of benefits and damages until the contract or contracts for the work or improvements are let.

The Water and Sewer Authority shall cause its assessment of benefit and damages, in respect to the work or improvements to be done, to be published twice in a newspaper of general circulation in the Town of Watertown and shall file a certified copy thereof with the Town Clerk. The Authority shall
mail, postage paid, a notice of such assessment to each owner of land affected thereby, as the names of such owners appear on the last completed grand list of the Town of Watertown or at any later address of which the Authority may have knowledge, provided failure on the part of any owner or owners of land affected thereby to receive such notice shall not affect the validity of the assessment or any proceedings relating thereto.

V.2 **Assessments.** Entire Cost to be borne by Properties Benefited. In accordance with the provisions of Section IV.4, the entire cost of extension of water mains and sewers are special benefits to be paid, in the form of assessments by the property owners benefited, thereby except in the area of the former Oakville Fire District, such sanitary sewer installations and water installation shall be assessed in the same manner using the same formula and practice in effect prior to adoption of consolidation and that water mains anywhere within the jurisdiction of the Authority be financed by either direct assessment, the issuance of revenue bonds, or by a combination of both methods as determined by the Water and Sewer Authority. However, if extraordinary conditions are encountered, making the cost of such improvements appreciably larger than usual, the Water and Sewer Authority may charge such extraordinary costs to a special contingency fund to be created for said purpose.

V.3 **Collection of Special Assessments.** All amounts due to said Town of Watertown as special benefits under the preceding sections may be collected by warrant under the hand of the Chair of the Water and Sewer Authority directed to the Town Manager, who may enforce the collection of the same in the same manner in which tax warrants are collected. Every such amount shall remain a lien upon the land or other property with reference to which it is made, and said lien shall have the same validity and effect, and be subject to the same liabilities, and be enforced in the same manner as provided in this Ordinance or in the Charter of the Town of Watertown. It is further provided that in no case, either of agreement or assessment, shall the aggregate amount of special benefits exceed the cost of such improvements, including damages paid and construction expenses, as established by the Water and Sewer Authority.

V.4 **Assessment.** Authority Not Limited to Abutting Properties. In assessing benefits for extensions of water services or sewers, the Water and Sewer Authority making the same, shall not be limited to property abutting on said improvements but may assess benefits upon any person whose property in its sound discretion and judgment, is thereby specially benefited. Benefits of a general community nature may be assessed against the Town.
V.5 **Appeals from Assessments.** Any person aggrieved by the assessment of benefits and damage by the Water and Sewer Authority may, at any time within thirty (30) days after the same have been filed with the Town Clerk, appeal to a court of competent jurisdiction, for a reassessment of such damages or such benefit so far as the same shall affect such applicant. Such appeal shall ask for a reappraisal of damages or reassessments of benefits, shall adequately describe the assessment which is being appealed from and the party or parties appealing, the parcel or parcels of property damaged or assessed and included in the appeal, and shall be served upon the Town Clerk in the manner provided for the service of civil process. Any number of parties interested may join in such appeal and if separate appeals are taken by different parties from one assessment or award, all such appeals shall be heard and tried as one cause. The assessment determined by the court shall be conclusive upon such owner and the Town of Watertown. The Town shall pay to any landowner the amount of damages less the amount of benefits assessed in respect of this property upon certification of the amount by the clerk of said court and acceptance thereof by the property owner. Said Clerk shall notify the Water and Sewer Authority in writing when any assessment or reassessment of benefits and damages shall have been accepted. The amount of such benefits, after deducting the amount of damages so assessed by such authority or reassessed by the court, shall constitute a lien upon the land against which said benefits were assessed from the date of the final passage of the resolution of intention to proceed until the amount thereof shall have been paid by the owner of such land to the Town of Watertown, with interest at such rate commencing at such time and with such provision for the payment of the assessment in installments, and the issuance of assessment certificates, as may be provided by Ordinance No such lien shall continue against land unless notice of the same shall be filed by the Water and Sewer Authority with the Town Clerk within thirty (30) days after the filing of such assessment or after the acceptance by the court of such reassessment.
