

**YUBA COUNTY PUBLIC WORKS
REQUIREMENTS FOR POOLS
(Urban Areas)**

Prior to building permit issuance for pools, the following is required:

- Sign disclosure stating condition of existing facilities.
- In the event of existing damage, provide pictures and/or description of damages to existing street, curb and gutter, sidewalk, landscape strip or irrigation systems adjacent to project property (pictures must include distinguishing characteristics that locate the particular damage to facilities).
- Pay Public Works Inspection Fee – \$155.82

Prior to requesting a final inspection from the Building Department, the following is required:

- Any damage to the street, curb and gutter, sidewalk, landscape strip, and irrigation systems that are damaged due to construction shall be repaired/replaced and left in good working order.
- Replace sod and landscaping disturbed by construction to original condition prior to construction.
- Call public Works for a final inspection of facilities – (530) 749-5656.

DISCLOSURE
