

## Sidewalk Repair and Replacement Program

Having safe, walkable neighborhoods is a priority for the City of Yelm because it helps support our communities, businesses, and schools. In 2019 we evaluated the condition of all our sidewalks and created a program to provide repair and maintenance. Last year the largest sidewalk and pavement repair projects occurred near CARSTAR, Bob's Bar & Grill, 2<sup>nd</sup> Street to 3<sup>rd</sup> Street and 3<sup>rd</sup> Street to 4<sup>th</sup> Street. Construction began in 2019 and was recently completed last month just in time for people to utilize with the wonderful spring and summer weather. This will be an ongoing effort in years to come. Funding was provided through the City's Road and Street Construction Fund, which is part of the city's General Fund. Hats off to Derek McCoy, the City's Project Manager, who oversaw the whole process both in the office and in the field.
