COMPLEX FIRE )**

**WHEREAS**, California Government Code section 8630 and Yuba County Ordinance Code section 4.20 empowers the Yuba County Board of Supervisors, or an official designated by ordinance, to proclaim the existence of a local emergency upon the existence of conditions of extreme peril to the safety of persons and property within the County of Yuba (“County”); and

**WHEREAS**, on September 15, 2020, the County Director of Emergency Services (“Director”) proclaimed a local emergency pursuant to the powers prescribed under County Ordinance Code section 4.20.70(b)(1). Said local emergency arose following the threat of a wildland fire, known as the North Complex Fire which presented the potential to spread from Butte and Plumas counties into the foothills of Yuba County, thereby causing the extended evacuation of a large portion of foothill communities; and

**WHEREAS**, on September 22, 2020 the Board of Supervisors ratified the Director’s proclamation by way of Resolution No. 2020-133; and

**WHEREAS**, California Government Code section 8630(d) further requires the Board of Supervisors to review, at least every sixty (60) days, the need for continuing the local emergency until the termination of such emergency; and

**WHEREAS**, the Board of Supervisors does hereby find that conditions of extreme peril to the safety of persons and property continue to exist within the County caused by the North Complex Fire and, therefore, necessitate the continuation of the local emergency; and

**WHEREAS**, local resources remain insufficient to cope with the effects of said emergency and require the assistance of other political subdivisions.

**WHEREAS**, pursuant to California Government Code section 8630(d), the Board of Supervisors shall terminate the local emergency as soon as reasonably possible.

**THEREFORE, BE IT RESOLVED**, that the Yuba County Board of Supervisors does hereby continue the September 15, 2020 Proclamation of a Local Emergency in Yuba County, and ratified under Resolution No. 2020-133, resulting from the North Complex Fire that had threatened County residents and their property.

**BE IT FURTHER RESOLVED** that, Yuba County does not have adequate resources to respond to the local emergency, **AND IT IS REQUESTED** that the State of California provide assistance through the California Disaster Assistance Act and any funding made available through the Stafford Act, due to the extraordinary measures Yuba County has undertaken to preserve life, property and the environment and the losses suffered by public agencies and local business, as well as provide direct assistance to remove hazardous wastes from property sites within the North Complex Fire area that are toxic, flammable, corrosive, or reactive because of the imminent threat such wastes pose to public health and safety.

**PASSED AND ADOPTED** at a regular meeting of the Board of Supervisors of the County of Yuba, State of California on the   9   day of   November   2021.
