CONTRACT TO DESILVA GATES)	

WHEREAS, DeSilva Gates Construction (DGC) is installing a batch plant on Western Aggregates' property adjacent Hammonton-Smartsville Road at Hammonton Road, increasing the number of daily trucks accessing the property; and

WHEREAS, approximately \$56,000 in fees are due to the County in association with the use permit for DGC to operate said batch plant; and

WHEREAS, currently there is no left turn lane accessing Hammonton Road from Hammonton-Smartsville Road; and

WHEREAS, to increase safety at the intersection, Western Aggregates and DGC are interested in combining forces with Yuba County Public Works to construct improvements at a significant cost savings to the public, including a left turn lane and right turn acceleration lane; and

WHEREAS, Western Aggregate has agreed to donate the aggregate base and asphalt concrete materials required for the improvements at an estimated value of \$25,000, and DGC has agreed to do the construction at a reduced cost, waiving profit and a sizeable portion of markup for an estimated savings of \$50,000; DGC further agreed to pay one-half of the design costs for the project, and is requesting to apply its fees owed in association with its use permit to this construction; and

WHEREAS, County crews will perform traffic control during construction and staff is requesting your Board allocate approximately \$300,000 in Measure D funds, previously distributed to the Road Fund, to ensure completion of the project; and

WHEREAS, this public private partnership is a creative and rewarding opportunity to make a safety improvement come to fruition that would not otherwise happen.

NOW, THEREFORE, BE IT RESOLVED, that the Board of Supervisors of the County of Yuba hereby:

1. Finds the foregoing recitals are true and correct.
2. Accepts the donations from Western Aggregates and DeSilva Gates Construction for the intersection improvements at Hammonton Smartsville Road and Hammonton Road.
3. Waives the requirement for public bidding as it would not provide any public benefit and would surely result in increased costs and use of taxpayer dollars.
4. Approves the plans and specifications for the subject project and authorizes its construction.
5. Awards a construction contract to DGC for \$290,670.50 upon review and approval by County Counsel as to form and content.
6. Authorizes the expenditure of Measure D funds, already distributed in the Road Fund, in the approximate amount of \$300,000 to complete construction of the improvements.

PASSED AND ADOPTED at a regular meeting of the Board of Supervisors of the County of Yuba, State of California on the 28 day of July, 2020 by the following vote:
