					Near 2931 S Beale Rd. Project to be performed for Union Pacific Railroad. Project includes excavation for removal of historically buried railroad tank car. Work also includes removal and offsite disposal of up to (300 cu yd - exported) 500 tons of impacted soil and the import of clean backfill material to replace any impacted soil removed from the site. The site will then be restored to existing contours.			
					Applicant to get permission from Railroad company for Right of Way. Yuba County does not give permission of Right of Way for project.			
					Construct grading per approved plans dated 08/02/2022			
					Schedule a pre-construction meeting with Public Works Inspection prior to beginning construction.			
					Maintain construction site in compliance with all current requirements for Storm Water Pollution Prevention using the current Best Management Practices, Public Safety and Air Quality.			
					Obtain all required permits from Federal, State and Local Agencies.
